INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Gentiva Health Services Retirement Savings Plan

We have audited the accompanying statements of net assets available for benefits of Gentiva Health Services Retirement Savings Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Gentiva Health Services Retirement Savings Plan as of December 31, 2009 and 2008, and the changes in its net assets available for benefits for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information included in Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

GENTIVA HEALTH SERVICES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2009 and 2008

Note 1 Description of Plan

The following description of Gentiva Health Services Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide certain employees of Gentiva Health Services Inc. and certain subsidiaries ("the Company") with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Transfer to a related plan

With respect to the sale by the Company of a controlling interest in CareCentrix, Inc. on September 25, 2008, CareCentrix, Inc. established the CareCentrix Retirement Savings Plan ("new plan") as a new, separate plan effective April 1, 2009. Effective April 1, 2009, those eligible employees of CareCentrix, Inc. ceased to participate in the Plan and became eligible to participate in the new plan. In connection with this spinoff, Plan assets totaling \$2,838,939 were transferred to the new plan.

Eligibility

All administrative associate employees of the Company are eligible to participate in the Plan as soon as administratively possible following their date of hire. Highly compensated employees, as defined, are not eligible to participate in the Plan.

Participant contributions

Eligible participants may make voluntary contributions through salary reductions from 1% to 100% of their annual compensation on a pre-tax basis, on an after-tax basis up to 20%, or any combination thereof. Pre-tax contributions are limited to the maximum amount allowable under the provisions of the Internal Revenue Code (\$16,500 in 2009). Further, participants who are 50 years of age or older as of December 31, 2009 may contribute an additional "catch up" contribution (\$5,500 in 2009). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer contributions

The Company, at the discretion of the Board of Directors, may make matching contributions for a plan year. During 2009, the Company made a matching contribution of 50% of every dollar contributed not to exceed 6% of the participant's eligible wages. The Company may also make a discretionary contribution as determined each year by the Company's Board of Directors. There was no discretionary contribution for the year ended December 31, 2009.

Participants' accounts

Each participant's account is credited with their respective contribution and its allocation of (a) employer contributions and (b) Plan earnings or losses. Plan earnings or losses are allocated based on account balances by investment option.

GENTIVA HEALTH SERVICES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2009 and 2008

Note 1 **Description of Plan (continued)**

Vesting

Participants' voluntary contributions and earnings thereon vest immediately. Participants vest in employer contributions ratably over 5 years, beginning with the second year of service. In the event of death, disability, or attainment of age 65, participants' accounts become fully vested.

Payment of benefits

Upon termination of employment, retirement, attainment of age 59 ½, death, or disability, the participant or the participant's beneficiary is entitled to receive the vested portion of the participant's account in a single lump-sum or installment payments, in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions. Participants may take withdrawals of their after-tax contributions and/or rollover contributions and earnings thereon at any time. Further, withdrawals of pre-tax contributions before leaving the Company are available for special "hardship" reasons (as defined). Such withdrawals will only be permitted after the participant has withdrawn all amounts in his or her account attributable to after-tax contributions. Distributions to participants are recorded when paid.

Loans to participants

Participants may borrow up to 50% of their vested account balance with a minimum of \$1,000 and a maximum of \$50,000. Loans are subject to the approval of the plan administrator and the interest rate is set periodically to be in line with current market rates for similar types of loans. Loan terms range from one to five years. However, if the loan is to acquire the principal residence of the participant, then the term may be extended to a reasonable period of time. Loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Investment options

The Plan's investments are participant-directed, utilizing certain investment options offered by Prudential Retirement Insurance and Annuity Company ("Prudential") including nine mutual funds, a money market fund and a guaranteed interest contract.

Forfeitures

The Plan provides that forfeitures, the unvested portion of employer contributions for terminated participants, will serve to reduce future Company contributions. As of December 31, 2009 and 2008, forfeited non-vested amounts totaled \$28,069 and \$138,750, respectively. During the year ended December 31, 2009, the Company used forfeitures of \$499,003 to reduce matching contributions.

Note 2 **Summary of significant accounting policies**

The following is a summary of significant accounting policies followed by the Plan:

GENTIVA HEALTH SERVICES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2009 and 2008

Note 2 **Summary of significant accounting policies (continued)**

Codification of accounting standards

On July 1, 2009, the Financial Accounting Standards Board ("FASB") issued FASB Accounting Standards Codification ("ASC") 105, "Generally Accepted Accounting Principles," which establishes the FASB ASC as the sole source of authoritative generally accepted accounting principles ("GAAP"). Pursuant to the provisions of FASB ASC 105, the Company has revised its financial statement disclosures by eliminating specific references to standards and has adopted the "plain English" approach in describing its adherence to certain standards. The adoption of FASB ASC 105 did not impact the Plan's net assets or change in net assets.

Accounting method

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment valuation and income recognition

Loans to participants are stated at amortized cost, which approximates fair value. All other Plan investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. The fair value of the guaranteed investment contract is derived by Prudential by calculating a market value adjustment ("MVA") as outlined in the contract. The MVA is the difference between the crediting interest rate of the contract and the market rate of interest at year end for similar contracts. The MVA cannot exceed contract value.

Accounting standards require investment contracts, held by a defined-contribution plan, to be reported at fair value. However, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by accounting standards, the statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on an average current cost basis, based on fair market value of the investments at the beginning of the Plan year or at the time of purchase during the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

GENTIVA HEALTH SERVICES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2009 and 2008

Note 2 Summary of significant accounting policies (continued)

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Administrative expenses

Administrative expenses of the Plan are paid by either the Plan or the Company, as provided in the Plan document.

Fair value

Accounting standards provide a common definition of fair value and establishes a framework to make the measurement of fair value in generally accepted accounting principles more consistent and comparable. Accounting standards also require expanded disclosures to provide information about the extent to which fair value is used to measure certain financial assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings. The Plan's financial assets and liabilities reflected in the financial statements at fair value include its investments (see Note 9).

Subsequent events

The Company has evaluated subsequent events through July 27, 2010, which is the date the financial statements were available to be issued.

Note 3 Investments

Individual investments that represent 5% or more of the Plan's total net assets as of December 31, 2009 and 2008 are as follows:

	<u>2009</u>	<u>2008</u>
Mutual Funds:		
Allianz NFJ Small Capital Admin Fund	\$ 6,341,860	\$ 4,027,855

Guaranteed Investment Contract (at contract value):		
Guaranteed Interest Account	\$ 21,354,625	\$ 18,625,688

GENTIVA HEALTH SERVICES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2009 and 2008

Note 3 **Investments (continued)**

** Individual investment did not exceed 5% of the Plan's net assets as of December 31, 2008.

During the Plan year ended December 31, 2009, the Plan's investments (including gains and losses on investments bought, sold, as well as held during the year) appreciated by \$15,006,951.

Note 4 **Tax status**

The Plan is designed to be exempt from taxation under the Internal Revenue Code ("IRC"). The Company has received a determination letter dated May 19, 2008, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the IRC. The Company believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 **Related party transactions**

Certain Plan investments are shares of mutual funds or units of guaranteed interest contracts managed by Prudential. Prudential is the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 6 **Plan termination**

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time by resolution of the Board of Trustees, subject to the provisions of ERISA. In the event that the plan and the related trust terminate, all accounts will be valued as of the termination date, participants will become 100% vested in their accounts and the account balances will be distributed in full to participants.

Note 7 **Investment contract with insurance company**

The Plan and the related Trust entered into a benefit-responsive investment contract with Prudential. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits at fair value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contracts is based on the contract value as reported to the Plan by Prudential. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

GENTIVA HEALTH SERVICES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2009 and 2008

Note 7 **Investment contract with insurance company (continued)**

The fair value of the contract at December 31, 2009 and 2008, was \$21,354,625 and \$18,532,560, respectively. There are no reserves against contract value for credit risk of the contract or otherwise. The average yield and crediting interest rates were approximately 3.15% for the year ended December 31, 2009. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

Note 8 **Risks and uncertainties**

The Plan provides for various investment options in accounts which invest in various combinations of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9 **Fair value measurements**

Accounting standards require that financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.

GENTIVA HEALTH SERVICES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2009 and 2008

Note 9 Fair value measurements (continued)

Level 3 - Unobservable inputs for the asset or liability. These inputs reflect the Plan's assumptions about the assumptions a market participant would use in pricing the asset or liability.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available. The following table summarizes the valuation of the Plan's financial assets and liabilities at December 31, 2009:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

GENTIVA HEALTH SERVICES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2009 and 2008

Note 9 **Fair value measurements (continued)**

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan as of December 31, 2009. The guaranteed interest investment contract and loans to participants are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by a formula as described in the applicable group annuity contract, and the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance.

The following is a reconciliation of fair value measurements using Level 3 inputs at December 31, 2009 and 2008:

	Guaranteed interest <u>account</u>	Loans to <u>participants</u>	<u>Totals</u>
