1. DESCRIPTION OF PLAN

General and Plan Merger

The HCC Industries Inc. Savings and Investment Plan (the "Plan") is a defined contribution plan subject to the provisions of Section 401 of the Internal Revenue Code (the "Code"). The Plan covers all eligible full-time employees of HCC Industries Inc. and its wholly-owned subsidiaries, Hermetic Seal Corporation, HCC Machining Company, Glasseal Products, Inc., Sealtron, Inc. and HCC Aegis, Inc. (collectively, the "Company"). The Plan document contains a more complete description of the Plan's provisions.

On October 10, 2005, AMETEK Inc. acquired HCC Industries Inc. Effective January 1, 2008, all participants enrolled into the AMETEK Retirement and Savings Plan and on July 11, 2008, the assets of the plan were merged into the AMETEK Retirement and Savings Plan.

Participant Eligibility

All full-time employees who are at least age 20 ½ and who are not subject to any collective bargaining agreements become eligible to participate in the Plan upon completion of 90 days of service with the Company. Such participation is as of the annual entry date coincident with or following the date the eligibility requirements are satisfied.

Contributions

The Plan allows participants to defer between 1% and 25% of their compensation through pre-tax contributions to the Plan. The Company has elected to make matching contributions that may change from year to year. The Company's matching contributions are funded on a monthly basis and credited directly to the participant's accounts. These matching contributions are allocated between fund investments at the same ratio as each participant's elective deferral. Each participant is responsible to direct their investment of all amounts contributed into the Plan on their behalf. Matching contributions totaled $0 and $824,215 for period ended July 31, 2008 and the year ended December 31, 2007, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and the Plan's net earnings and losses. Allocations are based on participants' earning and account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled equals each participant's vested account balance.

Vesting

The Company's matching contributions made on or after January 1, 1999 are 100% vested. For the Company's matching contributions made before January 1, 1999, the participant becomes 20% vested in the matching contribution after three years of service and increases 20% for each additional year and becomes fully vested after completion of seven years of service. A year of service is a consecutive 12-month period during which an employee has 1,000 or more hours of service with the Company. Participants are 100% vested in employee contributions and earnings thereafter.

Investment Options

All contributions are held in investment funds and invested by the trustee in accordance with the option or options elected by the participant. A participant's account may be invested in any of the investment options offered by the Plan.

Payment of Benefits

Upon termination of service, participants may receive the value of the vested portion of their account in a lump sum distribution. If the value of the vested portion is greater than $5,000, the participant may elect to defer the lump sum distribution, but not beyond April 1 of the year following attainment of age 70 ½. Also, in certain cases of financial hardship, a participant may elect to withdraw up to a specified portion of his or her vested account balance, regardless of age.

Loans

Prior to March 2003, participants were permitted to apply for loans, which could not exceed the lesser of 50% of their vested account balance, or $50,000. The interest rate for all loans was fixed at the prime rate plus 1% as of the loan origination date. The loan terms vary from one to five years. The Plan no longer grants participant loans.

Forfeitures

Forfeitures occur when any Plan participant terminates employment before becoming fully vested under the Plan. All non-vested Company contributions forfeited will be used by the Plan to reduce any future Company matching contributions.

Plan Costs and Expenses

Administrative expenses of the Plan are paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statement in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from the net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. See Note 4.

Investments in shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Money market and short-term investments are carried at the fair value established by the issuer and/or trustee. The participant loans are valued at their outstanding book values, which approximate fair value.

The Plan invests in investment contracts through a common collective trust (Merrill Lynch Retirement Preservation Trust). The fair value of the Plan's interest in the Merrill Lynch Retirement Preservation Trust is based on information reported to the issuer of the common collective trust at year end.

Purchase and sales of investments are reflected on trade dates. Realized gains and losses on sale of investments are based on the average cost of such investments. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned.

The net appreciation or depreciation represents the sum of the change in the difference between the year end market value and the cost of investments, and the difference between the proceeds received and cost of investment sold during the year.

Contributions

Contributions to the Plan are recorded on the accrual method of accounting.

Payment of Benefits

Benefits are recorded when paid.

Risk and Uncertainties

The Plan provides for various investment options in mutual funds and common or collective trusts. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. INVESTMENTS HELD BY THE PLAN

The following investments individually comprise more than five percent of the Plan's net assets available for benefits as of December 31, 2007 (stated at fair value):

Merrill Lynch Retirement Preservation Trust	$	8,900,581
Blackrock Balanced Capital Fund		1,915,554
Lord Abbott Developing Growth fund		3,602,699
Blackrock Government Income Fund		2,872,622
Massachusetts Investors Growth Stock Fund		2,757,114
Massachusetts Investors Trust		1,401,224

4. FAIR VALUE MEASUREMENTS

FASB Statement No. 157 (ASC 820), Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 (ASC 820) are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by the observable market data by correlation or other measures

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset of liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2007		
	Level 1	**Level 2**	**Level 3**
Mutual Funds	$15,008,949	--	--

Participant Loans	--	--	$12,800
Total Assets at Fair Value	$15,008,949	$8,900,581	$12,800

The following table sets forth the changes in the fair value of the Plans level 3 assets for the period ended July 31, 2008 and December 31, 2007.

6. TAX STATUS

An Internal Revenue Service ruling has been obtained stating that the Plan is a qualified trust under Section 401(k) of the Internal Revenue Code and is exempt from federal taxes under the provisions of Section 501(a). The Plan is exempt from state tax under similar provisions of the state tax code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

7. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In the event of Plan termination, participants will become fully vested in their accounts.

8. PARTY IN INTEREST TRANSACTIONS

Certain of the Plan's investments are shares of mutual funds and common or collective trusts managed by the trustee, as defined by the Plan Agreement. Therefore, these transactions qualify as party-in-interest for which a statutory exemption exists.

The Company may be deemed to be a party-in-interest under the guidelines for ERISA. The Company has elected to pay administrative costs of the Plan for the period ended July 31, 2008 and December 31, 2007.

9. RECONCILIATION TO FORM 5500

There are no material differences between the financial statements and the financial information included in the Form 5500, as of the period ended July 31, 2008 and the year ended December 31, 2007.
