INDEPENDENT AUDITOR'S REPORT

To the Trustees and Administrators of
Oxbo International
Retirement Savings Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Oxbo International Retirement Savings Plan as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedule of assets held for investment as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by TD Ameritrade Trust Company, the co-trustee and custodian of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's assets and executes transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. - DESCRIPTION OF THE PLAN

The following description of the Oxbo International Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan with salary reduction features as permitted under Section 401(k) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration - EBS Benefit Solutions administers the Plan. The assets of the Plan are maintained in an investment trust held by TD Ameritrade Trust Company.

Eligibility - Employees are eligible to participate in the Plan once they have completed one year of service, attained age nineteen and have worked at least 1,000 hours during the Plan year.

Participant Contributions - The Plan provides for participant pre-tax contributions of compensation, as defined, up to the maximum annual limitation allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other defined contribution plans.

Matching Contributions - The Company contributed, for each participant, a matching contribution equal to a percentage of the elective contributions made by the participants for the year to the Plan sponsor's Employee Stock Ownership Plan.

Discretionary Contributions - The Plan allows the Company to make a discretionary profit sharing contribution in an amount determined at the end of the Plan year by the Company's Board of Directors. The profit sharing contribution is allocated to eligible participants based on their percentage of compensation to total eligible participants' compensation. To be eligible for the profit sharing contribution, the participant is required to be employed on the last day of the Plan year. There was no discretionary profit sharing contribution for the years ended December 31, 2010 and 2009.

Contribution Direction - Participants direct both participant and employer contributions into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis.

Plan Expenses - Investment fees are paid by the Plan. Administrative expenses paid by the Plan include certain custodial and investment management fees. All other Plan expenses are paid by the Company.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on the following schedule:

Years of Service	Percentage Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Participants are allowed two outstanding loans at a time. The loans, which must be repaid within five years, are secured by the balance in the participant's account and bear interest at a rate as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Withdrawals and Distributions - Unless a participant elects otherwise, distributions will be made as soon as practical after a participant's normal retirement date or actual retirement date occurs. The normal retirement date is the date upon which a participant reaches age 65. The normal form of distribution at termination is a lump sum payment.

Participants may receive their accumulated vested benefits held by the Plan's trustee upon termination of employment or elect to keep their vested balance in the Plan until the earlier of normal retirement age or death if their account balance exceeds $1,000. If the participant elects to keep their vested interest in the Plan, the participant's account will continue to receive its share of earnings/ losses and will be charged a portion of administrative expenses.

Forfeitures - At December 31, 2010 forfeited non-vested accounts totaled $2,359 ($6,387 - 2009). Forfeiture amounts can be used to restore forfeitures,offset plan expenses and reduce future employer contributions. During the year ended December 31, 2010 the Company used $4,031 to pay for administrative expenses.

Reclassification - Participant loans previously reported as a component of investments have been reclassified to a component of receivables in order to conform to current year presentation.

NOTE 2. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan prepares its financial statements on the accrual basis of accounting and presents the fair value of net assets available for the benefits and changes in those net assets in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investment bought and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits - Benefits payments to participants are recorded upon distribution.

Tax Status - The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Prototype Plan and related trust are designed in accordance with applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Recently Issued Accounting Pronouncements - In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (Update) 2010-06, "Improving Disclosures About Fair Value Measurements." Topic 820 of the Accounting Standards Codification (ASC) requires new disclosures about transfers into and out of Levels 1 and 2 of the fair value hierarchy and separate disclosures about purchases, sales, issuances and settlements relating to Level 3 measurements. It also clarifies existing fair value disclosures about the level of disaggregation and about inputs and valuation techniques used to measure fair value. The new disclosures and clarifications of existing disclosures are effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances and settlements in the roll forward of activity in Level 3 fair value measurements. Those disclosures are effective for periods

NOTE 2. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

beginning after December 15, 2010. Disclosures required under Updated 2010-06 are included in the notes to the Plan's financial statements for the years ended December 31, 2010 and 2009, except for the disclosures related to Level 3 fair value measurements, which will be included in the notes to the Plan's financial statements effective January 1, 2011. Other than requiring additional disclosures, the adoption of this new guidance did not have a material impact on the Plan's financial statements.

In September 2010, the FASB issued Update 2010-25, "Reporting Loans to Participants by Defined Contribution Pension Plans". This Update requires participant loans to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The guidance is effective for annual periods ending after December 15, 2010 with early adoption permitted. The guidance should be applied retrospectively to all periods presented. The Plan adopted this guidance as of December 31, 2010 and reclassified participant loans from plan investments to a component of receivables for both periods presented in the Statements of Net Assets Available for Benefits. Other than the reclassification requirements, the adoption of this standard did not have a material impact on the Plan's financial statements.

NOTE 3. - INVESTMENTS

The following investments, stated at fair value, comprised 5% or more of the Plan's net assets at December 31:

	2010	2009
Capital Income Builder Funds	**$ 4,014,017**	$ 3,781,486
American Growth Fund of America Class A	**$ 1,704,420**	$ 1,488,946
TD Bank Inst Money Market Fund	**$ 1,475,982**	$ 1,620,690
Capital World Growth & Income Funds	**$ 838,353**	$ 689,082

American Fund Washington Mutual Investors Fund Inc.	**$ 635,985**	$ 548,486
American Short Term Bond Fund of America	**$ 594,817**	$ 525,288

During the years ended December 31, 2010 and 2009, the Plan's investments (including investments bought, sold and held during the year), appreciated in value by $1,062,599 and $1,824,123, respectively.

NOTE 4. - FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets at December 31, 2010 and 2009, as well as net investment appreciation and investment transactions for the years then ended, has been derived from information provided by TD Ameritrade Trust Company, the custodian of the Plan's assets, and has been certified to as being complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

	2010	2009
Investments, at fair value:		
Money market fund	**$ 1,475,982**	$ 1,620,690
Shares of registered investment companies	**$ 11,256,008**	$ 9,810,232
Participant loans	**$ 363,175**	$ 269,625
Transactions for the year ended:		
Net appreciation on investments	**$ 1,062,599**	$ 1,824,123
Interest income	**$ 19,340**	$ 19,806

NOTE 5. - PARTY-IN-INTEREST TRANSACTIONS

Plan investments were managed by TD Ameritrade Trust Company, the custodian of the Plan. TD Ameritrade Trust Company is also the co-trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Investment income on assets invested with the custodian amounted to $962 for the year ended December 31, 2010 ($3,781 -2009). Participant loans are considered party-in-interest. Interest income on participant loans amounted to $18,378 for the year ended December 31, 2010 ($16,025 - 2009).

Participant records are maintained by EBS Benefit Solutions. Participants pay certain administration fees to EBS, which qualify as party-in-interest transactions. Administrative expenses for the year ended December 31, 2010 amounted to $17,251 ($5,597 - 2009).

NOTE 6. - RECONCILIATION TO FORM 5500

The following is a reconciliation of appreciation (depreciation) on investments as reported in the financial statements to the Form 5500:

Net assets available for benefits per Form 5500	**$ 13,124,961**	$ 11,729,004

NOTE 7. - FAIR VALUE MEASUREMENTS

Financial Accounting Standard Board (FASB) Accounting Standards Codification (ASC) 820 Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 7. - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Shares of registered investment companies: Valued at the net asset value (NAV) of shares held by the plan at year end. The NAV is the closing price reported on the active market on which the securities are traded. Shares of registered investment companies are classified as level 1 investments.

Money market fund: A money market fund is a public investment vehicle valued using $1 for the net asset value (NAV) and is classified as a level 2 investment.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

NOTE 8. - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 9. - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10. - SUBSEQUENT EVENTS

Effective January 1, 2011 participant's deferral amount elected on their salary deferrals will also apply to any bonus received.

These financial statements have not been updated for subsequent events occurring after XXXXXXXXX XX, 2011 which is the date these financial statements were available to be issued.
