INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
GW Murphy Inc. 401(k) Profit Sharing Plan and Trust

Opinion

We have audited the accompanying financial statements of GW Murphy Inc. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of GW Murphy Inc. 401(k) Profit Sharing Plan and Trust as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GW Murphy Inc. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, including determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GW Murphy Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing

standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GW Murphy Inc. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GW Murphy Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting for the Financial Statements

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule H, Line 4i—Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GW MURPHY INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
Modified Cash Basis
December 31, 2025 and December 31, 2024

NOTE 1 – Description of the Plan

The following description of the GW Murphy Inc. 401(k) Profit Sharing Plan and Trust provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

GW Murphy Inc. (the "Company") established the GW Murphy Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") effective January 1, 2023. The Plan is a defined contribution plan intended to qualify under Section 401(a) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company.

Contributions

Employee contributions: Participants may elect to defer a portion of their compensation as pre-tax or Roth elective deferrals, up to the IRS annual limit ($23,500 in 2025), plus a $7,500 catch-up contribution for those age 50 or older and an $11,250 catch-up contribution for those ages 60–63 in 2025. Participants may also roll over balances from other qualified plans

Employer contributions: The Company elected a Qualified Automatic Contribution Arrangement ("QACA") safe harbor design, requiring employer matching contributions equal to 100% of the first 1% of compensation deferred and 50% of the next 5% deferred, subject to IRS limits. The Company may also make discretionary profit-sharing contributions.

Employer profit sharing contributions: In addition to the safe harbor match, the Company may make discretionary profit sharing contributions each year, allocated to eligible participants in proportion to their compensation, as defined by the Plan. These contributions are not required and are determined annually by the Company's Board of Directors.

Vesting: Participants are always 100% vested in their elective deferrals, rollovers, safe harbor matching, and QACA contributions. Employer discretionary contributions are subject to a 3-year cliff vesting schedule.

NOTE 1 – Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with contributions, investment earnings (losses), and an allocation of plan expenses, and charged with benefit payments. Allocations are based on participant contributions or account balances, as defined in the Plan.

Notes Receivable From Participants

The Plan permits participant loans. Loans are limited to the lesser of $50,000 or 50% of a participant's vested account balance, bear a reasonable rate of interest, and must be repaid through payroll deductions over a period not exceeding five years (longer if used for a principal residence). Total loans outstanding as of December 31, 2025 and 2024 were $27,457 and $13,659, respectively. Interest on participant loans was $1,902 and $428, respectively.

Payment of Benefits

Benefits are payable upon termination, death, disability, or retirement. Distributions may be made in lump sums or installments as provided by the Plan. Required minimum distributions begin at the applicable IRS age. Hardship withdrawals are permitted in accordance with IRS regulations.

Forfeitures

Non-vested employer contributions forfeited by participants are used to reduce future employer contributions or pay plan administrative expenses. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $9,387 and $5,394, respectively.

Plan Year

The Plan operates on a calendar-year basis, ending December 31.

Recent Legislative Changes

The Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") and the SECURE 2.0 Act of 2022 ("SECURE 2.0") made various changes to the qualification, participation, contribution, and distribution requirements applicable to defined contribution plans. The Plan has incorporated applicable provisions of this legislation, including increases in the required minimum distribution age, elimination of lifetime required minimum distributions from designated Roth accounts, expanded

eligibility for certain long-term part-time employees, and the requirement that most non-spouse designated beneficiaries fully distribute inherited Plan accounts by the end of the tenth year following the participant's death. The Plan also increased the involuntary cash-out threshold for terminated participants from $5,000 to $7,000.

The Plan Administrator has implemented these provisions in accordance with their applicable effective dates and will continue to amend the Plan documents as necessary to comply with applicable Internal Revenue Code and regulatory requirements.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis, investments are reported at fair value, investment income is recognized on the accrual basis, and all other receipts and disbursements are recognized when received or paid.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported changes in net assets. Actual results could differ from those estimates.

Participant Loans and Interest Income

Participant loans are reported at their unpaid principal balance. Loan disbursements and principal repayments are recognized when paid or received by the Plan. Interest income on participant loans is recognized on the accrual basis as earned. Accrued but unpaid interest is included in participant loans receivable at year-end.

Investment Valuation and Income Recognition

Investments are reported at fair value. Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The Plan's interest in the common/collective trust is valued at the net asset value per unit reported by the trustee. Net asset value is used as a practical expedient to estimate fair value when the

NOTE 2 – Summary of Significant Accounting Policies (continued)

investment does not have a readily determinable fair value and otherwise qualifies for use of the practical expedient under ASC Topic 820.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in fair value includes realized gains and losses on investments sold and unrealized changes in the fair value of investments held during the year.

Contributions and Benefit Payments

Participant and employer contributions are recognized when received by the Plan. Benefits and other distributions to participants are recognized when paid. Plan expenses are recognized when paid.

Operating Expenses

Administrative expenses of the Plan include recordkeeping, trustee, audit, legal, and other compliance costs. In accordance with the Plan document, such expenses may be paid:

> *By the Company* – The Company has the discretion to pay some or all administrative expenses directly.
>
> *From Plan Assets* – If not paid by the Company, administrative expenses are charged against participant accounts. Certain expenses that can be specifically attributed to a participant's account (such as loan origination fees or distribution processing fees) are charged directly to that participant's account.

NOTE 2 – Summary of Significant Accounting Policies (continued)

> *From Forfeitures* – Non-vested employer contributions forfeited by participants may also be applied to pay Plan administrative expenses before being used to reduce future employer contributions.

Date of Management's Review

Subsequent events were evaluated through October 12, 2026, which is the date the financial statements were available to be issued.

NOTE 3 – Fair Value Measurements

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Accounting Standards Codification Topic 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of the fair value hierarchy are as follows:

- **Level 1:** Unadjusted quoted prices in active markets for identical assets that the Plan can access at the measurement date.

- **Level 2:** Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly.

- **Level 3:** Unobservable inputs for the asset.

The level assigned to a fair value measurement is based on the lowest-level input that is significant to the measurement in its entirety.

Mutual funds are valued at the closing net asset value reported by the fund as of the measurement date. These funds are registered investment companies with quoted prices in active markets and are classified as Level 1 investments.

The Plan invests in the Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25053 — Class 0. The collective trust invests primarily in a group annuity contract issued by Metropolitan Life Insurance Company and other stable-value investments. The Plan's interest is valued using the net asset value per unit reported by the trustee. The Plan uses net asset value as a practical expedient to estimate fair value. Accordingly, this investment has not been classified within the fair value hierarchy.

The following table presents the Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

NOTE 3 – Fair Value Measurements (continued)

Investment	Fair value - 2025	Fair value - 2024	Unfunded commitments	Redemption frequency	Redemption notice period
Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25053—Class 0	$9,573	$5,394	$—	Daily	None

The common/collective trust invests primarily in a group annuity contract issued by Metropolitan Life Insurance Company and other stable-value investments. Participant-directed transactions may generally occur daily at the trust's reported net asset value. The Plan had no unfunded commitments related to this investment at December 31, 2025. There were no restrictions on participant redemptions or other significant restrictions. Plan level liquidations require a 30-day notice and are done at the lesser of market or book value.

NOTE 4 – Related Party and Party-in-Interest Transactions

The Plan sponsor is GW Murphy, Inc. Certain shareholders and officers of the Plan sponsor participate in the Plan. The Plan's trustee is also the controller of the Plan sponsor and is a participant in the Plan. Accordingly, the Plan sponsor, the trustee, certain shareholders and officers, and other Plan fiduciaries and service providers are related parties or parties in interest with respect to the Plan.

The Plan received employer contributions of $145,610 from the Plan sponsor during 2025.

The Plan permits loans to participants, including participants who may be parties in interest. At December 31, 2025, participant loans receivable totaled $27,457. During 2025, the Plan earned interest income on participant loans of $1,902. Such loans are made in accordance with the Plan's participant-loan provisions and applicable statutory exemptions.

NOTE 4 – Related Party and Party-in-Interest Transactions (continued)

These transactions qualify as party-in-interest transactions under ERISA. Management believes the transactions were conducted in accordance with the Plan's provisions and applicable exemptions from ERISA's prohibited-transaction rules.

NOTE 5 – Tax Status

The Plan sponsor has adopted the GW Murphy Inc. 401(k) Profit Sharing Plan and Trust, which is based on a pre-approved, non-standardized profit sharing plan. The Internal Revenue Service issued an opinion letter dated August 31, 2020, stating that the form of the underlying prototype plan document satisfies the applicable requirements of the Internal Revenue Code (IRC). An adopting employer of a pre-approved plan may generally rely on the IRS opinion letter as evidence that the plan is qualified under Section 401 of the IRC, provided the adopting employer follows the terms of the plan as adopted.

Although the Plan has not yet received its own determination letter from the IRS, the Plan administrator believes that the Plan, as adopted and operated, is currently designed and being operated in compliance with the applicable provisions of the IRC.

NOTE 6 – Risks and Uncertainties

The Plan invests in various investment funds. Investment funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment funds, it is at least reasonably possible that changes in the values of investment

funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit.

NOTE 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA by written notice delivered to the trustee. In the event of Plan termination, participants would become 100% vested in their employer contributions.
