INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Nelson Auto Group 401(k) Plan
Tulsa, Oklahoma

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of **Nelson Auto Group 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **Nelson Auto Group 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of

Nelson Auto Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Nelson Auto Group 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Nelson Auto Group 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Nelson Auto Group 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i: Schedule of Assets (Held at End of Year) for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NELSON AUTO GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of **Nelson Auto Group 401(k) Plan** (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Nelson Automotive, Inc (the Company). The Plan is intended to qualify under the applicable provisions of the Internal Revenue Code (the Code) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is a 401(k) and profit sharing plan for eligible employees of Nelson Automotive, Inc and afflilitates. The Plan number is 001. The Plan was originally effective January 1, 1999 and was amended and restated effective January 1, 2022.

As of December 31, 2025, the Plan had 184 active participants and 63 terminated participants, based on information provided by management. The sponsor EIN is 20-1166802.

Contributions

Participants may elect to defer a portion of eligible compensation into the Plan, subject to limitations under the Code. The Plan permits participants to designate elective deferrals as pre-tax contributions or Roth 401(k) contributions, as defined in the plan documents.

The Plan provides for safe harbor matching employer contributions. The Company contributes an enhanced safe harbor matching contribution equal to 100 percent of the first 6 percent of compensation contributed by an eligible participant. Safe harbor matching contributions are determined each payroll period.

The Plan also permits discretionary nonelective employer contributions. Discretionary nonelective employer contributions are allocated in accordance with the Plan's nonelective employer contribution provisions and related addendum. For discretionary nonelective employer contributions, continuing eligibility provisions require the participant to be employed on the last day of the contribution period and to complete at least 1,000 hours during the Plan Year, unless otherwise provided by the plan documents. The specific discretionary nonelective contribution allocation formula is 6 percent of base compensation.

Total Company contributions for the year ended December 31, 2025 were $833,185. Total participant contributions for the year ended December 31, 2025 were $1,201,473. Total contributions for the year ended December 31, 2025 were $2,034,658.

Participant Accounts

Each participant's account is credited with participant contributions, employer contributions, allocations of Plan earnings and losses, and allocations of expenses, as applicable. Participant accounts are charged with benefit payments and certain administrative expenses. Allocations are based on account balances or specific participant transactions, as defined by the plan documents. Participants direct the investment of their accounts among the investment options made available by the Plan.

Eligibility

Employees are eligible to participate in the Plan after attaining age 21 and completing the Plan's service requirement. The service requirement is described in the plan documents as six months of service. Eligible employees enter the Plan for elective deferral purposes immediately upon meeting eligibility requirements. Entry dates for certain employer contribution sources occur on the first day of each Plan Year and the first day of the fourth, seventh, and tenth months of each Plan Year.

Vesting

Participants are immediately 100 percent vested in their elective deferrals, rollover contributions, qualified nonelective contributions, qualified matching contributions, and safe harbor contributions, adjusted for investment income or loss. Vesting in other employer contribution sources, including discretionary nonelective or profit sharing contributions, is determined under the vesting provisions of the Plan. The vesting schedule for discretionary nonelective or other non-safe-harbor employer contributions is shown below:

Years of Vesting Service	Vested Percentage
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participant loans

Participant loans are not permitted under the Plan.

Withdrawals and distributions

Hardship withdrawals are permitted under the Plan, subject to the Plan's provisions, including a $500 minimum amount. Hardship withdrawals are permitted from deferral contributions and vested amounts from the matching contribution sub-account, as provided in the plan documents. In-service distributions are permitted at age 59½ from all vested sub-account balances.

Upon retirement, termination of employment, disability, or death, participants or their beneficiaries are entitled to receive their vested account balances. Benefits may be paid in a lump sum or in annual installments, as provided by the Plan.

Plan amendments and operational matters

Management has represented that there were no operational issues not reflected in the plan document. No significant amendments were adopted during 2025.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Plan follows the accounting and reporting provisions of Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 962, *Plan Accounting — Defined Contribution Pension Plans*.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and related disclosures. Actual results could differ from those estimates.

ERISA Section 103(a)(3)(C) audit election and certified investment information

Management elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C). As permitted by ERISA Section 103(a)(3)(C), the audit need not extend to information related to assets held for investment by a qualified institution that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the information is prepared and certified by the qualified institution in accordance with applicable Department of Labor rules and regulations.

Management obtained a certification from Fidelity Management Trust Company, the trustee, as of December 31, 2025 and for the year then ended, stating that the certified investment information is complete and accurate. The certified information includes investments held at fair value as of December 31, 2025 and related investment activity for the year then ended, including interest and dividends and net appreciation in fair value of investments. Participant data, contributions, benefit payments, participant account balances, and other information not covered by the certification remain subject to audit procedures.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions and receivables

Participant contributions are recorded in the period in which the related payroll deductions are made. Employer contributions are recorded in the period in which they are earned under the terms of the Plan. Contributions receivable represent amounts earned but not yet received by the Plan as of December 31, 2025. At December 31, 2025, employer contribution receivable was $458 and participant contribution receivable was $472.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Risks and uncertainties

The Plan provides for investment in mutual funds and money market funds. Investment securities are exposed to various risks, including interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The former disclosure requirement to identify individual investments exceeding 5 percent of net assets available for benefits was eliminated by FASB ASU 2015-12. However, management evaluates investment concentrations and other risks under FASB ASC Topic 275, Risks and Uncertainties, and FASB ASC Topic 825, Financial Instruments, as applicable.

Income tax status

The Plan is intended to qualify under Section 401(a) of the Code, and the related trust is intended to be exempt from taxation under Section 501(a) of the Code. Accordingly, no provision for income taxes has been included in the accompanying financial statements. See Note 7.

Recent accounting pronouncements

Management evaluated accounting standards effective for the year ended December 31, 2025. No newly effective accounting standards were identified that required a material change to the Plan's financial statement presentation or disclosures for the year ended December 31, 2025.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2026, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025, and net appreciation in fair value of mutual funds and interest and dividends for the year then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee.

	2025 Net Increase in Value – During Year Ended	2025 Fair Value – End of Year	2024 Fair Value – End of Year
Mutual and Money Market Funds	$ 3,644,755	$ 17,222,152	$ 13,577,397

Investment income for the year ended December 31, 2025 consisted of the following:

Investment income	Amount
Interest and dividends	$ 909,447
Net gain in fair value of investments	1,665,799
Total investment income	$ 2,575,246

Certain individual investment options represented concentrations of more than 5 percent of net assets available for benefits at December 31, 2025. Although disclosure of each investment exceeding 5 percent of net assets is no longer specifically required under ASC 962 as amended by ASU 2015-12, the following information is included to identify significant investment concentrations for risk disclosure purposes:

NOTE 3 – INVESTMENT INFORMATION (continued)

The following presents investments that represent five percent or more of the Plan's net assets at December 31, 2025.

Investment Name	Fair Value at December 31, 2025	Percentage of Net Assets Available for Benefits
Fidelity Contrafund K6	$ 1,617,498	9.39%
Fidelity Freedom 2055 K	$ 1,610,701	9.35%
Fidelity Freedom 2050 K	$ 1,472,884	8.55%
Fidelity Freedom 2045 K	$ 1,364,996	7.93%
Fidelity Freedom 2035 K	$ 1,348,707	7.83%
Fidelity Government Money Market	$ 1,288,589	7.48%
Fidelity Freedom 2040 K	$ 1,160,246	6.74%
Fidelity Dividend Growth	$ 1,059,859	6.15%
Fidelity Value K	$ 947,692	5.50%
Fidelity 500 Index	$ 897,452	5.21%

The Plan's ability to receive amounts due in accordance with its investment in common/collective trusts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination of the contracts
4. Plan termination or merger
5. Changes to the Plan's prohibition on competing investment options
6. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** — Quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- **Level 2** — Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- **Level 3** — Unobservable inputs for the asset or liability.

The following table presents the Plan's investments measured at fair value on a recurring basis at December 31, 2025:

	Level 1	Level 2	Level 3	Totals
Mutual Funds and Money Market Funds	$ 17,222,152	$ -	$ -	$ 17,222,152
Total Investments at Fair Value	$ 17,222,152	$ -	$ -	$ 17,222,152

Certain investments that are measured at fair value using net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – TAX STATUS

The Company adopted a pre-approved standardized profit sharing plan with a cash or deferred arrangement. The pre-approved plan document has received a favorable opinion letter from the Internal Revenue Service. Management believes that the Plan is designed and has operated in accordance with the applicable requirements of the Code and that the Plan and related trust are qualified and tax-exempt. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Plan and concluded that, as of December 31, 2025, there are no uncertain tax positions that require recognition or disclosure in the financial statements.

The Plan is not currently under examination by the Internal Revenue Service. The Plan is no longer subject to income tax examinations for years before 2022.

NOTE 8 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and common/collective trusts managed by Fidelity Investments. Affiliated entities of Fidelity Investments are the trustee and recordkeepers, as defined by the Plan and, therefore, these investments qualify as related-party and party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $53,359 for the year ended December 31, 2025. These party-in-interest transactions are exempt from prohibited transaction rules of ERISA.
