GLOBAL CROSSING LIMITED EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2009 AND 2008

Note 1 Description of the Plan

The following brief description of the Global Crossing Limited Employees' Retirement Savings Plan ("Plan"), is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan is a defined contribution plan sponsored by Global Crossing Limited ("GCL" and together with its consolidated subsidiaries, the "Company"). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2008, the Impsat USA, Inc. 401(k) Profit Sharing Plan ("Impsat Plan") was merged into the Plan. All participants of the Impsat Plan became participants of the Plan and all assets were transferred to the Plan.

Administration

The Plan is administered by the Company's Employee Benefits Committee whose members are appointed by the Company's Board of Directors. The Plan trustee is Fidelity Management Trust Company ("Trustee").

Participant Contributions

The Plan provides that each participant may voluntarily make contributions through a salary reduction agreement for whatever whole percentage a participant chooses, up to a maximum of 25 percent, subject to maximum contributions imposed by the Internal Revenue Code ("IRC").

Effective January 1, 2008, an employee who has not either entered into a salary reduction agreement or affirmatively elected to forego making salary reduction contributions to the Plan, shall have his or her compensation reduced by three percent which will be contributed to the participant's account. After the first year of participation, the salary reduction percentage will increase as follows: four percent in the second year, five percent in the third year and six percent in all subsequent years.

Company Matching Contributions

Effective March 1, 2009, the company matching contribution was suspended.

During 2008 and through February 28, 2009, the Company contributed a matching contribution of 100 percent of the first one percent of each participants' compensation, then 50 percent of the next five percent of each participants' compensation that the participant contributed to the Plan.

Participant Accounts

Individual accounts, which record the participant's contributions, the earnings on all contributions, and the amount of the participant's interest in each fund, are maintained for each participant. The participant's contributions are allocated directly to his or her individual account when the Trustee receives contributions. Participants have the option to invest their contributions in any of the funds and may change their allocation between funds at any time.

***Note 1* Description of the Plan - Continued**

Eligibility

All nonbargaining U.S. employees, except for temporary, summer, and leased employees, that are scheduled to work 1,000 hours or more, are eligible to participate in the Plan upon the first day of the month after 30 days of employment.

Vesting

Participants are immediately 100 percent vested in their individual accounts, whether derived from participant contributions, employer matching contributions or earnings thereon.

Payment of Benefits

Payment of benefits generally begins upon termination of service and attaining normal retirement age (65). A participant may elect to receive either a lump-sum amount equal to the value of his or her vested account balance, or a participant may elect to receive installments over a period not to exceed 20 years. However, a participant who has reached age 59 ½, but who has not yet terminated employment, may withdraw all or a portion of his or her accumulated account balance in accordance with the terms of the Plan. In-service withdrawals are also permitted under other limited circumstances such as financial hardship.

If upon termination of service, a participant does not attain normal retirement age and the participant's vested account balance is greater than \$5,000, the participant may elect to leave their vested account in the Plan, receive a lump-sum amount, a direct rollover to a qualified plan under Section 401 of the IRC, or a direct rollover to a qualified Individual Retirement Account ("IRA") equal to the value of his or her vested account balance. If the vested account balance is more than \$1,000 but less than \$5,000, the participant may elect to have the balance paid in a lump sum cash payment or transferred to an IRA or other eligible retirement plan. If the participant fails to make an election, the balance shall be transferred to an IRA of the Company's choice. If the vested account balance is \$1,000 or less, the balance must be distributed to the participant as soon as administratively feasible.

Participant Loans

Loans are available to participants in the Plan on a nondiscriminatory basis. Participant loans cannot exceed the lesser of 50 percent of the vested amounts in the participant's account or \$50,000. A participant may only have two loans outstanding and they are treated as directed investments by the borrower with respect to his or her account. Loans shall bear interest at a rate fixed by the Employee Benefits Committee, currently at one percent above Prime Rate. Loans have a term of no more than 5 years except that a loan may be granted for a period not to exceed 25 years if the proceeds are used to purchase the participant's principal residence. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses

Significant expenses associated with the Plan are paid for by the Plan and by the Company.

GLOBAL CROSSING LIMITED EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2009 AND 2008

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Contracts

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The Statements of Net Assets Available for Benefits present the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Date of Management's Review

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through July 2, 2010, the date that the financial statements were available to be issued.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Loans to Participants

Loans to participants are recorded at amortized cost.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance presented by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

GLOBAL CROSSING LIMITED EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2009 AND 2008

Note 2 Summary of Significant Accounting Policies - Continued

Investment Valuation and Income Recognition - Continued

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trust: Valued at estimated fair value based on the underlying assets of the trust. The fair value of the underlying assets is obtained from information provided by the investment advisor using the audited financial statements of the common/collective trust at year end.

Money Market Funds: Valued at the net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in investment instruments, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Contributions and Benefits Paid

Contributions are recorded by the Plan when withheld from employees. Benefits are recorded when paid.

GLOBAL CROSSING LIMITED EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2009 AND 2008

Note 3 Tax Status

The Plan obtained its latest determination letter dated November 2, 2009, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Note 4 Investments

The fair market value of the individual investments that represent 5 percent or more of the net assets available for benefits at December 31 is as follows:

	<u>2009</u>	<u>2008</u>
Fidelity Growth Company Fund	\$ 36,665,451	\$ 25,632,141
Fidelity Managed Income Portfolio II	28,965,017	30,714,156

Fidelity Equity Income Fund	11,936,170	9,243,768
Fidelity Mid-Cap Stock Fund	10,258,781	N/A

During 2009, the Plan's investments in mutual funds (including unrealized and realized gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$33,247,562.

Note 5 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will remain 100 percent vested in their accounts.

Note 6 Financial Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of the investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2009 and 2008, Schedule of Assets (Held at End of Year) as of December 31, 2009, and the investment activity (including interest and dividend income and net appreciation of investments) reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009.

Note 7 Party-in-Interest

Certain Plan investments are funds managed by the Trustee. Transactions involving these investments qualify as party-in-interest transactions. Participant loans are also party-in-interest transactions.

Note 9 Legal and Other Matters

Following the Company's filing for bankruptcy on January 28, 2002, multiple lawsuits were filed against various defendants alleging securities laws violations on behalf of putative classes of holders of Global Crossing securities. These lawsuits were consolidated before the United States District Court for the Southern District of New York. On June 4, 2008, the court issued an order approving the distribution of settlement funds arising out of the settlement of the litigation with various defendants. The portion of that settlement fund allocable to affected Plan participants (i.e., those who had held shares of Old GCL common stock between February 1, 1999 and December 8, 2003) were disbursed to the participants in January 2009. Such distribution to Plan participants totaled approximately \$2 million, net of securities litigation fees.
