R-3 investment platform

The available investment options generate 12b-1 and/or subtransfer agency payments. The table below shows the total amount of these payments, including the amounts paid to Capital Group Retirement Plan Services ("Recordkeeper"), along with any remaining amounts which are deposited into an unallocated plan expense account. Payment amounts are calculated quarterly by applying the rate for each investment option to the average daily balance of assets in the Plan's investment options on the Service Provider's recordkeeping system.

The 12b-1 and/or subtransfer agency payments vary by investment option, as shown in the table below. Consequently, participants invested in options that generate higher 12b-1 and/or subtransfer agency payments may bear a greater share of plan costs compared to those invested in other options.

The R-3 investment platform includes investment options from multiple share classes, all of which are no-load (i.e., have no sales charge or commission).

For additional information, refer to the *Recordkeeping Services Agreement*.

Note: Non-American Funds investment options listed below are available through the Fund Flexibility service for an additional fee.
