Report of Independent Auditors

Plan Management and Plan Committee
Kinectrics AES Inc. 401(k) Savings Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 ("ERISA") Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Kinectrics AES Inc. 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2025, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year ended then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Opinion on the 2025 Financial Statements (continued)

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements (continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 financial statements or to the 2025 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Accountant's Compilation Report on the 2024 Financial Statements

Management is responsible for the accompanying statement of net assets available for benefits as of December 31, 2024 and the related notes to the 2024 financial statement in accordance with accounting principles generally accepted in the United States. We have performed a compilation engagement in accordance with *Statements of Standards for Accounting and Review Services* promulgated by the Accounting and Review Services Committee of the Association of International Certified Public Accountants. We did not audit or review the 2024 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on this financial statement.

KINECTRICS AES INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Kinectrics AES Inc. 401(K) Savings Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for more detailed information or to the official plan documents for complete information.

General

The Plan is a single-employer defined contribution plan sponsored and administered by Kinectrics AES Inc. (the "Company" or the "Plan Sponsor"). The Plan is intended to qualify under Section 501(a) of the Internal Revenue Code, as amended (the "Code") and includes a cash or deferred arrangement intended to qualify under Section 401(k) of the Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is intended to constitute a tax-qualified plan under the Code. Plan assets are held in trust and are invested through investment arrangements that include a group annuity contract issued by Principal Life Insurance Company.

Eligibility

Employees generally become eligible to participate in the Plan upon attaining age 21. No minimum period of service is required. An eligible employee enters the Plan on the first day of the calendar month coinciding with or next following the date the employee satisfies the age requirement.

Union employees, leased employees, nonresident aliens, residents of Puerto Rico and employees hired as the result of a transaction described in Section 410(b)(6)(C) of the Code during the applicable transition period are excluded from participation.

These eligibility conditions apply to participant elective deferrals, safe-harbor matching contributions and discretionary non-elective contributions.

Contributions

Participants may elect to contribute a portion of their eligible compensation to the Plan through payroll deductions as either pre-tax elective deferrals or Roth elective deferrals, subject to limitations imposed by the Code. Participants who meet the applicable age requirements may make catch-up contributions. The Plan does not provide for automatic enrollment. Participants may modify their contribution elections in accordance with procedures established by the Plan Administrator and may discontinue their contributions at any time.

The Plan is designed to satisfy the safe-harbor provisions of Sections 401(k)(12) and 401(m)(11) of the Code. The Company makes a safe-harbor matching contribution equal to 100% of each participant's matched employee contributions that do not exceed 5% of the participant's Plan Compensation, as defined in the Plan documents. The matching contribution is determined on an annual basis. To the extent matching contributions are funded more frequently, an annual true-up contribution may be required.

The Company may also make discretionary non-elective contributions. Non-elective contributions are allocated to eligible participants in the ratio that each participant's Plan Compensation bears to the total Plan Compensation of all eligible participants. To receive an allocation, a participant generally must be employed by the Company on the last day of the Plan year. Non-elective contributions are determined on an annual basis.

The Plan accepts eligible rollover contributions from all eligible employees, including eligible employees who have not yet entered the Plan.

Participant Accounts

A separate account is maintained for each participant to reflect the participant's interest in the Plan. Each participant's account is credited with participant contributions, employer contributions, rollover contributions, if applicable, and allocations of investment earnings or losses. Participant accounts are reduced by benefit payments, withdrawals, loan activity and applicable administrative or transaction expenses. Allocations are based on participant earnings, account balances or transaction activity, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Participants may direct the investment of all their account balances among the investment options made available under the Plan. The Plan is intended to comply with Section 404(c) of ERISA. Participant accounts are valued each business day based upon the value of the underlying investments. The Plan does not permit individual brokerage accounts or investments in qualifying employer securities or qualifying employer real property.

Vesting

Participants are always fully vested in their pre-tax and Roth elective deferrals, rollover contributions and safe-harbor matching contributions, together with the related investment earnings or losses.

Discretionary non-elective contributions vest under a three-year cliff schedule, as follows:

Years of Vesting Service	**Vested Percentage**
Less than three years	0%
Three years or more	100%

Vesting service is determined using the elapsed-time method. Participants also become fully vested upon attaining normal retirement age while employed by the Company or upon termination of employment due to death or disability. The Plan's normal retirement age is 65, and its normal retirement date is the first day of the calendar month coinciding with or next following attainment of age 65. The Plan has no early-retirement feature.

Notes Receivable from Participants

Participants may borrow from their vested account balances in accordance with the Plan's participant-loan procedures. The maximum loan amount generally may not exceed the lesser of:

1. $50,000, reduced by the applicable highest outstanding loan-balance adjustment required by the Plan documents; or
2. 50% of the participant's vested account balance

Loans are secured by the participant's vested account balance and bear interest at a rate determined by the Plan Administrator with reference to rates charged for similar commercial loans. Principal and interest generally are repaid in substantially level payments, not less frequently than quarterly, over a period not exceeding five years. A longer repayment period may be permitted for a loan used to acquire the participant's principal residence. Loan-related fees may be charged to the borrowing participant's account.

At both December 31, 2025 and December 31, 2024, outstanding participant loans bore interest at rates ranging from 9.00% to 10.50%.

Forfeitures

Upon termination of employment, the nonvested portion of a participant's employer-contribution account is forfeited in accordance with the Plan's break-in-service and distribution provisions. Under the Plan, forfeitures may be used to pay reasonable Plan expenses or reduce future employer contributions.

There was no forfeiture activity during 2025, and the Plan had no unallocated forfeitures at December 31, 2025.

Withdrawals and Distributions

Following termination of employment for reasons other than death, a participant may receive the vested portion of the participant's account as soon as administratively feasible. Payments are made in cash. The default form of payment is a lump-sum distribution; however, a participant may elect either a lump-sum payment or substantially equal annual or more frequent installments over a period not exceeding the joint life expectancy of the participant and beneficiary.

Participants may receive in-service distributions from all accounts after attaining age 59½ and from their rollover accounts at any time. Participants who remain employed after attaining normal retirement age may receive in-service distributions from all accounts. The Plan also permits qualified reservist distributions and deemed-severance distributions for qualifying military service. In-service withdrawals are limited to the vested portion of the applicable account.

Hardship withdrawals are permitted using the safe-harbor criteria specified in the Plan and applicable law. The hardship provisions apply to pre-tax and Roth elective deferral accounts and, to the extent available under the Plan, include earnings on elective deferrals and safe-harbor, qualified non-elective and qualified matching contributions.

The Plan Administrator may make an involuntary cash-out distribution when a terminated participant's vested account balance does not exceed $7,000. Involuntary distributions not exceeding $1,000 are subject to the Plan's automatic rollover provisions when the participant does not make an affirmative payment or rollover election.

Upon a participant's death, the participant's vested account balance is payable to the participant's designated beneficiary. If the participant is married, the participant's spouse is generally the beneficiary unless the spouse consents in writing to the designation of another beneficiary.

Required minimum distributions are made in accordance with the applicable provisions of the Code and the Plan.

Plan Termination

Although the Company intends to continue the Plan indefinitely, it reserves the right to amend or terminate the Plan at any time, subject to the provisions of ERISA and the Code. Upon termination or partial termination of the Plan, or upon a complete discontinuance of employer contributions, the account balances of affected participants become fully vested and nonforfeitable. Upon termination, participant accounts generally are distributed in a lump-sum payment or otherwise distributed or transferred in accordance with the terms of the Plan and applicable law.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividend income is recorded on the ex-dividend date. Net investment gains include realized gains and losses on investments sold, changes in unrealized appreciation in the fair value of investments, and capital gain distributions.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus accrued unpaid interest. Interest income is recognized on the accrual basis. Delinquent participant loans are distributed to participants in accordance with the terms of the Plan document and applicable law.

No allowance for credit losses has been recorded because the notes are secured by the participants' vested account balances, and management believes that the recorded balances are collectible.

Contributions

Participant contributions are recognized in the period in which the related compensation is earned and the contributions are withheld from participants' compensation. Employer contributions are recognized in the period in which they become obligations of the Company under the terms of the Plan. Rollover contributions are recognized when received by the Plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses paid by the Plan reflect only those expenses paid from Plan assets or charged to participant accounts. Expenses paid directly by the Company are excluded from the accompanying financial statements. Investment-management fees and other operating expenses charged within the Plan's investment funds are reflected as reductions of the related investment returns rather than as separately presented administrative expenses.

Subsequent Events

Plan management has evaluated subsequent events through October 5, 2026, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan measures its investments at fair value. Fair value represents the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Accounting Standards Codification 820 "Fair Value Measurements and Disclosures" establishes a hierarchy that prioritizes the inputs used to measure fair value. The hierarchy consists of the following three levels:

- Level 1 – Unadjusted quoted prices in active markets for identical assets that the Plan can access at the measurement date.
- Level 2 – Observable inputs other than Level 1 quoted prices, including quoted prices for similar assets, quoted prices in markets that are not active and other market-corroborated inputs.
- Level 3 – Significant unobservable inputs that reflect assumptions market participants would use in pricing the asset.

An investment's classification within the hierarchy is based upon the lowest level input that is significant to the fair-value measurement in its entirety.

Valuation Methodologies

Following is a description of the primary valuation methodologies used to measure the fair value of each class of investments.

- Registered investment companies (mutual funds) – Valued at net-asset-value ("NAV") of shares held by the plan as evidenced on national trading exchanges.
- Pooled separate accounts – Valued at unit values provided by Principal Life Insurance Company. Each pooled separate account invests in an underlying registered investment company, and its unit value is based on the fair value of the underlying investment. The unit values are the basis for current transactions.
- Common/collective trust funds – Valued by the trustee using the NAV of units as a practical expedient for fair value based upon the value of the underlying investments. The Plan may transact in the fund at NAV per unit at the valuation date.

The methods described above may produce fair value measurements that are not indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date.

Investments Measured at Fair Value

December 31, 2025	Level 1	Level 2	Level 3	**Total**
Mutual funds	$16,762,400	$-	$-	$16,762,400

Mutual funds	$12,318,530	$-	$-	$12,318,530
Pooled separate accounts	293,576	-	-	293,576

Total assets in the fair value hierarchy:	**$12,612,106**	**$-**	**$-**	**$12,612,106**
Investments measured at NAV:				
Common/collective trust				$324,147
Total investments at fair value				**$12,936,253**

NOTE 4 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, including interest rates, market, credit and other risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Participants may direct the investment of their account balances among the investment alternatives offered by the Plan. Accordingly, the value of each participant's account is affected by the investment performance of the investment alternatives selected by the participant.

NOTE 5 – FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator has elected the ERISA Section 103(a)(3)(C) audit method of annual reporting permitted by 29 CFR 2520.103-8. Financial information included in the accompanying financial statements and notes and the supplemental schedule relating to investments, net appreciation in fair value of investments, interest, dividends and notes receivable from participants was obtained from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company, doing business as Principal Trust Company, which acts as trustee and/or custodian for certain investments held by the Plan.

NOTE 6 – INCOME TAX STATUS

The Plan has adopted a non-standardized preapproved defined contribution plan document sponsored by The Angell Pension Group Inc. The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020, to the preapproved plan document provider stating that the form of the plan document is acceptable under Section 401 of the Internal Revenue Code. The Plan adopted and restated the preapproved plan document effective January 1, 2022.

The opinion letter relates only to the acceptability of the form of the preapproved plan document and does not address the Plan's qualification in operation. The Plan Administrator believes that the Plan has been designed and operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, that the Plan and related trust continue to qualify for tax-favored treatment under Sections 401(a) and 501(a), respectively. Accordingly, no provision for federal income taxes has been included in the accompanying financial statements.

During 2025, operational errors were discovered relating to a portion of the employee and employer contributions that resulted in underpayment of contributions and lost earnings to the Plan. As of the date the financial statements were available to be issued, management has not completely determined the extent of the errors and has not quantified the impact on the Plan's financial statements. Management expects to have corrective amounts determined and the corrections made during 2026.

Management will take the necessary corrective actions to ensure that these errors have no impact on the Plan's tax status and to ensure that participants are made whole. This includes any possible corrective filings with the IRS or the Department of Labor.

The Plan Administrator has evaluated the Plan's tax positions and concluded that the Plan has no uncertain tax positions that require recognition or disclosure in the accompanying financial statements. The Plan recognizes

interest and penalties related to income tax matters, if any, in administrative expenses. No interest or penalties related to income tax matters were recognized during 2025.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are maintained in pooled separate accounts sponsored by Principal Life Insurance Company and a common/collective trust sponsored by Principal Global Investors Trust Company. At December 31, 2025, the fair value of the Plan's investments in these investment vehicles was $651,010.

Principal Life Insurance Company also provides contract administration and other services to the Plan. During 2025, the Plan incurred contract-administrator fees of $55,180. The Plan's transactions with Principal Life Insurance Company and other service providers constitute party-in-interest transactions under ERISA.

The Plan's service providers may receive direct and indirect compensation in connection with services provided to the Plan and its investment arrangements. Certain indirect compensation is reflected in the investment results of the applicable investment funds or is paid from the revenues of other service providers and, accordingly, is not necessarily presented as a separate administrative expense in the accompanying financial statements.

Notes receivable from participants totaled $282,255 and $99,039 at December 31, 2025 and 2024, respectively. Interest income from participant loans was $18,245 during 2025. Participant loans constitute party-in-interest transactions under ERISA and are intended to be made in accordance with the Plan's participant-loan provisions and the applicable statutory exemption.

Management believes that all party-in-interest transactions during 2025 were made in accordance with applicable exemptions under ERISA and that there were no nonexempt prohibited transactions during the year.
