Notes to Financial Statements
December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the Plan administrator.

General - The Plan is a defined contribution plan covering eligible employees of Cyntergy AEC, LLC (the "Company"). Employees are eligible to participate upon attaining age 18 and may enter the Plan on the first day of the next plan-year quarter. The Plan is administered by a committee appointed by the Company (the "Plan Administrator"). Kenneth L. Hirshey, Jr. and Gordon D. Guest, Jr. serve as directed trustees. John Hancock Life Insurance Company (U.S.A.) ("John Hancock") is the Plan's recordkeeper and custodian, and the Plan's assets are held under a group annuity contract issued by John Hancock. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions - Participants may elect to defer a portion of their eligible compensation, on a pre-tax or Roth basis, up to the annual limit established by the Internal Revenue Code ($23,500 for 2025). Participants who attain age 50 or older by the end of the plan year may make catch-up contributions of up to $7,500, or up to $11,250 for participants who attain ages 60 through 63 during the plan year. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan does not provide for automatic enrollment.

The Company makes a safe harbor matching contribution equal to 100% of participant deferrals up to 3% of eligible compensation, plus 50% of deferrals between 3% and 5% of eligible compensation. The safe harbor match is calculated each payroll period. For owner-members of the Company who receive guaranteed payments, eligible compensation is based on earned income, and the safe harbor match is trued up following the plan year after earned income is determined. The Plan also permits a discretionary matching contribution at the discretion of the Company; no discretionary matching contribution was made for 2025.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings, and is charged with withdrawals and an allocation of Plan losses and administrative expenses. Recordkeeping and investment advisory fees are charged to participant accounts based on account balances. Loan and distribution fees are charged to the accounts of the participants initiating those transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -Participants are immediately 100% vested in all contribution sources and related earnings. Accordingly, no forfeitures arose during the years ended December 31, 2025 and 2024. Any forfeitures that may arise under the terms of the Plan are used to reduce Company contributions.

Notes Receivable from Participants - Participants may borrow from their vested account balances a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Effective July 1, 2025, pursuant to Amendment 2025-1, a participant may have up to three loans outstanding at any time. Loans are repaid through payroll deductions over terms of up to five years, are secured by the balance in the participant's account, and bear interest at the prime rate plus 2% at the time the loan is issued. Interest rates on loans outstanding at December 31, 2025 ranged from 5.25% to 10.50%, with maturities through August 2030. The entire unpaid balance becomes due upon termination of employment.

Plan Termination - Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan's financial statements are prepared under the accrual method of accounting. Employee contributions are recognized in the period the contributions are withheld. The employer's matching contributions are recognized in the same period that the related employee contributions are withheld.

Investment Valuation and Income Recognition - The Plan's investments are held in pooled separate accounts under a group annuity contract issued by John Hancock and are reported at fair value. Fair value of the pooled separate accounts is measured using the net asset value (NAV) per unit as a practical expedient. See Notes 5 and 6 for a discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Plan Tax Status - The Plan has adopted a pre-approved plan document sponsored by Employee Benefits Group, LLC. The Internal Revenue Service has issued an opinion letter dated June 31, 2020 stating that the form of the pre-approved plan document is acceptable under Section 401 of the Internal Revenue Code. The Plan has been amended since the opinion letter was issued. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan and related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Risks and Uncertainties – Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the risks associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect participants' account balances and amounts reported in the statement of net assets available for plan benefits.

Payment of Benefits - Upon termination of service, death, or disability, a participant may receive a lump-sum distribution of the vested account balance or roll it over to another qualified plan or IRA. Vested balances of $5,000 or less are distributed without participant consent; balances of $1,000 to $5,000 for which the participant does not make an election are automatically rolled over to an IRA. Participants who have attained age 59½ may take in-service withdrawals. Hardship withdrawals are permitted from participant deferral accounts under the safe harbor hardship rules. Required minimum distributions are made as required by the Internal Revenue Code.

Administrative Expenses – Recordkeeping and investment advisory fees are paid from Plan assets and are recorded as administrative fees in the statement of changes in net assets available for benefits. Fees for loans and distributions are charged to the accounts of the participants initiating those transactions. Certain investment-related expenses are included in net appreciation in fair value of investments. The Company pays the Plan's audit fees and third-party administration fees; these expenses are excluded from the financial statements.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Contributions and Employer Match Receivable – The employer match receivable represents safe harbor matching contributions owed to owner-members of the Company for the plan year, based on earned income determined after year end. The 2025 receivable of $41,819 was funded on October 2, 2026, and the 2024 receivable of $34,943 was funded on September 10, 2025.

Pooled Separate Accounts - The value of each separate account is determined at the close of each business day based on market value. The value of the account is expressed in "units". The "unit value" is the dollar value of the entire account divided by the total number of units in the accounts.

A contribution to the account increases the number of units. Withdrawals from the account decrease the number of units. The increase or decrease in the number of units is determined by dividing the amount of the contribution or withdrawal by the unit value for the day the transaction is made. The value of the participant's account on any date is determined by multiplying the number of units held by the unit value at the close of the business day.

The fair value of the participation units owned by the Plan in the various trust funds is based on redemption values determined by the custodian. Generally, these values are based on the latest available quoted market prices of the underlying investment of the various funds.

3. INFORMATION CERTIFIED BY JOHN HANCOCK LIFE INSURANCE COMPANY

Plan management elected to have the Plan's audit performed in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the custodian and a party in interest, as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

	2025	2024
Pooled separated accounts, at fair value:	$ 18,039,925	$ 15,161,132
Notes receivable from participant loans	$ 341,481	$ 270,372
Net appreciation in the fair value of investments	$ 2,693,747	
Interest Income on notes receivable from participants	$ 30,415	

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

4. RELATED PARTY TRANSACTIONS

Certain Plan investments are pooled separate accounts held under a group annuity contract issued by John Hancock Life Insurance Company (U.S.A.), the Plan's custodian and recordkeeper; these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to John Hancock for recordkeeping services were $39,439 for 2025. Everwealth Advisors serves as the Plan's investment manager under ERISA Section 3(38); investment advisory fees paid by the Plan were $40,840 for 2025. Employee Benefits Group, LLC serves as third-party administrator, and its fees are paid by the Company.

Certain officers and owner-members of the Company serve as Plan trustees and Investment Committee members and participate in the Plan. The Company provides certain administrative services to the Plan at no cost. Notes receivable from participants and the Company's payment of Plan expenses are party-in-interest transactions that are exempt from the prohibited transaction rules.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts: Valued at the NAV of units of the separate account. The NAV, as provided by the custodians, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments on these accounts as of December 31, 2025 and 2024

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements as of:			
	Fair Value	**(Level 1)**	**(Level 2)**	**(Level 3)**
December 31, 2025				
Pooled separate accounts*	$ 18,039,925	-	-	-
Total	**$ 18,039,925**	**$ -**	**$ -**	**$ -**

	Fair Value Measurements as of:			
	Fair Value	**(Level 1)**	**(Level 2)**	**(Level 3)**
December 31, 2024				
Pooled separate accounts*	$ 15,161,132	-	-	-
Total	**$ 15,161,132**	**$ -**	**$ -**	**$ -**

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

6. INVESTMENTS MEASURED USING THE NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The following table summarized investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the Plan.

Investment	Fair Value as of December 31, 2025	Fair Value as of December 31, 2024	Unfunded Commitments	Redemption Frequency (if currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 18,039,925	$ 15,161,132	n/a	Daily	12 months

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025:

	2025	2024

Net assets per Form 5500	$ 18,381,406	$ 15,431,504

The following is a reconciliation of the increase in net assets available for benefits per the financial statements to the net income per the Form 5500 for the year ended December 31, 2025:

Increase in net assets available for benefits - Financial statements	$ 2,956,778
Change in contribution receivable	(6,876)
Net income - Form 5500	$ 2,949,902

8. REVISION OF PREVIOUSLY ISSUED FINANCIAL STATEMENTS

During 2025, the Plan Administrator identified that safe harbor matching contributions of $34,943 owed to owner-members for the year ended December 31, 2024 had not been accrued in the previously issued 2024 financial statements. The contributions were funded on September 10, 2025. Management evaluated the error and concluded it was not material to the previously issued financial statements. The December 31, 2024 statement of net assets available for benefits presented herein has been revised to correct the error, as follows:

		Previously Reported		Adjustment		As Revised
Employer match receivable	$	$ -0-	$	$34,943	$	$34,943
Total assets	$	15,431,504	$	34,943	$	15,466,447
Net assets available for benefits	$	15,431,504	$	34,943	$	15,466,447

The revision had no effect on the Plan's 2024 Form 5500. See Note 7.
