To the Trustees of the Plan

We have audited the accompanying statements of net assets available for benefits of Robert A. M. Stern Architects Amended and Restated 401(k) Profit Sharing Plan as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Robert A. M. Stern Architects Amended and Restated 401(k) Profit Sharing Plan as of December 31, 2010 and 2009, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Schedule H, line 41- Schedule of Assets (Held at End of Year) as of December 31, 2010 is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ROBERT A. M. STERN ARCHITECTS
AMENDED AND RESTATED 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

Note 1 – Description of Plan:

The following description of the Robert A. M. Stern Architects (Company) Amended and Restated 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

A. General –

The Plan was adopted by the Company effective January 1, 1995 by merging the Robert A. M. Stern Architects Profit Sharing Plan, previously established, effective January 1, 1993 and the Robert A. M. Stern Architects Saving Tax Advantaged Retirement Plan (the "STAR Plan"). The Plan is a defined contribution and 401(k) plan covering all employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended effective July 1, 2007.

The Plan was amended to adopt certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001. The Plan was also amended to incorporate certain provisions of the General Agreement of Tariffs and Trade, the Uniform Services Employment Reemployment Rights Act, the Small Business Job Protection Act, the Taxpayer Relief Act of 1997, the Internal Revenue Restructuring and Reform Act of 1998, and the Community Renewal Tax Relief Act of 2000.

B. Eligibility –

All employees were eligible upon the completion of one year of service (over 1,000 hours) and attainment of age twenty-one before July 1, 2007.

Effective July 1, 2007, all employees are eligible upon the completion of one month of service (over 83.33 hours) and attainment of age twenty-one.

C. Contributions –

The Profit Sharing portion of the plan is non-contributory and contribution to this portion is in the Company's sole discretion. Forfeitures from terminated employees' non-vested accounts are added to the employer's contribution and are allocated to each participant's account according to criteria described in the Plan document. The amounts forfeited for the years ended December 31, 2010 and 2009 were $105,933 and $64,764 respectively. Employer contributions for the years ended December 31, 2010 and 2009 were $1,144,679 and $1,118,394, respectively. Forfeiture funds accumulated from 2008 to 2009 totaling $113,415 were applied toward 2010 employer contribution.

For the 401(k) portion, participants may contribute between one to ninety-two percent of their annual wages or $16,500 plus a $5,500 catch-up amount, for a participant with an attained age of 50 years or older in 2010, whichever is less. Effective July 1, 2007, the Company matches fifty percent of employee contributions up to a maximum of six percent on behalf of each participant who has annual compensation up to $65,000. Prior to that date, the compensation limit was $40,000. The Plan also accepts rollover contributions from participants.

Note 1 – Description of Plan (Continued):

D. Participant Accounts –

For the Profit Sharing portion, each participant's account is credited with the Company's contributions, the allocation: of (1) Plan earnings; and (2) forfeitures of terminated participant's non-vested accounts. Allocations of plan earnings are based on account balances while allocations of forfeitures are based on criteria described in the Plan document. For the 401(k) portion, each participant's account is credited with the participant's contribution and account earnings.

E. Vesting –

Participants are immediately vested in their salary reduction and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

F. Investment Options –

Participants may elect to allocate their accounts in the various Merrill Lynch mutual funds shown on the Schedules of Assets (Held at End of Year). (See Page 9).

G. Payment of Benefits –

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to his or her vested account value, or as otherwise provided in the Plan.

H. Notes Receivable from Participants –

The Plan provides specific rules and requirements relating to participant loans. The loans are secured by the balance in the participant's account and must be repaid within five years, in substantially level payments, on a not less frequently than quarterly basis. The loans bear interest at a rate commensurate with local prevailing rates as determined by the Trustee, currently at prime plus 1%. The Internal Revenue Service Code limits amounts that participants may borrow from their accounts.

Note 2 – Summary of Accounting Policies:

A. Basis of Accounting –

The financial statements of the Plan are prepared under the accrual method of accounting.

B. Investment Valuation and Income Recognition –

Investments are reported at fair value. Fair value is the price that would be received to sell and asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value of measurements.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plans gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Accounting Policies (Continued):

C. Notes Receivable from Participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

D. Use of Estimates –

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumption that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

E. Risks and Uncertainties -

The Plan provides for various investment options using a combination of mutual funds and other investment securities. Investment securities are exposed to various risks, such as variable interest rates and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

F. Reclassification –

The 2009 financial statements have been reclassified where appropriate to conform to the 2010 presentation.

Note 3 – Investments:

Contributions to Participant directed investment accounts are invested in mutual funds held by Merrill Lynch. Participants are able to periodically direct the investment of funds credited to their accounts. The following presents investments which are 5% or more of the Plan's net assets as of December 31, 2010 and 2009

	2010	2009
American Capital World Growth & Income	$1,493,270	$1,137,109
American Growth Fund	1,337,454	1,241,502
BlackRock Global Allocation Fd	1,965,704	1,808,574
BlackRock Equity Dividend Fund	1,289,529	800,058
BlackRock Global Small Cap	753,167	-
Invesco Van Kampen	1,106,663	725,277
MFS Total Return Fund	1,136,070	784,514
Victory Special Value A	1,021,611	871,682
ML Ready Assets	708,490	-

Note 3 – Investments (Continued):

The Plan's investments (including investments bought, sold and held during the year) appreciated in value by $1,639,887 and $2,449,593 as reflected on the Statement of Changes in Net Assets Available for Benefits during the year ended December 31, 2010 and 2009, respectively.

Note 4 – Fair Value Measurements:

The Plan has adopted the fair value measurements accounting standard, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 Measurements) and the lowest priority to unobservable inputs (Level 3 Measurements). The three levels of the fair value hierarchy under the standard are described below:

- Level 1 – quoted prices in active markets for identical securities.
- Level 2 – other significant observable inputs (including quoted prices for similar securities, interest rates, pre-payment terms, credit risk, etc.)
- Level 3 – significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of and for the years ended December 31, 2010.

Mutual Funds: Valued at fair value based on quoted market price held in a separate account by the Plan at year end.

At December 31, 2010 and 2009, the Plan's investments are all classified as Level 1.

Note 5 – Custodial and Administration Arrangement:

ASCENSUS Retirement Services, L.P. provides the Plan with various administrative services including maintaining and accounting for the records of the participants' accounts. Merrill Lynch, acting in a fiduciary capacity, holds the cash and securities of the Plan. The fees for these services are paid by the Company.

Note 6 – Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be entitled to their account balances.

Note 7 – Income Tax Status:

The Plan obtained its latest determination letter dated November 15, 2004 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan has adopted the accounting standard for uncertainty in income taxes. This standard provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. The adoption of this standard by the Plan had no impact on its financial statements.
