NOTES TO FINANCIAL STATEMENTS

ORLANDO ORTHOPAEDIC CENTER, M.D., P.A. 401(k) PROFIT SHARING PLAN

December 31, 2010

NOTE A – DESCRIPTION OF PLAN

The following description of the Orlando Orthopaedic Center, M.D., P.A. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers substantially all employees of Orlando Orthopaedic, M.D., P.A., (the Organization/Employer) who have attained twenty-one years of age and are employed for a 12 consecutive month period during which they complete at least 1,000 hours of service as an employee. The Plan was adopted effective July 1, 1974. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. For each plan year, the Employer may contribute to the Plan an amount of matching contributions determined by the Employer's board of directors at its discretion. Additional profit sharing amounts may be contributed at the option of the Employer's board of directors. For the year ended December 31, 2010, a contribution of approximately 4.01% of participants' qualified compensation was contributed to the Plan.

Participant Accounts

The Plan permits participants to direct their account balances among twenty-five investment options. Each participant's account is credited with the participant's contribution, the employer's contribution and an allocation of the Plan's earnings, and is charged with an allocation of administrative expenses. Participants may change their investment options periodically. Contributions of $619,119 had not been allocated to participant's accounts at December 31, 2010.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization's contribution portion of their accounts is based on years of continuous service. Participants vest 20% per year after two years of service, and are 100% vested after six years of service. A participant is also 100% vested upon death, disability, attainment of normal retirement age, or meeting the requirements for Early Retirement Date.

NOTE A – DESCRIPTION OF PLAN – CONTINUED

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account.

Forfeitures

The nonvested portion of a participant's account is forfeited as of the earlier of; (a) termination as an employee of Orlando Orthopaedic Center, M.D., P.A., or (b) the date the participant incurs five consecutive vesting breaks in service, as defined in the Plan document. Forfeitures are used to reduce employer contributions. During the year ended December 31, 2010, $9,362 of non-vested accounts was forfeited. No forfeited plan assets were used to reduce employer contributions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of Investments

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Benefit Payments

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Operating Expenses

All expenses of maintaining the Plan are paid by the Employer.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 7, 2011, the date the financial statements were issued.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

SFAS No. 157, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. The three levels of the fair value hierarchy under SFAS No. 157 are described below:

NOTE C – FAIR VALUE MEASUREMENTS – CONTINUED

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 Fair Value Measurement

Inputs to the valuation methodology are unobservable and significant to the fair value instrument.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE D – SUMMARY INFORMATION CERTIFIED BY TRUSTEE

Charles Schwab Trust Company (the Trustee) has certified that all investments, interest income, and net appreciation (depreciation) in fair value of investments disclosed in the financial statements are complete and accurate as of December 31, 2010 and 2009 and for the year ended December 31, 2010. Investments that represent five percent or more of the Plan's net assets are separately identified.

During 2010, the Plan's investments appreciated in value by $1,275,030.

NOTE E – PLAN TERMINATION

Although it has not expressed any interest to do so, the employer has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE F – TAX STATUS

The Internal Revenue Service has determined and informed the Organization by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – BENEFITS PAYABLE

Net assets available for benefits at December 31, 2010 and 2009, include $508,817 and $393,083, respectively, allocated to the accounts of persons who as of or prior to those date had terminated or retired.
