TAPPAN WIRE & CABLE, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the Tappan Wire & Cable, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1993 for the purpose of providing retirement, death and disability benefits for the employees of Tappan Wire & Cable, Inc. ("the Company"). The Plan is a defined contribution plan covering substantially all full time employees of the Company who are not covered by a collective bargaining agreement. A new employee shall become eligible to participate in the Plan effective on the first day of each quarter after the participant has attained twenty-one years of age and completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to contribute to the Plan between 1% and 25% of their eligible compensation up to the annual limit of \$16,500 and \$15,500 in 2009 and 2008, respectively. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions up to a maximum of an additional \$5,000. Participants may also contribute (rollover) amounts representing distributions from other qualified benefit or contributions plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers twenty mutual funds as investment options for participants and a self managed option. The Company may decide to make matching contributions to the Plan, although it is not required to do so. The percentage of salary deferral contributions to be matched will be determined by the Company and allocated to the participants at the end of the plan year.

Participant Accounts

Individual accounts are maintained for each participant with State Street Bank ("State Street"), the Plan custodian and trustee. The Plan provides that earnings on contributions from participants are accumulated tax deferred. The Plan also provides that the participants are not subject to income tax on the amounts contributed and related earnings until the Plan makes distributions to the participant. Each participant has the right to invest their contributions into any of the various investment options offered by the Plan. Participants may make or change such investment options by giving instructions to the Plan custodian.

Vesting

Participants are vested immediately in their contribution plus actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Vesting (Continued)

Participants vest in the Company's discretionary match as follows:

<u>Years of Vesting Service</u>	<u>Nonforfeitable Percentage</u>
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

Participant Loans

Participants may borrow from their fund accounts a minimum of \$500 and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The Plan does permit certain hardship loans above 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates, which are commensurate with local prevailing rates, as determined quarterly by the plan administrator. Principal and interest is paid ratably through weekly payroll deductions. Loans must be repaid with 60 months.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a ten-year period. Upon termination of service resulting from other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may be entitled to a hardship withdrawal of their benefits if they qualify under the criteria established by the Plan.

Forfeited Accounts

If a participant terminates employment with the Company at a time when the participant does not have a fully vested account, the non-vested employer contributions and actual earnings thereon are forfeited. Forfeitures are left in the Plan and are used to reduce future employer contributions or to reduce future administrative expenses. There were no forfeitures available to reduce future employer contributions or to reduce future administrative expenses for the years ended December 31, 2009 and 2008.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested with all rights to any amounts in their respective accounts.

NOTE 2 — SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Plan Administrative Expenses

Expenses incurred in the administration of the Plan are generally charged to and paid by the Company.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

Subsequent Events

The Plan's management has evaluated subsequent events through July 23, 2010, the date the financial statements were available to be issued.

NOTE 3 — INVESTMENTS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008, the schedule of assets (held at end of year) as of December 31, 2009, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2009 and 2008. Investments of the Plan consist of mutual funds, common collective trusts, and interest bearing-cash.

The following table represents the fair value of those investments that consist of 5% or more of the Plan's net assets at December 31:

	2009	2008
State Street Global Advisors Life Solutions Balance Growth	*	\$ 124,554
State Street Global Advisors S&P 500 Index Fund	\$ 283,700	230,814

Neuberger Berman Partners - Adv	275,354	95,512
Templeton Growth Fund - R	*	137,712
State Street Brokerage Account	*	135,680

NOTE 4 — RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by State Street. State Street is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE 5 — INCOME TAX STATUS

The Plan's underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the "Code"), and therefore, the related trust is tax exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

NOTE 7 — FAIR VALUES MEASUREMENTS

Financial Accounting Standards Board *Accounting Standards Codification* ("Codification"), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Codification are as follows:

TAPPAN WIRE & CABLE, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE 7 — FAIR VALUES MEASUREMENTS (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quotes prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measures at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Money market funds: Valued using amortized cost which approximates fair value.

Brokerage account: Valued at the closing price reported on the active market on which the underlying individual securities are traded.

Mutual funds and common collective trusts: Valued at the net asset value (NAV) of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 — SUBSEQUENT EVENT

During July 2010 the Company was acquired by Southwire Company. There are no intentions to terminate the Plan as of the date of the acquisition.
