INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of
MotionPoint Corporation FSA 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of MotionPoint Corporation FSA 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of MotionPoint Corporation FSA 401(k) Profit Sharing Plan & Trust's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"AbitOs" is the brand name under which AbitOs, PLLC and AbitOs Advisors, LLC and its subsidiary entities provide professional services. AbitOs, PLLC, and AbitOs Advisors, LLC (and subsidiary entities) practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. AbitOs, PLLC is a licensed independent CPA firm that provides attest services to its clients, and AbitOs Advisors, LLC and its subsidiary entities provide tax and business consulting service to their clients. AbitOs Advisors, LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report.

We are required to be independent of MotionPoint Corporation FSA 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MotionPoint Corporation FSA 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MotionPoint Corporation FSA 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MotionPoint Corporation FSA 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The Schedule H, Line 4i – Schedule of Assets (Held at End of Year) ("supplemental schedule") as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note A — Description of Plan

The following description of MotionPoint Corporation FSA 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of MotionPoint Corporation and its participating affiliates (collectively, the "Company" or "Employer"). The Plan was formed and adopted on January 1, 2012, and last restated May 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

All employees, other than employees covered by a collective bargaining agreement and nonresident aliens with no U.S.-source earned income, are eligible to participate upon attaining age 21 and completing three months of service. An eligible employee enters the Plan on the first day of the Plan Year quarter coinciding with or next following the date the eligibility requirements are satisfied and is eligible to make elective deferrals and receive applicable employer contributions in accordance with the Plan document.

Administration of the Plan

The Company serves as Plan Administrator and maintains the Plan's accounting and participant records. Effective for the 2025 Plan year, ADP Retirement Trust Services, LLC ("ADPRTS") serves as Trustee and holds the Plan's assets. Reliance Trust Company served as Trustee for the 2024 Plan year. ADP, LLC serves as the Plan's recordkeeper. Participant and employer contributions are remitted to the applicable Trustee and invested in accordance with participant investment elections and the Plan's provisions. The Trustee also processes distributions and other authorized payments from participant accounts.

Contributions

Participants may contribute from 1% to 90% of eligible compensation on a pretax or Roth basis, subject to Internal Revenue Code limitations. The maximum elective deferral for 2025 was $23,500. Participants age 50 or older were permitted to make additional catch-up contributions of up to $7,500. The Plan also accepts eligible rollover contributions from qualified retirement plans and individual retirement accounts.

The Company makes safe harbor matching contributions for each participant who meets the Plan's eligibility requirements. The safe harbor match is equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation.

Participant Accounts and Vesting

A separate account is maintained for each participant. Each participant's account is credited with the participant's elective deferrals, rollover contributions, and allocated employer contributions, as applicable, and is adjusted for investment earnings and losses and allocated Plan expenses. Allocations of investment earnings and losses are based on each participant's investment fund balance in relation to the applicable total investment fund balance.

Note A — Description of Plan (continued)

Participant Accounts and Vesting (continued)

Participants are immediately 100% vested in their elective deferrals, rollover contributions, Company safe-harbor matching contributions, and earnings thereon. Discretionary nonelective or profit-sharing employer contributions vest according to years of credited service as follows: less than two years, 0%; two years, 20%; three years, 40%; four years, 60%; five years, 80%; and six or more years, 100%. A participant becomes fully vested upon attaining normal retirement age 65, becoming totally and permanently disabled, dying while employed by the Company, or upon termination of the Plan, subject to the terms of the Plan document.

Notes Receivable from Participants

Participants may borrow from their vested accounts, subject to a minimum loan amount of $1,000 and a maximum generally equal to the lesser of $50,000, reduced by the participant's highest outstanding loan balance during the preceding 12 months as applicable, or 50% of the participant's vested account balance. A participant may have no more than two loans outstanding at one time. Loans are secured by the participant's vested account balance and bear interest at a rate generally equal to the prime rate plus 1%. Principal and interest payments are credited to the borrowing participant's account.

Loans are generally repayable through payroll deductions over a period not exceeding five years; a longer repayment period may be permitted for a loan used to purchase a participant's principal residence. Notes receivable from participants are measured at unpaid principal plus accrued but unpaid interest. If required payments are not made and the default is not cured within the period permitted by the Plan and applicable law, the unpaid balance may be treated as a deemed taxable distribution.

Distribution of Benefits

A participant or beneficiary may receive the participant's vested account balance upon death, disability, normal retirement, or termination of employment, subject to the Plan's provisions. Normal retirement age is 65. Available forms of payment may include a lump-sum distribution, partial withdrawals, or installment payments. The Plan also permits eligible rollover distributions.

While employed, participants may request distributions upon attaining age 59½ and may be eligible for hardship withdrawals or other in-service withdrawals permitted under the Plan, including withdrawals of qualifying rollover amounts. Distributions may be subject to federal and state income taxes and, when applicable, an additional 10% early-distribution tax. If a participant's vested account balance is $7,000 or less, the Plan may distribute the balance without the participant's consent in accordance with applicable rollover and Plan provisions.

Forfeitures

Forfeitures arise when a participant terminates employment before becoming fully vested in Company nonelective or profit-sharing contributions. In accordance with the Plan document, forfeitures may be used to reduce future employer contributions or pay eligible Plan expenses. No forfeitures were noted during the years ended December 31, 2025 and 2024.

Plan Termination

Although the Company has not expressed an intent to do so, it has the right to discontinue contributions or terminate the Plan at any time, subject to ERISA and the Plan document. Upon termination of the Plan, affected participant accounts become fully vested and nonforfeitable. The Plan's accounting provisions continue to apply until all participant accounts have been distributed.

Note B — Summary of Significant Accounting Policies

Basis of Presentation and Use of Estimates

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Mutual funds are valued at the daily closing price as reported by the fund. Common/collective trusts are valued at net asset value provided by the trustee. The net asset value is used as a practical expedient to estimate fair value.

Payment of Benefits and Administrative Expenses

Benefits are recorded when paid. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value and a hierarchy that prioritizes the inputs used in valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

> **Level 1:** Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.
>
> **Level 2:** Inputs are observable, either directly or indirectly, other than Level 1 quoted prices. These inputs may include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and other inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset or liability.
>
> **Level 3:** Inputs are unobservable and reflect the Plan's assumptions about the assumptions market participants would use in pricing the asset or liability. These inputs are significant to the fair value measurement.

The fair value measurement of an asset or liability is classified in its entirety based on the lowest-level input that is significant to the measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the valuation methodologies used at December 31, 2025 and 2024.

Note B — Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

Mutual funds: Valued at the daily closing price reported by the fund. The mutual funds held by the Plan are open-end funds registered with the Securities and Exchange Commission, publish a daily net asset value, and transact at that value. Accordingly, the mutual funds are considered actively traded and are classified within Level 1 of the fair value hierarchy.

Common/collective trusts: Valued at net asset value ("NAV") provided by the Trustee. NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the trust, less its liabilities, divided by the number of units outstanding. The practical expedient is not used when it is probable that the investment will be sold for an amount different from reported NAV. There were no unfunded commitments or redemption restrictions at December 31, 2025 and 2024. Participant-directed redemptions may be made without restriction and are processed at the end of each business day. Investments measured at NAV as a practical expedient are not classified within the fair value hierarchy.

The valuation methods described above may produce a fair value measurement that is not indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with those used by market participants, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date.

The following tables present the Plan's investments by fair value hierarchy level as of December 31, 2025 and 2024. Investments measured at NAV as a practical expedient are presented separately and are not categorized within the fair value hierarchy.

Note C — Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by qualified institutions. The information as of and for the year ended December 31, 2025 was certified by ADP Retirement Trust Services, LLC, and the information as of December 31, 2024 was certified by Reliance Trust Company. For the respective years, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by these qualified institutions, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note D — Income Tax Status

The Plan is maintained under a prototype plan for which the Internal Revenue Service issued an opinion letter dated October 6, 2020, indicating that the form of the Plan satisfies the qualification requirements of Section 401(a) of the Internal Revenue Code ("IRC") and that the related trust qualifies for tax-exempt treatment. Although the Plan has been amended since that letter was issued, the Plan Administrator believes that the Plan's terms and operations continue to comply with the applicable provisions of the IRC.

Management reviewed the Plan's tax positions and determined that the Plan continues to qualify for tax-exempt status. Management also concluded that no uncertain tax positions require recognition or disclosure in the accompanying financial statements; accordingly, no provision for income taxes has been recorded. The Plan generally remains subject to examination by taxing authorities for 2022 and subsequent years.

Note E — Risks and Uncertainties

During 2025, participants directed their accounts among various investment options that were subject to interest-rate, market, and credit risks. Changes in financial markets or other economic conditions could cause the value of these investments to fluctuate. As a result, it is reasonably possible that near-term changes in these risks could materially affect participant account balances and the amounts reported in the Plan's 2025 statements of net assets available for benefits and changes in net assets available for benefits.

Note F — Party-in-Interest Transactions

Parties-in-interest under ERISA include Plan fiduciaries and participants, the Employer, and entities that provide services to the Plan. Notes receivable from participants represent party-in-interest transactions because the loans are made to Plan participants. The Plan also had transactions with service providers that qualify as parties-in-interest. Fees paid by the Plan to parties-in-interest for administrative and other services were approximately $49,000 during each of the years ended December 31, 2025 and 2024.

Note G — Subsequent Events

The Plan Administrator evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued, and determined that no subsequent events required recognition or disclosure in the accompanying financial statements.
