Independent Auditor's Report

To the Plan Administrator
Leith, Inc. 401(k) Profit Sharing Plan
Mount Laurel, New Jersey

Opinion on the 2025 Financial Statements

We have audited the financial statements of Leith, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2025 Financial Statements).

In our opinion, the accompanying 2025 Financial Statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Our objectives are to obtain reasonable assurance about whether the 2025 Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2025 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the 2025 Financial Statements as a whole. The Supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant contributions for the year ended December 31, 2025 and schedule H, Line 4i - Schedule Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the 2025 financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and

Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2025 Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 Financial Statements or to the 2025 Financial Statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Report on the 2024 Financial Statements

The financial statements of the Plan as of December 31, 2024, were audited by predecessor auditors. Their audit report, dated October 14, 2025, indicated that the financial statements presented fairly, in all material respects, the net assets of the Plan as of December 31, 2024, and the changes in its net assets for the year then ended, in accordance with GAAP.

(1) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Leith, Inc. 401(K) Profit Sharing Plan ("the Plan") have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets during the reporting period, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments in mutual funds and similar instruments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All mutual fund investments of the Plan are publicly registered and traded on national securities exchanges, and are, therefore, carried at fair value based on their quoted market prices at the end of the year.

Security transactions are recorded on the trade date. Dividend income is recorded on the ex-dividend date; interest income is recorded on the accrual basis.

Net appreciation in fair value of investments includes realized gains and losses and the changes in unrealized gains and losses.

Management fees and operating expenses charged to the Plan for investments in mutual funds are reflected as a reduction of investment return for such investments.

(d) Contributions and Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Non-elective/Profit sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

(e) Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company as provided in the Plan document. Participant transaction fees are paid by Plan participants through a reduction in their account balances. Administrative expenses, including a monthly recordkeeping fee of $5.50 per participant, are paid through credits provided by the recordkeeper for Plan investments. Management fees and operating expenses charged to the Plan for investments are deducted from income earned

on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

(f) Payments of Benefits

Benefits are recorded when paid.

(2) Description of Plan

The following description of the Leith, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for complete information.

(a) General and Eligibility

The Plan is a defined contribution plan covering eligible employees of Leith, Inc. and affiliates (the "Company"), who are at least 18 years of age and have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The purpose of the Plan is to provide for discretionary profit-sharing contributions, elective deferrals pursuant to Internal Revenue Code (IRC) Section 401(k), and discretionary-matching contributions for employees of the Company and its participating affiliates.

The company is the administrator ("Plan Administrator") of the Plan. Matrix Trust Company and Milliman USA serve as the Trustee and Recordkeeper, respectively, of the Plan.

On March 18, 2024, the Company was acquired by Holman National Retail Holdings, LLC, a subsidiary of Holman Automotive Group, Inc, which is a subsidiary of the ultimate parent Holman Enterprises, Inc. The acquisition has not affected the operations of the Plan.

(b) Contributions

Participants may contribute between 2% and 82% of their eligible pay on a pretax basis, not to exceed $23,500 and $23,000 for 2025 and 2024, respectively Participants have the option to make Roth elective salary reduction contributions up to 50% of after tax annual compensation, as defined by the Plan, subject to certain IRC limitations. If an employee is eligible to participate in the Plan and has not declined to participate, pretax enrollment at a deferral rate of 5% is automatic after three months of service. Participants aged 50 and over are eligible to make catch-up contributions. The Company, at its discretion, may match participant contributions to the Plan. In 2025, the Company matched 25% of the first 5% of eligible compensation that a participant contributed to the Plan. The Company's matching contribution for the years ended December 31, 2025 and 2024, were $1,427,747 and $1,395,230, respectively.

Additional amounts may be contributed at the discretion of the Company's board of directors to those eligible employees who have completed one year of service and are employed on the last day of the Plan year. The Company made additional discretionary profit-sharing contributions of $308,940 and $470,000 to the Plan for the 2025 and 2024 plan years, respectively, allocated to participants proportionately based on eligible wages.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Contributions are subject to certain IRC limitations.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

(d) Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. Currently, participants can choose among 16 mutual funds. Participants may allocate their contributions among these funds. In addition, they may transfer previously contributed amounts among these funds.

(e) Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100% vested ratably after six years of credited service for employer-matching and employer-discretionary contributions. Participants become fully vested at age 65, or upon death, disability, or retirement under the Company’s retirement policy.

(f) Participant Loans

The Plan does not allow participants to borrow from their accounts.

(g) Payment of Benefits

On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant will be eligible to receive all vested account balances. If the vested account balance is not greater than $1,000, the participant will automatically receive a lump-sum payment, unless a direct rollover is requested. If the vested account balance is between $1,001 and $5,000, the balance will automatically be rolled over into an Individual Retirement Account (IRA) with Charles Schwab Trust Company, unless the participant requests a direct rollover to an account of their choice within 60 days of termination. If the vested account balance is greater than $7,000, the participant may elect either a lump-sum payment or a direct rollover. If a participant has a vested balance over $5,000 in their account, they may also take no action, and the balance will remain in the Plan. In addition, effective July 1, 2011, a participant who has reached age 65 may take an in-service withdrawal of vested amounts in the form of a lump-sum payment or a partial cash payment. Participants may obtain hardship benefit distributions up to 100% of their elective deferral account balances in the event of immediate and heavy financial need, as defined in the Plan document.

(h) Forfeitures

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $0 and $80,191, respectively. Forfeitures from terminated participants' nonvested accounts are used to reduce administrative expenses, and any excess is used to reduce the Company's matching contributions or discretionary profit-sharing contributions to the Plan. During the year ended December 31, 2025 and 2024, forfeitures of $383 and $2,355, respectively, were used to offset employer match. Also, during 2025 and 2024, the Company used $291,060 and $130,000, respectively, of forfeitures to reduce discretionary profit sharing contributions.

(3) Federal Income Tax Status

The Plan uses a pre-approved plan document sponsored by FIS Business Systems LLC (FIS). FIS received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(4) Fair Value Measurements

In accordance with Financial Accounting Standards Board Accounting Codification 820, *Fair Value Measurements*, the Plan classifies its investments into a hierarchy. Level 1 refers to securities valued using quoted prices from active markets for identical assets; Level 2 refers to securities not traded in an active market but for which observable market inputs are readily available; and Level 3 refers to securities valued based on unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025, or 2024. The following is a description of the valuation methodologies used for assets measured at fair value. The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2025, and 2024:

	Fair Value Measurements			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	**Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total**
Mutual Funds	154,868,799	-	-	154,868,799

	Fair Value Measurements			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	**Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total**
Mutual Funds	145,598,393	-	-	145,598,393

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan were to be terminated, then each participant will become fully vested in their accounts.

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

(7) Related-Party Transactions

The Recordkeeper receives direct compensation for the performance of administrative and recordkeeping services performed. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

(8) Delinquent Participant Contributions

During the Plan year ended December 31, 2025, participant contributions totaling $1,314,180 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Employer is in the process of correcting the late remittance for the Plan year ended December 31, 2025. The related 2025 lost earnings are expected to be remitted to the Plan during 2026.

(9) Subsequent Events

The Company has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.
