1. DESCRIPTION OF THE PLAN

The following description of Techtronic Industries North America, Inc. (the "Company") Deferred Savings Plan (the "Plan) (formerly Ryobi Technologies, Inc. Deferred Savings Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan is a defined contribution plan covering substantially all hourly and salaried employees of the Company. Employees are eligible to participate on the first day of the calendar month following completion of one month of service. Prior service with Ryobi Motor Products Corp., Ryobi America Corporation and Ryobi North America, Inc. (collectively the "Predecessor Employers") qualifies toward the service requirement for employees employed by one of the Predecessor Employers on July 31, 2000. The Plan was amended in 2005 to add Milwaukee Electric Tool Corporation and Royal Appliance Manufacturing Co. to the list of Predecessor Employers. The Plan was amended in 2007 to admit Stiletto Tools, Inc. as a participating employer. The Plan now states that service with all predecessor organizations will be counted when determining whether a participant meets the service requirement. The Administrative Committee of the Company manages the operation and administration of the Plan. The Plan's trustee is State Street Bank & Trust Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 50% of their pretax annual compensation, as defined in the Plan, not to exceed $16,500 and $15,500 in 2009 and 2008, respectively. Contributions are subject to certain Internal Revenue Code ("IRC") limitations. The Plan provides for an automatic 3% employee deferral election for any existing or new plan participant who does not have a deferral election in place, unless such participant makes a different deferral election directly with Diversified Investment Advisors. The Company matches 50% of the first 8% of base compensation that a participant contributes to the Plan. This matching contribution is effective for future plan years unless subsequent action to the contrary is taken by the Company's Board of Directors. For the period from January 1, 2009 to April 6, 2009 the Company made safe-harbor matching contributions. This policy was eliminated effective April 6, 2009. The employer non-safe harbor match was suspended effective May 4, 2009. Additional non-elective amounts may be contributed at the discretion of the Company's Board of Directors. No such contributions were made during 2009 or 2008. Participants may also contribute amounts representing distributions from other qualified defined benefits or defined contribution plans. Excess contributions to be returned to participants are included in the accompanying statements of net assets available for benefits.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of Company non-elective contributions and plan earnings, and charged with benefit payments and allocations of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments
Participants direct the investment of participant and employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and common trust funds as investment options for participants.

Vesting
Participants are vested immediately in their contributions plus actual earning thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant vests ratably and is 100% vested after five years of credited service. In addition, a participant becomes fully vested upon his or her death, disability or retirement. Forfeited balances of terminated nonvested participants are used to reduce future Company contributions.

Participant Loans
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balances, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. A participant may have only one loan outstanding at any time and may only initiate one loan in a 12-month period. The loan term may not exceed five years unless the loan is for the purchase, or construction of a primary residence.

Payment of Benefits
On termination of service a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or partial withdrawals.

Forfeited Accounts
At December 31, 2009 and 2008, forfeited nonvested accounts totaled $36,323 and $90,514, respectively. During the years ended December 31, 2009 and 2008, employer contributions were reduced by $36,323 and $90,514, respectively, from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associates with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Investments in common trust funds ("funds") are stated at estimated fair values, which have been determined based on the unit values of the funds. Unit values are determined by the organization sponsoring such funds by dividing the funds' net assets at fair value by the units outstanding at each valuation date. The loans to participants are valued at the outstanding loan balances.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and the common trust fund are deducted from income earned on a daily basis and are not separately reflected.

Consequently, management fees and operating expenses are reflected as a reduction of net income for such investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

Administrative expenses of the Plan are paid by either the Plan or the Company, as provided in the plan document. Expenses paid by the Plan amounted to $4,600 and $4,447 for the years ended December 31, 2009 and 2008.

3. INVESTMENTS

The Plan's investments that represent 5% or more of the Plan's net assets available for benefits as of December 31 are as follows:

	2009	2008
Mutual funds		
American Capital World Growth & Income Fund	$2,863,594	$2,123,694
American AMCAP R4	3,741,146	2,132,695
PIMCO Total Return Fund	3,154,700	2,481,271
Diversified Stable Pooled Fund	10,855,122	11,980,548

During the years ended December 31, 2009 and 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $5,254,681 and $(7,663,915), respectively. This appreciation (depreciation) is comprised of an appreciation (depreciation) in mutual fund investments of $4,936,217 and $(8,088,524), respectively and an appreciation in common trust fund investments of $318,464 and $424,609, respectively.

4. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds and units of participation in common trust funds managed by the trustee. Therefore, these transactions qualify as party-in-interest transactions.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

6. FEDERAL INCOME TAX STATUS

Effective December 15, 2002, the Plan adopted a prototype plan document sponsored by its former trustee. The trustee received an opinion letter from the Internal Revenue Services ("IRS"), dated October 1, 2005, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2009 and 2008, and for the years then ended, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by the current and former trustees of the Plan as of December 31, 2009 and 2008 and for the years then ended, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustees that such information is complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

	2009	2008
Investments		
Cash account	$ 25,348	$ 17,266

Common trust funds	10,855,122	11,980,548
Participant loans	1,057,569	842,489
	$35,966,876	$30,336,307
Investment income		
Interest	$ 57,727	$ 61,202
Income from common trusts	318,464	424,609
Income from registered investment companies	4,936,217	(8,088,524)

In addition, all investment information included in Note 3 and the supplemental schedule was furnished and certified by the trustee.

8. CONCENTRATION OF CREDIT RISK

The Plan's investments consist of mutual funds and pooled separate accounts. Such investments are subject to the normal risks of investing in publicly – traded securities.

9. FAIR VALUE MEASUREMENTS

SFAS No. 157, *Fair Value Measurements*, defines fair value as the price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. SFAS No. 157 establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels:

Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical assets and liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2 - Observable inputs other than quoted prices in active markets.

Level 3 - Unobservable inputs for which there is little or no market data available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

The methods used to vaue plan investments are as follows:

Cash Account: Level 1. This is an ordinary bank account.

Mutual Funds: Level 1. Investment is valued at a daily calculated Net Asset Value and is traded at a quoted price through the National Securities Clearing Corporation.

Common Trust Funds: Level 2. A daily Net Asset Value is calculated by the trustee. The investment is not traded in an active amrket or exchange. No No CUSIP or Ticker exists to access the unit alue. The investment is valued at a daily calculated unit value, which is an observable input.

The fair values of these investments are disclosed in Note 7 above.
