# INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Honolulu Community Action Program, Inc.
Retirement Plan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Honolulu Community Action Program, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Honolulu Community Action Program, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the yearS ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**
We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Honolulu Community Action Program, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Basis of Accounting**
We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

**Responsibilities of Management for the Financial Statements**
Management is responsible for the preparation and fair presentation of the financial statements in accordance with modified cash basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Honolulu Community Action Program, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**
In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Honolulu Community Action Program, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Honolulu Community Action Program, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting because the audit does not include auditing procedures over certified investment information.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Supplemental Schedules Required by ERISA**
The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) (modified cash basis) as of September 30, 2025 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**Supplemental Schedules Required by ERISA (Continued)**
In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Years Ended December 31, 2025 and 2024

## 1. DESCRIPTION OF THE PLAN

The following description of the Honolulu Community Action Program, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

### a. General

The Plan was established by Honolulu Community Action Program, Inc. (HCAP) in 1972. The Plan is a money purchase pension plan, which is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974. The Plan was frozen effective September 1, 2026. Accordingly, no new participants have entered the Plan subsequent to that date.

### b. Eligibility

Prior to the Plan being frozen, an employee was eligible to participate in the Plan upon the completing 1,000 hours of service within 12 consecutive months beginning with the employee's employment start date. If an employee did not complete 1,000 hours of service during that period, the employee became eligible upon completing 1,000 hours of service during any succeeding 12-consecutive-month period beginning on the anniversary of the employee's employment start date.

### c. Contributions

Prior to the Plan being frozen, participant could authorize HCAP to deduct up to three percent of total wages as the participant's contribution. HCAP contributed two times the amount of each active participant's contributions, not to exceed six percent of total wages from which participant's contributions were deducted. Contributions commenced with the pay period during which the participation became eligible to participate in the Plan.

### d. Plan Benefits

Participants are entitled to the portion of their account balances to which they have a vested right. Participants' vested balances will be equal to 100 percent of their contribution and the applicable percentage of HCAP's contribution in accordance with the following schedule:

| Number of years of service | Percentage of account distributable upon termination |
|---|---|
| Less than one | 0% |
| One but less than two | 25 |
| Two but less than three | 50 |
| Three but less than four | 75 |

## 1. DESCRIPTION OF THE PLAN (CONTINUED)

### e. Allocation of Contributions

The entire Plan operates as a single fund, where individual recordkeeping accounts are maintained for each participant. Each participant's account is credited with the participant's contribution and an allocation of HCAP's contribution and Plan earnings.

### f. Forfeitures

Participants forfeit nonvested portions of employer contributions when they terminate employment before satisfying the Plan's vesting requirements. In accordance with the Plan document, forfeitures may be used to pay eligible Plan administrative expenses or to reduce future employer contributions. For the years ended December 31, 2025 and 2024, the forfeitures totaled $759 and $1,702 respectively. During 2025 and 2024, the forfeiture account also earned dividend income of $1,752 and $2,025. As of December 31, 2025 and 2024, forfeitures available for use totaled $43,805 and $41,294, respectively.

### g. Death, Disability and Retirements

Benefits in the event of the participant's death, disability, retirement, normal or postponed retirement or reduction in force or transfer termination, the vested balance shall be equal to the full amount credited to the member's account (100 percent of participant's share and 100 percent of HCAP's share).

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### a. Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Under this method, contributions are recorded when received in cash, and benefit payments and certain expenses are recorded when paid. Accruals may be recorded for certain items, such as forfeitures or known refunds, when deemed necessary to fairly present the Plan's net assets available for benefits and changes therein. The basis of accounting differs from GAAP primarily because it does not recognize certain receivables and payables.

### b. Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### c. Administrative Expenses

The Plan's administrative expenses are paid by the Plan, as provided by the Plan document. Expenses include maintenance charge, separate account charge at an annual rate ranging from 1% to 1.25% of the average daily net asset value of separate account, and cash surrender or withdrawal charge. Charges against separate accounts paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

### d. Investment Valuation

Investments other than fully benefit-responsive contract described in Note 7 are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Investments transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at year-end.

### e. Payment of Benefits

Participant benefits are recorded when paid.

## 3. PARTY-IN-INTEREST

Parties-in-interest are defined under ERISA as any fiduciaries of the Plan, any party rendering services to the Plan, the employer, and certain others. The Plan's investments are held and managed by VALIC, which is a service provider to the Plan and therefore a party-in-interest. Transactions with VALIC, including investment management fees and recordkeeping services, qualify as party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA. Fees paid to VALIC amounted to $16,221 and $14,068, respectively, for the years ended December 31, 2025 and 2024.

Management is not aware of any non-exempt prohibited transactions for the years ended December 31, 2025 and 2024.

## 4. CERTIFIED INVESTMENT INFORMATION

Certain investment information of the Plan is prepared and certified to the Plan by the Variable Annuity Life Insurance Company (VALIC) (the custodian), which management has determined is a qualified institution under ERISA Section 103(a)(3)(C). VALIC has certified to the Plan that, as of and for the years ended December 31, 2025 and 2024, the investment information it provided to the Plan, including the fair value or contract value of the investments it holds on behalf of the Plan and related investment income and expense, is complete and accurate.

The accompanying financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) include investment information that agrees to, or is derived from, the information prepared and certified to the Plan by VALIC. Investment balances and related activity for assets held by VALIC are based on, and presented in conformity with, that certified information.

Plan management is responsible for determining that VALIC is a qualified institution under ERISA Section 103(a)(3)(C), that the certification meets the requirements of that section, and that the certified investment information is appropriately measured, presented, and disclosed in these financial statements.

| | 2025 | 2024 |
|---|---|---|
| Investments | $ 4,776,628 | $ 4,626,496 |
| Investment income: | | |
| Net change in fair value of investments | $ 202,506 | $ 166,237 |
| Interest and dividends | $ 284,899 | $ 251,138 |

## 5. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated September 30, 2005, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

## 6. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted market prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025.

- Mutual Fund: Valued at fair value based on quoted market prices
- Fixed Interest Options: Valued at fair value based on contract values

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## 6. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

| | Assets at Fair Value as of December 31, 2025 | | |
|---|---|---|---|
| | Level 1 | Contract Value | Total |
| Mutual funds | $ 3,312,484 | $ - | $ 3,312,484 |
| Fixed interest options | - | 1,464,144 | 1,464,144 |
| Total investments | $ 3,312,484 | $ 1,464,144 | $ 4,776,628 |

| | Assets at Fair Value as of December 31, 2024 | | |
|---|---|---|---|
| | Level 1 | Contract Value | Total |
| Mutual funds | $ 3,075,797 | $ - | $ 3,075,797 |
| Fixed interest options | - | 1,550,699 | 1,550,699 |
| Total investments | $ 3,075,797 | $ 1,550,699 | $ 4,626,496 |

## 7. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a guaranteed investment contract with VALIC that is considered a fully benefit-responsive investment contract. The contract is included in the financial statements at contract value, which is the relevant measurement attribute for fully benefit- responsive investment contracts because it is the amount the participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions plus credited earnings, less participant withdrawals and administrative expenses.

Under the terms of the contract, VALIC is obligated to repay principal and a specified interest rate that may be fixed or reset periodically. Certain events, such as significant plan amendments, plan termination, a complete or partial Company-initiated layoff of a significant number of Plan participants, failure of the Company to meet its contractual obligations under the Plan, or may allow the contract issuer to terminate the contract at an amount different from contract value. As of December 31, 2025 and 2024, management is not aware of the occurrence of any such events.

Either party to the group annuity contract may terminate the contract with written notice to the other party. The contract termination date shall be any business day on or after the expiration of the 30-day notification period.

## 8. CHANGE IN FAIR VALUE OF INVESTMENTS

During 2025 and 2024, the Plan's investments (including investments bought, sold, and held during the year) changed in value as follows:

| | 2025 | 2024 |
|---|---|---|
| Mutual funds | $ 202,506 | $ 166,237 |
| Net change in fair value of investments | $ 202,506 | $ 166,237 |

## 9. SIGNIFICANT INVESTMENTS

The Plan's investments that represented five percent or more of the Plan's net assets available for benefits as of December 31, 2025 and 2024 are as follows:

| | 2025 | 2024 |
|---|---|---|
| Valic Fixed-Interest | $ 1,464,144 | $ 1,550,699 |
| Dreyfus S&P 500 Index | $ 558,610 | $ 314,145 |
| Dreyfus Intl Stock Index | $ 351,288 | $ 344,028 |
| PIMCO Total Return Fund A | $ 326,351 | $ - |
| Dreyfus Bond Market Index | $ 317,253 | $ 349,693 |
| Amer Funds Amer Bal R4 | $ 270,423 | $ 518,656 |
| Amer Fds Growth Fd America R | $ 239,363 | $ 301,533 |

## 10. PLAN TERMINATION

Although it has not expressed any intent to do so, HCAP has the right under the Plan at any time to terminate the Plan by delivering to the trustee and administrator written notice of such termination. Upon termination of the Plan, the interest of each participant becomes fully vested and shall not be subject to forfeiture. Furthermore, with respect to priorities in the event of a plan termination, HCAP would direct the distributions of the assets of the trust fund to participants in a normal manner, which is consistent with the Plan's distribution of benefits provisions.

As of December 31, 2025, no formal action has been taken by the HCAP to terminate the Plan.

## 11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

## 12. SUBSEQUENT EVENTS

Management evaluated events and transactions that occurred after the balance sheet date for potential recognition and disclosure through September 23, 2026, the date on which the financial statements were available to be issued.
