The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2025, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Global Language Center 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, ADP Retirement Trust Services, LLC (ADPRTS), dated April 8, 2026, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate as of and for the year ended December 31, 2025.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note A.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Global Language Center 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note A to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The accompanying statement of net assets available for benefits – modified cash basis as of December 31, 2024 is presented for comparative purposes only. This information was not audited by us, and accordingly, we do not express an opinion or provide any assurance on it. The year ended December 31, 2025 is the first plan year for which the Plan's financial statements have been audited.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note A, which includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements or for determining that an ERISA Section 103(a)(3)(C) audit is permissible in the circumstances, that a qualified institution prepared and certified the investment information as described in 29 CFR 2520.103-8, that the certification meets the requirements of 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with the applicable financial reporting framework.

In preparing the financial statements, management is responsible for assessing Global Language Center 401(k) Plan's ability to continue as a going concern, disclosing, as applicable, matters related to going concern, unless management either intends to terminate the Plan or has no realistic alternative but to do so.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Global Language Center 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Global Language Center 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note A.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note A.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Schedule

The supplemental schedule of assets (held at end of year), Schedule H, Line 4i, as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information that agrees to or is derives from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derives from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A – Plan Description and Summary of Significant Accounting Policies

General: The following information and description of Global Language Center 401(k) Plan (the Plan) provides only general information. Participants should refer to the actual plan document, contractual agreements, and summary plan description as provided by Global Language Center (the Corporation), for more complete and current information.

Description: The Plan was established in November 2017 by the Corporation's management and was amended in January 2026 to comply with various regulatory and legislative changes. The Plan is a defined contribution plan intended to qualify under Section 401(k) of the Internal Revenue Code (IRC) and is subject to applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers employees who are at least age 18 and are not in an excluded class (part-time employees scheduled for fewer than 1,000 hours, and temporary and seasonal employees). The entry date is the first day of the month coinciding with or next following the date eligibility is met. Employees hired under a prevailing wage contract are eligible for prevailing wage contributions on their date of hire. As of January 1, 2025, 219 participants had account balances in the Plan. Because the Plan had 100 or more participants with account balances at the beginning of the plan year, the Plan is required to be audited by an independent qualified public accountant under ERISA Section 103(a)(3)(A).

Plan Administration: Global Language Center is the plan administrator of the Plan. Effective January 1, 2025, all Plan assets were transferred from Reliance Trust Company to ADPRTS; net assets available for benefits at that date were $3,222,071. ADPRTS holds plan assets in trust and executes investment transactions on behalf of participants. Participants direct investments of their account balances. ADPRTS provides participants with information on the investment choices available. Default investments are made in accordance with specific rules. ADPRTS provides recordkeeping and administrative services to the Plan.

Basis of Accounting: The accompanying financial statements are prepared on the modified cash basis of accounting, which is a special purpose framework other than accounting principles generally accepted in the United States of America (U.S. GAAP). Under this basis, contributions are recognized when received by the Plan's trustee, rather than when earned or withheld from participants' payroll; benefits paid to participants and administrative expenses are recognized when paid, rather than when the obligation is incurred; and interest and dividends are recognized when received. The modifications to the cash basis are: (1) investments are reported at fair value, and net appreciation (depreciation) in fair value is reported as a component of investment income; (2) notes receivable from participants are reported at unpaid principal balance; and (3) participant loans deemed distributed under IRC §72(p) are recorded as "certain deemed distributions of participant loans. Interest on notes receivable from participants is recognized when received.

Comparative Information: The 2024 comparative amounts in the statement of net assets available for benefits are unaudited and are derived from the Plan's 2024 Form 5500. The year ended December 31, 2025 is the first plan year for which the Plan's financial statements have been audited.

Participant Accounts: Individual accounts are maintained for each plan participant and include the participant's pre-tax and Roth deferrals, rollover contributions, employer matching, and profit-sharing contributions (including any excess prevailing wage contributions), and plan earnings (including any interest, dividends, realized and unrealized gains or losses) and are reduced by allocable administrative fees, expenses, and withdrawals.

Note A – Plan Description and Summary of Significant Accounting Policies – Continued

Participant Contributions: Participants may make pre-tax and Roth contributions from their compensation each pay period up to statutory limits per the IRC. Distributions from other qualified retirement plans can also be contributed as rollover contributions.

Employer Contributions: The Corporation may make discretionary matching contributions equal to a percentage of participants' salary deferrals, determined each year. For 2025, the match was 50% of deferrals up to 3% of compensation. The Corporation may also make discretionary profit-sharing contributions and, for employees covered by prevailing wage contracts, prevailing wage contributions, which are qualified nonelective contributions.

Vesting: Participants are always 100% vested in salary deferral, rollover and prevailing wage contributions. Matching and profit-sharing contributions become 100% vested after one year of service (1,000 hours or upon attainment of normal retirement age (65), death, or disability).

Terminating Participants and Forfeitures: Participants who terminate employment for reasons other than death, disability, or retirement are entitled to the vested portion of their accounts. Participants who terminate employment before they are fully vested forfeit the non-vested portion of their account balance, which remains in the Plan as a forfeiture. The Corporation may use forfeitures to pay Plan expenses or to reduce the employer contributions otherwise required, and in some cases forfeitures are reallocated to participants as though they were additional employer contributions. During 2025, forfeitures of $4,955 were used to reduce employer contributions (see Note G).

Distributions to Participants: Terminated participants may elect to receive their vested account balance as soon as administratively feasible following termination of employment. If a participant's vested account balance does not exceed $7,000, it may be distributed only as a single lump-sum payment. If the vested balance exceeds $7,000, it may be distributed as a single lump-sum payment, in installments over a period not exceeding the life expectancy of the participant (or the joint life expectancies of the participant and the participant's beneficiary), or as partial withdrawals. Participants may withdraw rollover contributions at any time. Distributions must begin by the date required under the IRC. Benefit payments and distributions to participants are recorded as deductions from net assets when paid.

Investment Valuation and Recognition: The Plan's investments consist of common/collective trust and registered investment companies (mutual funds). Shares of registered investment companies are valued at the published net asset value (NAV) per share, which is a quoted price in an active market. Units of common/collective trust are valued at the NAV per unit as a practical expedient to estimate fair value, as reported by the trustee.

Excess Contributions: Excess contributions are recorded as benefits paid when refunded to participants. No liability is recorded for amounts payable at year end.

Benefits Paid and Expenses: Certain expenses of maintaining the Plan are paid by the Corporation and are, therefore, excluded from the accompanying financial statements. Administrative fees paid by the Plan, including recordkeeping and investment advisory fees, are charged to participant accounts or paid from the Plan's ERISA budget account and are reported as administrative expenses. Deemed distributions of participant loans, reported separately from benefits paid, were $4,712.

Note A – Plan Description and Summary of Significant Accounting Policies – Continued

Fair Value Measurements: Registered investment companies are classified as Level 1 of the fair value hierarchy because they are valued at quoted NAV in an active market. Common/collective trust are measured at NAV per unit as a practical expedient and, in accordance with ASC 820, are not categorized within the fair value hierarchy. The Plan holds no investments classified as Level 2 or Level 3 (see Note B).

Accounting Estimates: The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Significant estimates may be required in the determination of fair value in certain circumstances. Accordingly, actual results could differ from those estimates, and the difference may be material.

Notes Receivable from Participants: Participants may borrow from their vested account a minimum of $1,000 and up to the lesser of $50,000 (reduced per IRC §72(p)) or 50% of the vested balance, one loan at a time. Loans are repaid through payroll deduction over up to five years (up to 30 years for a principal residence at an interest rate equal to the prime rate plus 1%, as set forth in the Summary Plan Description (SPD). At December 31, 2025, outstanding loans bore interest at 6.50% to 9.50% and mature between March 2026 and August 2030. Notes receivable are reported at unpaid principal balance. Interest income is recognized when received. A participant loan in default is treated as a deemed distribution and is removed from notes receivable at its unpaid principal balance, when the deemed distribution occurs. Interest that accrues on a deemed-distributed loan is not recognized as income or as part of the deemed distribution.

Party-in-Interest Transactions: ADPRTS is the trustee, custodian and recordkeeper of the Plan and is a party in interest. During 2025, the Plan paid ADPRTS $36,231 for recordkeeping services. The Plan also paid Edelman Financial Engines $19,633 for investment advisory and investment management services. Under Section 3(14) of the ERISA, Edelman Financial Engines is a party-in-interest because they provide advisory services to participants. These amounts are reported as administrative expenses in the statement of changes in net assets available for benefits. Participant loans are also party-in-interest transactions; participant loans made under the Plan's terms are exempt from the prohibited transaction rules of ERISA Section 408(b)(1). Additionally, the Plan also incurred investment advisory and investment management fees of $18,507 from Kestra Advisory Services, which are netted against net appreciation in fair value of investments rather than reported as a separate expense.

Plan Investments: As of December 31, 2025, participants had investments in 6 registered investment companies and 24 common/collective trust, including 2 stable value funds. Participants may allocate their contributions across these investment options in any proportion and may change their allocations as set forth in the plan document. Participants may also elect to transfer their account balances between the available investment options and have access to their account balances through the ADPRTS system. Investment valuation is described above and summarized in Note B.

Plan Termination: The Corporation intends to maintain the Plan indefinitely. However, the Corporation reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan, and all amounts credited to participants' accounts will become 100% vested. Additionally, participants will be notified if the Plan is terminated.

Note B – Fair Value Measurements

The following table presents the Plan's investments by measurement basis as of December 31, 2025.

	2025

	2025
Net increase in net assets available for benefits per financial statements	$ 1,142,720
Net income per Federal Form 5500, Schedule H, Part II, Income and Expense Statement	$ 1,142,720

Note E – Income Tax Considerations

The Plan uses a pre-approved plan document provided by ADP, LLC. The IRS issued an opinion letter to ADP, LLC, as the pre-approved plan provider, dated October 6, 2020, stating that the form of the plan document satisfies the requirements of Sections 401(a) , 401(k) of the IRC; and trust exempt under Section 501(a). The Plan has been amended since the opinion letter was issued. The Corporation believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and that the Plan is therefore qualified and the related trust is exempt from income taxes. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Corporation has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan did not incur or accrue any penalties or interest associated with uncertain tax positions during the year ended December 31, 2025.

Note F – Risks and Uncertainties

Participants direct the investment of their accounts and bear the investment risk. The Plan's investment options are exposed to interest rate, market, credit, and other risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2025, approximately 64% of the Plan's net assets available for benefits ($2,776,883) was invested in the flexPATH Index family of target-date and retirement collective investment trust. A decline in the value of those funds would materially affect participant account balances.

Note G – Employer Contributions

Employer contributions for the year ended December 31, 2025 consisted of matching contributions and qualified nonelective contributions, reduced by forfeitures applied to reduce employer contributions. The following table provides a breakdown of the employer contributions.

Employer matching	$	147,291
Qualified nonelective contributions		59,234
Less: Forfeitures		(4,955)
Total	$	201,570

At December 31, 2025, forfeited nonvested accounts totaled $10. These amounts are held in the Plan's forfeiture account.

Note H – Subsequent Events Evaluation

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 14, 2026, the date the financial statements were available to be issued and determined no adjustments or additional disclosures were required.
