To The Plan Administrator
The Austin Area Obstetrics, Gynecology &
Fertility, P.A. 401(k) Plan and Trust

We were engaged to audit the financial statements of Austin Area Obstetrics, Gynecology & Fertility, P.A. 401(k) Plan and Trust (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010 and the supplemental schedules as of December 31, 2010 as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. The Plan Administrator has informed us that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2010, and for the year ended December 31, 2010, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with generally accepted auditing standards in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Plan's net assets were transferred into the Central Texas OBGYN Associates 401(k) Plan on March 4, 2011 and the Plan was terminated.

NOTE A - DESCRIPTION OF PLAN

General

Austin Area Obstetrics, Gynecology & Fertility, P.A. (the "Plan Sponsor") adopted the Austin Area Obstetrics, Gynecology & Fertility, P.A. 401(k) Plan and Trust (the "Plan") effective July 1, 2002. The following brief description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all eligible employees of the Plan Sponsor. Participation in the Plan is at the election of the employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Employee Contributions

Contributions are made to the Plan by the Plan Sponsor on behalf of each eligible participant based upon the participant's elected compensation deferral through payroll deductions. The Plan Sponsor funds the contributions at the end of each payroll period. Eligible participants may elect to contribute 1% to 100% of their eligible compensation, in whole percentages, to the Plan up to the statutory limit of $16,500 for 2010, as permitted by the Internal Revenue Code of 1986, as amended ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants age 50 and older as of December 31 of the Plan year are permitted to make elective catch-up deferrals in accordance with Section 414(v) of the IRC.

Employer Contributions

The Plan Sponsor funded a safe-harbor contribution of 3% of eligible participant compensation during the calendar year 2010. These contributions are fully vested upon funding.

The Plan Sponsor may make monthly discretionary profit sharing contributions in an amount determined by the Plan Sponsor. For 2010, the Plan Sponsor elected not to make contributions for profit sharing.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Plan Sponsor's contributions and Plan earnings (losses). Allocations are based on participant compensation or account balances. Each day, the Plan's custodian calculates earnings and allocates gains and losses to each participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer matching contributions plus actual earnings thereon. Vesting in the employer profit-sharing contribution portion of their accounts plus actual earnings thereon is immediately 100% vested.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Administration

The Plan is administered by the Plan Sponsor (the "Plan Administrator"). Plan assets are held by Fidelity Management Trust Company, (the "Trustee"). The financial records of the Plan are maintained by the Trustee.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50% of their vested account balance, whichever is less. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at 10.0%, which is commensurate with local prevailing rates as determined monthly by the Plan Sponsor. All Plan notes receivable from participants must be repaid in 5 years, except those that are used for the purchase of a principal residence in which case the notes receivable from participants can be extended for 10 years. In most cases repayment of the notes receivable from participants will be made through after-tax payroll deductions.

Payment of Benefits

Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

Terminating participants with balances under $5,000 are automatically rolled into a qualified IRA unless they request a lump sum or rollover distribution. If the participant's account balance exceeds $5,000, the participant may choose to keep the funds in the Plan, request a direct rollover to another qualified plan, or take a lump sum distribution.

On termination of service due to death prior to retirement, the account balance is paid to the participant's spouse or beneficiary in a lump sum. On termination of service due to retirement after age 65, the account balance is paid to the participant in a lump sum distribution.

Distributions During Employment

As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Plan Sponsor. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Administrator) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Post secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participants principal residence, and
- Payment of funeral expenses for a member of the participant's family.

However, should a participant reach age 59 1/2 and not elect to terminate employment, the participant can take an in-service distribution from their vested account balance.

Plan Expenses

The expenses of operating and maintaining the Plan have been paid by the Plan Sponsor. In the event the Plan Sponsor does not continue to pay the Plan expenses, the Plan expenses will be paid by the Plan and charged on a pro-rata basis to the value of the participants account balances. Any loan fees charged by the third party administrator are allocated to the individual participant that obtains the loan.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The Plan's financial statements have been prepared on the accrual basis of accounting.

Plan Termination
The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. The Plan Sponsor made a formal election to terminate the Plan. The Plan's assets were transferred into the Central Texas OBGYN Associates 401(k) Plan on March 4, 2011.

Plan Administration
Expenses, incident to the administration of the Plan, such as trustee, recordkeeping, legal, accounting and auditing fees, are paid by the Plan Sponsor.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value based on quoted market prices of the mutual funds. All purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year as well as net appreciation (depreciation) of the investments held at the end of the year.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties
The Plan provides for investment in mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants
In September 2010, the FASB issued ASU No. 2010-25, *Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU 2010-25 requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balances plus any accrued but unpaid interest. ASU No. 2010-25 is effective for years ending after December 15, 2010, with early adoption permitted.

Management Review
The Plan has evaluated subsequent events through October 6, 2011, the date the financial statements were available to be issued

NOTE C - INVESTMENTS (UNAUDITED)

Appreciation in Fair Value
During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased in value by $803,627 as follows:

Mutual Funds	$ 803,627

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

a. Investments, as shown in the Statement of Net Assets Available for Benefits, as of December 31, 2010.
b. Net appreciation in fair value of investments and interest, as shown in the Statement of Changes in Net Assets Available for Benefits, for the year ended December 31, 2010.
c. The Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2010, as shown in the attached schedule at page 11.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE D - TAX STATUS

The Internal Revenue Service determined and informed the Plan Sponsor by a letter dated March 31, 2008, that the Plan and related trust were designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in accordance with the applicable requirements of the IRC.

NOTE E - RELATED PARTY TRANSACTIONS

The Plan Sponsor provided certain Plan administrative services without compensation during the year ended December 31, 2010. During 2010, the Plan Sponsor paid $8,650 for loan fees, distribution fees, and other charges to the Plan Trustee. Affiliates of the Plan Trustee manage the money market and mutual funds that constitute investment choices on the Plan.

NOTE F - FIDELITY BOND

The Plan was covered by a $2,000,000 fidelity bond during 2010.

NOTE G - FAIR VALUE

The fair value of the Plan's financial instruments reflects the amounts that the Plan estimates to receive in connection with the sale of an asset or paid in connection with the transfer of a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan established a fair value hierarchy that prioritizes the use of inputs used in valuation techniques into the following three levels:

Financial instruments are considered Level 1 when their values are determined using quoted prices in active markets for identical assets that the reporting entity has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1, such as quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Financial instruments are considered Level 3 when their values are determined using pricing models, discounted cash flow methodologies or similar techniques and at least one significant model assumption or input is unobservable. Level 3 financial instruments also include those for which the determination of fair value requires significant management judgment or estimation.

The following table represents the Plan's fair value hierarchy for its investments measured at fair value on a recurring basis as of December 31, 2010:

	Quoted Prices for Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

NOTE I - PROHIBITED TRANSACTIONS

During 2010, the Plan Sponsor failed to remit participant contributions in a timely manner. The Plan Sponsor identified fourteen instances for a total of $138,584 during the year ended December 31, 2010, where participant contributions were remitted to the Plan in violation of Department of Labor ("DOL") regulations. The Plan Sponsor entered into the DOL Voluntary Correction Program. The Plan Sponsor is in the process of estimating the amount of corrective payments due to the Plan.

NOTE J – SUBSEQUENT EVENTS

During 2011, the Plan Sponsor formally elected to terminate the Plan effective March 4, 2011 as the Plan Sponsor merged with other companies to form Central Texas OBGYN Associates. The Plan's assets were transferred into the Central Texas OBGYN Associates 401(k) Plan on March 4, 2011. In accordance with the provisions of ERISA, all participants' benefits became fully vested upon the election to terminate the Plan. No adjustments related to the Plan termination are reflected in the Plan financial statements as of December 31, 2010.

Report to the Plan Administrative Committee

October 6, 2011

To the Plan Administrative Committee
Austin Area Obstetrics, Gynecology & Fertility, P.A. 401(k) Plan and Trust

We have completed a Department of Labor limited-scope audit of the financial statements of Austin Area Obstetrics, Gynecology & Fertility, P.A. 401(k) Plan and Trust (the "Plan") for the year ended December 31, 2010 and have issued our report thereon dated October 6, 2011. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole.

Our Responsibility

As stated in our engagement letter dated June 17, 2011, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit and except that we did not, as part of the scope limitation discussed in the first paragraph, include a consideration of internal control relating to the information summarized in Note C to those financial statements, we considered the internal control of the Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Critical Accounting Policies

Management has the responsibility for selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management and the Plan Administrative Committee about the appropriateness of accounting policies and their application. The significant accounting policies of the Plan Sponsor are described in Note B to the financial statements.

The critical accounting policies are as follows:

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value based on quoted market prices of the mutual funds. All purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year, as well as net appreciation (depreciation) of the investments held at the end of the year.

Risks and Uncertainties
The Plan provides for investment in mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Uncorrected Misstatements
Our audit of the financial statements was designed to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. There were no uncorrected misstatements noted by us during the current engagement that were determined by management to be immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Corrected Misstatement
There was one misstatement noted by us during the current engagement that was determined by management to be material, either individually or in the aggregate, to the financial statements taken as a whole. See Exhibit A for summary of corrected misstatement.

Alternative Accounting Treatment
We had no discussions with management regarding alternative accounting treatments within generally accepted accounting principles for policies and practices related to material items, including recognition, measurement, and disclosure considerations related to the accounting for specific transactions as well as general accounting policies, related to the year ended December 31, 2010.

Disagreements with Management
For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Consultations with Other Independent Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Issues Discussed Prior to Retention of Independent Auditors
We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Difficulties Encountered in Performing the Audit
We did not encounter any significant difficulties in dealing with management in performing and completing our audit.

Material Written Communications with Management

We have made specific inquiries of the Plan's management about the representations embodied in the financial statements. Additionally, we requested that management provide us with certain written representations. These representations are included in the management representation letter dated October 6, 2011. We have also issued a letter on Internal Control dated October 6, 2011.

There were no other material written communications with management.

Independence

We are not aware of any relationships between PMB Helin Donovan, LLP and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence.
