Independent Auditor's Report

We have audited the accompanying statements of net assets available for benefits (modified cash basis) of Gilco - Burnsco 401(k) Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audits provide a reasonable basis for our opinion.

As described in Note B, these financial statements (and supplemental information) were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Gilco - Burnsco 401(k) Plan as of December 31, 2009 and 2008, and the changes in net assets available for plan benefits for the years then ended on the basis of accounting described in Note B.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes (modified cash basis) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

GILCO - BURNSCO 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the Gilco - Burnsco 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of Gilco Contracting, Inc and Burnsco Construction, Inc., who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to $16,500 ($22,000 if over age 50) of pretax annual compensation, as defined by the Plan. The Companies may also make discretionary contributions to the Plan at the option of the Companies board of directors. Contributions are subject to certain limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Companies contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses, Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are 100% vested in their total account.

Self-Directed Investments. Upon entering the Plan, each participant must complete a Direction of Investment form indicating how each employer and employee contribution is to be allocated among a group of pooled funds selected by the Plan's Advisory Committee.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or several different annuity options. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared using the modified cash basis of accounting.

Estimates. Although the preparation of financial statements often requires estimating some information, estimates were not necessary to prepare the accompanying financial statements.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Pooled separate accounts are valued at market prices which represent the net asset value of shares held by the Plan at year-end.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the modified cash basis.

Payments of Benefits. Benefits are recorded when paid.

Plan Expenses. The employers bear a substantial amount of the administrative costs, except those imposed by the pooled separate accounts and deducted directly from participants accounts.

NOTE C - INVESTMENTS

The following table presents the fair values of investments at December 31, 2009 and 2008. Investments that represent 5% or more of the Plan's net assets are separately identified.

NOTES TO FINANCIAL STATEMENTS

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820 *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

quoted prices for similar assets or liabilities in active markets;

quoted prices for identical or similar assets or liabilities in active markets;

inputs other than quoted prices that are observable for the asset or liability;

inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled separate accounts (except Principal U.S. Property): These accounts invest in various mutual funds, common stocks and fixed securities. While the underlying assets values are quoted prices, the net asset value of a separate account is not publicly quoted. These accounts have been assigned level 2.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

Pooled separate account - Principal U.S. Property: This account invests mainly in commercial real estate and includes mortgage loans which are backed by the associated properties. These underlying real estate investments have unobservable level 3 pricing inputs.

Guaranteed interest accounts: Fair value is the amount plan participants or plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. These accounts have been assigned level 3.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009 and 2008.

As of December 31, 2009				
Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Pooled separate accounts	$1,212,230	$	$1,190,115	$ 22,115
Guaranteed interest accounts	70,586			70,586
	$1,282,816	$ -0-	$1,190,115	$ 92,701

As of December 31, 2008				
Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Pooled separate accounts	$1,143,279	$	$1,111,323	$ 31,956
Guaranteed interest accounts	21,530			21,530
	$1,164,809	$ -0-	$1,111,323	$ 53,486

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The following table sets forth a summary of changes in the fair value of the plan's level 3 assets for the year ended December 31, 2009:

Investment Category	Beginning Balance	Total Gains or Losses	Interest Credited	Purchases, Issuances, Settlements	Ending Balance	Unrealized Gains or Losses
Pooled separate accounts	$ 31,956	$(10,835)	$	$ 994	$22,115	$ (10,380)
Guaranteed interest accounts	21,530	(417)	539	48,934	70,586	1
	$ 53,486	$(11,252)	$ 539	$ 49,928	$92,701	$ (10,797)

NOTE E - PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE F - TAX STATUS

The Companies have adopted a prototype plan from Principal Financial Group that was approved by the Internal Revenue Service on July 22, 2003. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE G - RISKS AND UNCERTAINTIES

The plan invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
