Independent Auditor's Report

The Administrative Committee
The Adirondack Trust Company
Employee Stock Ownership Plan:

We have audited the accompanying statements of net assets available for benefits of The Adirondack Trust Company Employee Stock Ownership Plan as of December 31, 2009 and 2008 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Adirondack Trust Company Employee Stock Ownership Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information included in Schedule H - Financial Information (IRS Form 5500) for the year ended December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

THE ADIRONDACK TRUST COMPANY
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008

1. Plan Description and Basis of Presentation

The following description of the Adirondack Trust Company Employee Stock Ownership Plan is provided for general information purposes only. Participants should refer to the "Plan Document" for complete information.

A. **General** - The Adirondack Trust Company (Company) established The Adirondack Trust Company Employee Stock Ownership Plan (Plan) effective as of January 1, 1977. On March 1, 1985, the Plan was amended and operates, in relevant part, as an employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions for the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an Employee Benefits Administration Committee comprising up to five persons appointed by The Adirondack Trust Company's Board of Directors.

Employees of the Company are eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours during such plan year and have attained age 21.

B. **Participant Accounts** - Each participant's employer account is credited with an allocation of (a) the Employer's contribution and (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Generally, the Employer's contribution and any forfeitures are allocated to each eligible participant in proportion to compensation. Investment earnings or losses (including net appreciation or depreciation) are allocated on the basis of the participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

For the year ended December 31, 2009, 121 shares of Adirondack Trust Company stock were not allocated to participant accounts. For the year ended December 31, 2008, all available assets were allocated to participant's accounts.

C. **Vesting** - Participants are vested based on the following schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	100%

Participants who reach their normal retirement age, generally age 65, will become fully vested.

1. Plan Description and Basis of Presentation, Continued

D. **Forfeited Accounts** - Forfeitures are created when a participant terminates employment prior to becoming fully vested. If, after five years, the participant does not rejoin the plan, the forfeited amount is reallocated to eligible participants in the same way as employer contributions are allocated. At December 31, 2009 and 2008 forfeitures reallocated to participants totalled $29,778 and $5,361, respectively.

E. **Payment of Dividends** - Employees who are vested members may elect to receive The Adirondack Trust Company and 473 Broadway Holding Corporation dividends earned. This election will reduce the participant's amount available at retirement.

F. **Payment of Benefits** - No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or under the prescribed circumstances in the event of financial hardship. Distributions are made in cash or, if a participant elects, in the form of Company common stock plus cash for any fractional share.

G. **Diversification** - After ten years of service as a participant and attaining the age of 55, a participant has the right to direct the investment portion of their account attributable to stock. All participants may diversify cash balances into an Adirondack Trust Company CD or certain mutual funds.

H. **Termination** - The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code.

I. **Put Option** - Under provisions of the Plan the participant or beneficiary will have two put options. The put options are rights to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay in cash or in installments over a period of five years or in some cases not in excess of ten years.

2. Summary of Significant Accounting Policies

A. **Investment Valuation and Income Recognition** - Investments held in the Plan are valued at fair value on December 31, 2009 and 2008. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Dividend income is recorded on the payment due date.

Purchases and sales of securities are recorded on a trade-date basis.

2. Summary of Significant Accounting Policies, Continued

B. Financial Statements - The financial statements are prepared using the accrual method of accounting.

C. Payment of Benefits - Benefits are recorded when paid.

D. Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

E. Cash - The Plan classifies cash on hand and cash in savings and checking accounts as cash. The Plan's cash is exposed to concentrations of credit risk. At times, such amounts may be in excess of the FDIC insurance limit.

F. Reclassification - Certain prior year amounts have been reclassified to current period presentation.

3. Tax Status

The Plan obtained its latest determination letter on July 17, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan was amended in 2007 to comply with The Pension Protection Act of 2006 for the purpose of a new vesting schedule.

FASB ASC 740-10 [formerly FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" (FIN48)], was issued in June 2006. It clarifies the accounting and recognition for income tax positions taken or expected to be taken in the Plan's income tax returns. The Plan's Administrator evaluates its tax positions and believes their estimates are appropriate based on current facts and circumstances.

The Plan's tax filings are subject to audit by various taxing authorities. The Plan's open audit periods are 2006-2009.

4. Administration of Plan Assets

The Plan's assets, which consist principally of The Adirondack Trust Company and 473 Broadway Holding Corporation common stock, are held by the Trustee of the Plan. The Adirondack Trust Company is a commercial bank serving customers primarily in northern Saratoga County, New York and surrounding towns and a wholly owned subsidiary that engages in insurance agency activities. 473 Broadway Holding Corporation is a one-bank holding company with operations and headquarters in Saratoga Springs, New York.

Company contributions are held and managed by the Trustee, who invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. During the years ended December 31, 2009 and 2008 The Adirondack Trust Company absorbed substantially all administrative costs of the Plan.

5. Fair Value Measurements

The Plan records purchased investments at their fair value. Generally accepted accounting principles define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation techniques. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure value into three broad levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority
- Level 2 inputs consist of observable inputs other than quoted prices for identical assets
- Level 3 inputs are unobservable for the investments and include situations where there is little, if any, market activity for the investment.

The fair value measurement for each investment is based on the lowest level of observable input for that investment. When available the Plan measures assets using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements:
The fair value of mutual funds and corporate common stocks, are based on quoted market prices. The fair value of certificates of deposit is based on original cost plus accrued interest.

Level 3 Fair Value Measurements

The fair value of The Adirondack Trust Company and 473 Broadway Holding Company are based on an annual independent appraisal.

5. Fair Value Measurements, Continued

The following table represents the Plan's fair value hierarchy for those assets measured at fair value as of December 31, 2009:

11. Subsequent Events

The Plan Administrator has evaluated subsequent events through June 30, 2010, the date the financial statements were available to be issued.

11. Subsequent Events, Continued

On January 27, 2010 the Executive Committee of the Board of Directors of The Adirondack Trust Company adopted a resolution to add a 401(k) feature to the Plan. The option will include an automatic enrollment feature with pretax salary deferrals of 3% and the option to elect salary deferral up to the maximum amount allowable. In addition, participants will have the option of deferring Roth contributions on an after tax basis. Company matching contributions will equal 100% of the first 3% of salary deferrals. Active participants were eligible to begin deferring on February 1, 2010 provided they have obtained age 21 and completed 3 months of service. New employees hired on or after February 1, 2010 shall enter the plan the first pay period of the month following the attainment of age 21 and completion of 3 months of service.
