DESIGN WORKSHOP, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 DESCRIPTION OF PLAN

The following description of the Design Workshop, Inc. 401(k), Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Basic Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a single-employer defined contribution plan covering all eligible employees of Design Workshop, Inc. (the "Company" and/or "Employer"), who have attained the age of 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Effective January 1, 2006, the Plan was amended and restated to change the Plan to a safe harbor plan. Under the new provisions of the Plan, the employer will make matching contributions equal to 100% of participants' elective deferrals up to 5% of compensation. All employer contributions made under the safe harbor provisions are 100% vested when made and may not be withdrawn from the Plan for reasons of hardship (see Note 9).

Effective January 1, 2008, the Plan was amended and restated to permit Roth 401(k) elective deferrals, whereby the contributions shall be taxed when contributed and not taxed upon distribution per Plan provisions.

Effective January 1, 2009, the Plan did not renew the safe harbor plan provisions, but rather reverted to previous provisions and vesting schedule.

Contributions

Participants may choose to defer up to 75% of pretax annual compensation as defined by the Plan, and limited by the Internal Revenue Code. These limits amounted to $16,500 and $15,500 for 2009 and 2008, respectively, plus an additional $5,500 and $5,000 "catch-up" contribution for participants age 50 and older for 2009 and 2008, respectively.

The Employer may also make matching contributions to eligible employees at its discretion. For 2009, the employer made no matching contributions. For 2008, the matching contribution equals 100% of participant's compensation up to 5%. In addition, the Employer may make non-elective contributions to the Plan. For both 2009 and 2008, non-elective contributions were not made.

Participants' Accounts

Each participant's account is credited with the participant's contribution, Plan earnings and losses, the matching Employer contributions and the forfeitures of terminated participant's non-vested accounts. The benefit to which a participant is entitled is the total amount of participant contributions and the amount that can be provided from the vested portion of the Employer contributions. Allocations of non-elective contributions are based on participant earnings or account balances, as defined.

NOTE 1 DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately 100% vested in their deferral contributions plus actual earnings thereon.

Company matching contributions are subject to the following vesting schedule:

Years of Service	Vested %
1 year or less	0%
After 2 years	25%
After 3 years	50%
After 4 years	75%
After 5 years	100%

However, a participant's vesting percentage in the Company's matching contributions shall be 100% if any of the following conditions are met:

1. The participant has died.
2. The participant reaches normal retirement age (age 65).
3. The participant has become totally and permanently disabled as defined by the Plan.

During the time the plan was a safe harbor plan (2006-2008), employer contributions were 100% vested when contributed.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The participant may also transfer his or her assets to another qualified plan or if the participant's assets are greater than $5,000, may leave those assets in the Plan. Hardship distributions to participants are permitted up to 100% of the participant's elective contribution account balance.

On reaching the age of 70 ½, a participant with a vested account balance of $5,000 or more may elect to receive a lump-sum amount equal to the value of his or her vested account or monthly, quarterly, or annual installments over a period of time not to exceed the longest of the life expectancy of the participant or the joint life expectancy of the participant and his spouse or other designated beneficiary. If the vested account balance is less than $5,000, the participant will receive a lump sum amount.

Forfeitures

The non-vested portion of a terminated participant's account is a forfeiture. Forfeitures will occur when a terminated participant receives his or her vested account balance or after a participant has incurred five consecutive one-year breaks in service. At December 31, 2009 and 2008, forfeited non-vested account balance totaled $0. Any forfeiture will be used to reduce future employer contributions to the Plan, or pay for Plan administrative expenses.

NOTE 1 DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant directs contributions made on his or her behalf to any of the funds designated by the Company and managed by MG Trust Company, LLC ("MG Trust"). Participants' direct contributions, including employer matching contributions (if any), are allocated to specific investment funds as elected by the participant. Participants may change their investment elections at their own discretion. In 2009 there were eleven investment elections available to the participants. A description of each investment option is provided below:

Calvert Social Balanced Portfolio

This portfolio seeks to achieve a competitive total return through an actively managed portfolio of stocks, bonds, and money market instruments, which offer income and capital growth opportunity and satisfy the investment and social criteria. The Fund managers attempt to provide a complete investment portfolio in one product, and typically invest about 60% of its assets in stocks and 40% in bonds and other fixed-income investments.

Calvert Social Investment Equity

This portfolio seeks growth of capital through investment in the equity securities of issuers within industries perceived to offer opportunities for potential capital appreciation. The Fund invests primarily in the common stocks of U.S. large-cap companies.

EuroPacific Growth Fund

This portfolio seeks long-term growth of capital by investing primarily in stocks of issuers located in Europe and the Pacific Basin. EuroPacific Growth Fund seeks to invest in strong, growing companies based chiefly in these areas, ranging from small companies to large corporations.

SmallCap World Fund

This portfolio seeks long-term growth of capital by investing in stocks of smaller companies in the United States and around the world. The Fund seeks to invest in small-company stocks on a worldwide basis.

Growth Fund of America

This portfolio seeks long-term growth of capital through a diversified portfolio of common stocks. The Fund can invest wherever growth opportunities may be, including up to 15% of assets outside the U.S. These investments often include traditional growth stocks, stocks of companies that are cyclical, and stocks of companies that are depressed or in turnaround situations.

New Economy Fund

NOTE 1 DESCRIPTION OF PLAN (Continued)

Washington Mutual Investors Fund
This portfolio seeks current income and an opportunity for growth of principal consistent with sound common-stock investing. The Fund seeks to be 95% invested in equities and may not invest in companies that derive the majority of their revenues from alcohol or tobacco products.

Income Fund of America
This portfolio seeks current income and secondarily, growth of capital. The Fund invests in carefully selected stocks of dividend-paying companies, U.S. corporate and government bonds, and convertible securities with potential for higher income than stocks and more appreciation than regular bonds.

Intermediate Bond Fund of America
This portfolio seeks to provide current income and preservation of capital through a bond portfolio with an average effective maturity no greater than five years. The Intermediate Bond Fund of America invests only in U.S. government, federal agency, mortgage-backed securities, and high-quality corporate and asset-backed bonds.

Cash Management Trust of America
This portfolio seeks to provide income on cash reserves, while preserving capital and maintaining liquidity, through high-quality money market instruments. In July 2009, this fund was combined with The U.S. Treasury Money Fund of American and merged into the American Funds Money Market Fund. Shares of both funds were automatically exchanged for an equal number of shares of American Funds Money Market Fund.

Alliance Bernstein 2010 – 2045 Retirement Strategy Funds
Each Retirement Strategy portfolio is managed to a specific retirement year and seeks to achieve the highest total return over time, consistent with its asset mix. As the retirement date gets closer, and continuing for 15 years beyond the date, AllianceBernstein investment professionals gradually adjust the Strategy to a more conservative investment mix. That means fewer stocks and more bonds and short-term investments. So as participants move into retirement, their Strategy becomes more focused on protecting principal and generating income. See Note 9.

Participant Loans
Participants are permitted to borrow a minimum of $1,000 of their vested benefits under the Plan. Participants may borrow up to the lesser of (1) $50,000, reduced by (a) the applicant's highest outstanding loan balance from the Plan during the one-year period ending on the day before the loan is made and (b) the applicant's outstanding loan balance from the Plan on the day before the loan is made, or (2) 50% of the present value of the participant's current vested account balance. The loans are secured by the participant's account balance and bear interest at a fixed rate equal to the current prime rate plus 1% at the date the application is approved. Interest rates on outstanding loans range from 4.25% to 8.5%. Principal and interest are paid ratably through bi-monthly payroll deductions.

NOTE 1 DESCRIPTION OF PLAN (Continued)

Administrative Expenses
The Plan Sponsor absorbs a significant portion of the Plan's administrative expenses on behalf of the Plan. Expenses for the years December 31, 2009, and 2008, totaled $23,201 and $15,730 respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared using the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation
The Plan's investments are stated at fair value as determined by quoted prices in an active market.

Payment of Benefits
Benefits are recorded when paid.

NOTE 3 INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MG Trust Company, LLC has certified that the investment balances and investment income included in the accompanying financial statements and supplemental schedule are complete and accurate. No auditing procedures were performed with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

During 2009 and 2008, the Company experienced a significant reduction in its workforce, resulting in a partial Plan termination. The affected employees' benefits under the Plan became fully vested upon termination.

NOTE 6 TAX STATUS

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the Trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service and the Plan sponsor believes that the Plan continues to qualify and to operate as designed.

NOTE 7 ROLLOVER DISTRIBUTIONS

In April 2005, the Plan adopted EGTRRA Automatic Rollover Regulations, whereby effective March 28, 2005, terminated vested account balances of greater than $1,000, but less than $5,000, in the absence of an affirmative distribution election by the terminated participant to receive it in cash or roll it into a plan or IRA of the participants' choice, must be rolled over to an IRA designated by the Plan Administrator (see Note 9).
