Plan Administrator
ASC Industries, Inc.
401(k) Profit Sharing Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the ASC Industries, Inc. 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2010 and 2009, the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note I, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds certified Plan assets and executes the related transactions. The Plan administrator has obtained certifications from the custodian as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ASC Industries, Inc. 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN

The following description of the ASC Industries, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan covering all full-time employees of ASC Industries, Inc. (the "Company"). Such employees are eligible to participate following attainment of age 21 and completion of at least a one-year period of service during the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participants may make pre-tax contributions in any amount up to 100% of their compensation, as defined by the Plan, subject to a regulatory maximum contribution of $16,500 (plus catch-up contributions, if applicable) for 2010. The Company makes matching contributions equal to 50% of amounts (limited to 6% of compensation) contributed by participants. Effective March 1, 2009, the Company suspended the matching contribution and there were no Company contributions for the year ended December 31, 2010.

In addition, the Company shall have the right to make additional discretionary contributions to the Plan. These contributions shall be unrelated to any employee contributions made during the Plan year and shall be distributed to employees on a pro rata basis as of the end of the Plan year. The Company elected not to make such contribution for the year ended December 31, 2010.

Participant Accounts

Each participant's account is credited with the employee's contribution, the Company's matching contribution, if any, and an allocation of the Company's discretionary contribution, if any, and Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Vesting:

A participant has a 100% non-forfeitable vested interest in their portion of contributions. Vesting in the Company's contribution is based on years of continuous service as follows:

Years of Service	Vesting
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A - DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts

At December 31, 2010 and 2009, forfeited non-vested accounts totaled approximately $18,000 and $9,000. When available, these accounts will be used to reduce future Company contributions. During 2010, no forfeiture amounts were utilized during the year ended December 31, 2010.

Payment of Benefits

A participant or his beneficiary, upon termination, death, disability or retirement, receives his vested interest in his account in the form of one lump sum payment or in equal installments. Additionally, the Plan has provisions for an active participant to make hardship withdrawals from his account, subject to limitations and restrictions.

Notes Receivable from Participants

The Plan permits limited borrowing by a participant against the value of his or her account to the lesser of $50,000 or 50% made under the Plan. Loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Repayments of principal and interest are credited to the participant's separate accounts within the funds as elected by the participant. Until such repayments are received, the loan is accounted for in the participant loan fund. Principal and interest is paid ratably through monthly payroll deductions.

Investment Options

The investment alternatives provided to a participant are various mutual funds. The participant may select from among the various available alternatives and change that selection at any time.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America in accordance with the terms of the Plan and under the accrual method of accounting.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Adoption of New Accounting Standard

In January 2010, the Financial Accounting Standards Board ("FASB") amended the fair value measurements and disclosures by adding new disclosure requirements for Level 1 and Level 2, separate disclosures of purchases, sales, issuances and settlements relating to Level 3 measurements, and clarification of existing fair value disclosures. This amended guidance is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity, sales, issuances and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. This guidance did not have an affect on the Plan based on the current investments the Plan holds at December 31, 2010.

In September 2010, the FASB issued guidance clarifying the classification and measurement of participant loans by defined contribution pension plans. That guidance requires that participant loans be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. The Plan adopted this new guidance in its December 31, 2010 financial statements and has reclassified participant loans of $154,883 for the year ended December 31, 2009, from investments to notes receivable from participants. Net assets of the Plan were not affected by the adoption of the new guidance.

Investment Valuation and Income Recognition

All investments are invested in various mutual funds at John Hancock Life Insurance Company (U.S.A.) ("John Hancock" or "JH"), the custodian, as directed by the participant. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid top transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued by unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Administrative Expenses

The Plan is responsible for payment of certain administrative fees; however, the Company, at its discretion, may assume certain fees.

Benefit Payments

Benefits are recorded when paid.

NOTE C - INVESTMENTS

The following table presents investments held at year-end that represent 5% or more of the Plan's net assets at December 31:

	2010	2009
JH American Funds Growth Fund	$ 482,009	$ 491,816
JH Large Cap Value Fund	221,112	-
Small Cap Opportunities Fund (VS)	230,905	222,033
JH American Funds Europacific	403,240	363,292
JH American Funds Wash Mutual	360,841	358,119
High Yield Fund (VS)	254,443	330,948
Total Return Fund (VS)	402,516	408,702
Fundamental Investors Fund	216,370	339,637

NOTE D – FAIR VALUE MEASUREMENTS

Management has adopted a standard issued by FASB that defines fair value and establishes a framework for measuring fair value (see description of each of the three levels below). Each level of the hierarchy prioritizes the inputs to valuation techniques so investors can understand with greater confidence the nature and types of investments and where greater judgments are required to come up with good and solid valuations. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan as the ability to access.

Level 2 – Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.

NOTE D – FAIR VALUE MEASUREMENTS - Continued

- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

However, the determination of what constitutes observable requires judgment by the Plan's management. Plan management considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds – Valued at the net asset value ("NAV") of shares held by the Plan at year end, which is obtained from an active market.

The following table presents the Plan's assets within the fair value hierarchy as of December 31, 2010 and December 31, 2009:

Assets at Fair Value as of December 31, 2010

	Level 1	Level 2	Level 3	Total

Total assets at fair value	$3,624,400	$ -	$ -	$ 3,624,400

NOTE E - RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by John Hancock. John Hancock is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants shall be fully vested in the Company contribution portion of their accounts and will receive a total distribution of the balances in their respective accounts.

NOTE G – TAX STATUS

The Plan obtained its latest determination letter on January 11, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and that the Plan and related trust continue to be tax exempt as of the financial statement dates. Therefore, no provision for income taxes has been included in the Plan's financial statements. accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be

NOTE G – TAX STATUS (Continued)

sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator analyzed the tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2010 and 2009.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2010.

- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2010.\

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE J – SUBSEQUENT EVENTS

The Plan evaluates subsequent events occurring between the most recent balance sheet date and the date that the financial statements are available to be issued in order to determine whether the subsequent events are to be recorded in and/or disclosed in the Plan's financial statements and footnotes. As of October 17, 2011, no disclosure for subsequent events is required.
