INDEPENDENT AUDITORS' REPORT

October 17, 2011

Med Excel U.S.A., Inc.
Profit Sharing Trust
484 Temple Hill Road, Suite 102
New Windsor, NY 12553

We were engaged to audit the financial statements of Med Excel U.S.A., Inc. Profit Sharing Trust as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedule as of and for the year ended December 31, 2010, as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by ING Institutional Plan Services, LLC, as agent for Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the agent on behalf of the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010 that the information provided to the plan administrator by the agent of the trustee is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the agent of the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to the Financial Statements
For the year ended December 31, 2010

Note 1 Description of Plan

The following description of the Med Excel U.S.A., Inc. Profit Sharing Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan in which all employees over the age of twenty-one shall be eligible to participate in order to make salary reduction contributions. These salary reduction contributions are subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Each year, participants may contribute up to Internal Revenue Service dollar limitations, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-seven mutual funds as investment options for participants. In 2009, the Company amended the plan to include a profit sharing component. Allocations are made based on a custom formula applied to each allocation group at the discretion of the employer.

C. Participant's Individual Accounts

Each participant's account is credited with the participant's contribution and such account is adjusted for investment gain and loss and income or expense. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contribution and actual earnings thereon. Vesting in the Company's profit sharing contributions, if any, plus actual earnings thereon are based on years of continuous services. A participant is 100% vested after six years of service.

E. Notes Receivable from Participants

Participants may borrow from their elective deferral accounts only, a minimum of $1,000 and up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at commercial bank rates. Only one loan may be outstanding at a time per participant.

Note 1 Description of Plan – Continued

F. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive distributions either as a lump-sum amount equal to the value of the participant's vested interest in his or her account, over the life of the participant or over a period not longer than life expectancy of the participant or beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

G. Forfeited Accounts

Unvested portions of forfeited accounts shall be applied to reduce employer contributions. Unallocated forfeitures at December 31, 2010 and 2009 were $1,929 and $0, respectively.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassifications

In accordance with FASB ASC 962-310-45-2, Participants' Loans (per 2009 Financial Statements) have been re-classified in 2010 as Notes Receivable from Participants.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Note 2 Summary of Significant Accounting Policies – Continued

Investment Valuation and Income Recognition- Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Administrative expenses related to the maintenance of the Plan are paid by the Plan Sponsor, Med Excel U.S.A., Inc.

Note 3 Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee, as of and for the years ending December 31:

	2010	2009
Investments - Mutual Funds	$ 7,221,283	$ 5,203,980
Notes Receivable from Participants	$ 39,307	$ 10,431
Investment Income	$ 716,615	$ 840,163

Note 4 Investments

The following presents investments that represent 5% or more of the plan's net assets at December 31:

	2010	# of Shares	2009	# of Shares
Western Asset Money Funds Cash Portfolio	$1,665,628	1,655,629	$1,270,132	1,270,132
Oppenheimer Main St Growth & Income	$ 761,495	23,510	$ 554,621	19,716
Legg Cbridge Aggress Grwth Fund	$ 506,770	4,571	$ 344,743	3,853
Oppenheimer Rising Fund	$ 649,563	41,880	$ 470,119	33,725
Legg Battery S&P Index Fund	$ 473,930	37,435	$ 342,087	30,516

Note 5 Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note 5 Fair Value Measurements – Continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The mutual funds held for investment were valued at the net asset value (NAV) of shares held by the plan at year end. There have been no changes in the methodologies used at December 31, 2010 and 2009.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The plan's assets at fair value as of December 31, 2010 and 2009 were $7,221,283 and $5,203,980, respectively. These investments are all classified as Level 1 as per above.

Note 6 Party-In-Interest Transactions

Plan investments are shares of mutual funds managed by ING Institutional Plan Services, LLC.

Fees paid by the Sponsor to the third party administrator amounted to $1,700 for the year ended December 31, 2010.

Certain employees of the Sponsor, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Note 7 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

Note 8 Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2007.

Note 9 Risks & Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

During 2010, the third party administrator made distributions to eight (8) Plan participants of both their own vested and non vested account balance. The non vested distributions totaled $24,010 and were included in the benefits paid to participants' expense. As soon as this issue was discovered, the Plan Sponsor took corrective action to recover the monies from the participants. As of the report date, the Plan has recovered $3,361 and is continuing their efforts to collect the remaining balance. Additionally, the Plan Sponsor has strengthened internal control requirements to ensure the error does not recur.

Note 10 Subsequent Events

Distributions requested prior to year-end but not disbursed until 2011 amounted to $16,384.

Subsequent events have been evaluated through October 17, 2011, which is the date the financial statements were available to be issued.
