INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Solantic 401(k) Savings Plan
Jacksonville, Florida

We were engaged to audit the accompanying statements of net assets available for benefits of the Solantic 401(k) Savings Plan (the Plan) as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedules as of December 31, 2010, as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The following description of the Solantic 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, adopted effective January 1, 2002, is a defined contribution plan covering substantially all employees of Solantic Corporation (previously, Solantic, LLC) (the Employer, Company, or Plan Sponsor), who are at least 18 years of age and have completed at least 90 days of service. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

The Principal Life Insurance Company (the Trustee or Principal) serves as the trustee and record keeper of the Plan, and maintains and administers the Plan's investment assets for the benefit of participants.

Contributions

Participants are automatically enrolled in the Plan to make pre-tax deferrals equal to 2% of pay, as defined in the Plan document, up to the maximum amount prescribed by law. Participants can opt out of the Plan prior to enrollment. Participants direct the investment of their contributions into various investment options offered by Principal. The Employer may make a discretionary matching contribution on behalf of each participant equal to a discretionary percentage of their elective deferral contributions and/or equal to their annual pay divided by the total annual pay of all participants in the Plan at the end of the year. For the years ended December 31, 2010 and 2009, there were no Employer discretionary contributions made.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (CONTINUED):

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest 25% per year in the Employer's contribution portion of their account plus actual earnings thereon, for each year of credited service as defined by the Plan document. Participants with four or more full years of credited service are 100% vested.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant, or beneficiary in the case of death, may elect either a single lump-sum amount equal to the value of the participant's vested interest in his or her account, or annuity payments. The Plan also permits withdrawals due to financial hardship, in accordance with provisions specified in the Plan document.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of (i) $50,000 (less the highest outstanding loan balance over the previous twelve months) or (ii) 50 percent of their vested account balance. A participant may only have one loan outstanding at any one time, and the loans are made for terms not to exceed five years, unless for the purchase of a principal residence. The loans are secured by the participant's vested account balance and bear a reasonable rate of interest. Principal and interest are paid ratably through payroll deductions. Loans are considered to be in default if unpaid for more than 90 days after the loan is due. Defaulted loans are treated as taxable distributions to the participant.

Administrative Expenses

Administrative expenses are paid either by the Employer or the Plan, in accordance with the terms of the Plan agreement. Fees for participants' distributions, withdrawals, loans and similar expenses are paid by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Presentation

The financial statements of the Plan are prepared under the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully benefit-responsive investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through guaranteed interest accounts. The statements of net assets available for benefits present the fair value of the investment in guaranteed interest accounts as well as the adjustment of the investment in guaranteed interest accounts from fair value to contract value relating to the investment contracts. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payments of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Excess Contributions Payable

The Plan is required to return contributions received during the plan year in excess of the Internal Revenue Code limits.

New Accounting Pronouncement

In September 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2010-25 which requires that participant loans be classified as notes receivable from participants and measured at their unpaid principal balance plus any accrued but unpaid interest. Previously, the participant loans were classified as investments and were subject to fair value disclosure. The amendments are effective for years ending after December 15, 2010 and have been applied retrospectively to the prior period presented. The Plan's application of this guidance had no effect on the statement of changes in net assets available for benefits for the years ended December 31, 2010 and 2009. The statements of net assets available for benefits as of December 31, 2010 and 2009 have segregated the notes receivable from Plan participants from the investments measured at fair value.

3. FAIR VALUE MEASUREMENTS:

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The fair value framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

3. FAIR VALUE MEASUREMENTS (CONTINUED):

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2010 and 2009:

Pooled separate accounts – valued at the unit value calculated from the net assets of the underlying pool of securities.

Guaranteed interest accounts – valued at contract value, adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Large U.S. equity	$ ---	$ 79,566	$ ---	$ 79,566
Small/mid U.S.equity	---	112,313	---	112,313

3. FAIR VALUE MEASUREMENTS (CONTINUED):

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Large U.S. equity	$ ---	$ 53,222	$ ---	$ 53,222

4. INVESTMENTS:

The following investments represent 5% or more of the Plan's net assets at December 31:

	2010	2009
Principal LifeTime 2030 Separate Account	$ 232,126	$ 177,589
Principal LifeTime 2020 Separate Account	277,952	133,630
Principal LifeTime 2040 Separate Account	149,697	121,497
Principal Money Market Fund	79,226	**
Principal Short-Term Bond Fund	**	51,948
Participant loans	**	45,739

** Investment does not exceed 5% of net assets, at fair value, at December 31.

During 2010 and 2009, the Plan held an investment in the Flexible Investment Annuity Group Contract, which is a guaranteed interest account managed by Principal.

4. INVESTMENTS (CONTINUED):

The following are the average yields credited to the assets held in guaranteed interest accounts as of December 31:

Average yields	2010	2009
Based on actual earnings	0.83%	0.10%
Based on interest rate credited to participants	0.00%	0.27%

During the years ended December 31, 2010 and 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $135,517 and $149,976, respectively.

5. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE:

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, Principal, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate at December 31:

	2010	2009
Pooled separate accounts	$ 1,187,814	$ 790,684
Guaranteed interest accounts	---	5,706
Notes receivable from participants	43,365	45,739
Interest income	203	154
Interest on notes receivable from participants	2,478	319
Net appreciation in fair market value	135,517	149,976

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

6. INCOME TAX STATUS:

The Internal Revenue Service (IRS) issued an opinion letter dated March 31, 2008, indicating that the Principal Financial Group Prototype Basic Savings Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2007.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. TRANSACTIONS WITH PARTIES-IN-INTEREST:

Certain Plan investments are units of pooled separate accounts managed by Principal Global Investors. Principal is the trustee and record keeper of the Plan's assets and, therefore, qualifies as a party-in-interest.

As described in the *Schedule of Delinquent Participant Contributions* (included in the supplemental information), the Employer did not remit certain contributions to the Plan in a timely manner, as defined by ERISA. These instances were corrected and management estimated that lost income associated with the delay in contributions amounts to $74 for the year ended December 31, 2010. These contributions are considered non-exempt party-in-interest transactions, which resulted in an imposition of a 15% excise tax on the amount of the transactions, which the Sponsor has remitted. The tax status determination of the Plan is not affected by these non-exempt transactions and the Employer intends to pay all fines that may be imposed.

9. EXCESS CONTRIBUTIONS PAYABLE:

The Plan must meet certain non-discrimination requirements of the IRC based upon the participants' elective contributions each year. Contributions in excess of the Average Deferral Percentage (ADP) or the Average Contribution Percentage (ACP) tests must be refunded to the participant. Excess deferrals of $96,382 and $24,435 were reduced from the contributions for the years ended December 31, 2010 and 2009, respectively.

10. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits according to the financial statements as compared to Form 5500 at December 31,

	2010	2009
Net assets available for benefits per the financial statements	$1,134,797	$ 817,848
Add: return of excess contributions payable	96,382	24,435
Less: adjustment from fair value to contract value for fully benefit-responsive investment contracts	---	(154)
Less: contributions receivable at December 31,	---	---
Net assets available for benefits per Form 5500	$1,231,179	$ 842,129

The following is a reconciliation of corrective distributions according to the financial statements as compared to Form 5500 at December 31,

	2010	2009
Total return of excess contributions per the financial statements	$ 96,382	$ 24,435
Add: prior year return of excess contributions payable	24,435	---
Less: return of excess contributions payable	(96,382)	(24,435)
Total corrective distributions per Form 5500	$ 24,435	$ ---

12. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events for adjustment to or disclosure in its financial statements through October 11, 2011, the date the financial statements were available to be issued. Except those listed below, no recordable or disclosable events occurred through this date.

Effective January 1, 2011, the Plan has been amended to allow participants to make Roth 401(k) deferrals to the Plan.
