As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by State Street Bank and Trust Company, the Trustee of the Plan, and Transamerica Life Insurance Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. The Plan Administrator has informed us that State Street Bank and Trust Company held the Plan's investment assets and executed investment transactions from November 1, 2010 to December 31, 2010 and that Transamerica Life Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2009 and for the period from January 1, 2010 to October 31, 2010. The Plan Administrator has obtained certifications from the Trustee and the Custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the Plan Administrator by the Trustee and the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. NOTE 1. PLAN DESCRIPTION

The following description of the SDI Media USA 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees, except on call employees, who are 21 years of age and have been employed by SDI Media USA Inc. (the "Company" or the "Plan Sponsor") or affiliates, for at least one month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective November 1, 2010 the Plan's assets were transferred from Transamerica Life Insurance Company (the "Custodian") to State Street Bank and Trust Company (the "Trustee") and the Plan name was changed from SDI Media USA Cash or Deferred Profit Sharing Plan to SDI Media USA 401(k) Plan.

Contributions

Each year, participants may contribute up to 88 percent of pretax annual compensation, as defined in the Plan and subject to the Internal Revenue Code ("IRC"). The Company also provides for automatic enrollment. For each eligible employee hired on or after January 1, 2008 who does not elect to defer to the Plan, they will automatically have elective contributions withheld from their compensation in the amount of two percent of compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Company contributions are discretionary and during the year ended December 31, 2010, the Company matched each participant's deferrals at the rate of 50 percent of the first four percent of salary deferrals. The Company matching contributions were $120,317, net of forfeitures of $4,714, for the year ended December 31, 2010. Additional qualified non-elective contributions ("QNEC") amounts may be contributed at the option of the Plan Sponsor, of which none were made for the year ended December 31, 2010.

The Plan also provides for discretionary profit sharing Company contributions for eligible participants who completed 1,000 hours of service during the Plan year and are employed on the last day of the Plan year. The Company did not make a discretionary profit sharing contribution for 2010.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. PLAN DESCRIPTION (Continued)

Vesting

Participants are fully vested in the value of their respective salary deferral contributions and QNEC plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants are vested in Company contributions at 33 percent after one year of service, 66 percent after two years of service, and 100 percent vested upon three or more years of service.

Forfeitures

Forfeitures of Company contributions may be used to pay administrative expenses of the Plan or to reduce future Company contributions. Forfeitures of $4,714 were used during the year ended December 31, 2010 to reduce Company contributions. As of December 31, 2010, $13,049 of forfeitures are available for future use.

Payment of Benefits

When eligible, a participant may receive a lump-sum or installment distribution for the value of the vested interest in his or her account as permitted under the Plan.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the administrative agent and independent public accountants may be paid by the Plan. Expenses not paid by the Company are paid by the Plan.

Most investment options have management fees, which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by the Custodian and the Trustee.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Accounting principles generally accepted in the United States of America require that for fully benefit-responsive contracts the amount representing the difference between the fair value and the contract value be presented on the face of the statements of net assets available for plan benefits. As of December 31, 2009, there was no material difference between the contract value and fair value.

Investments are valued daily. Interest income is recorded on an accrual basis. Dividend income, if any, is included in net appreciation of investments.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

Mutual funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Common collective trusts – The Plan's SSGA S&P 500 Index Fund, SSGA S&P Mid Cap Index Fund, SSGA Russell Small Cap Index Fund and SSGA International Index Fund are held in a common collective trust and consist of mutual funds. The common collective trusts are not a publicly-quoted price in an active market, therefore, the common collective trusts are classified as Level 2 within the valuation hierarchy.

Money market fund – The money market fund is at par and valued at fair value and therefore is classified as Level 1 within the valuation hierarchy.

Stable value fund – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer and therefore classified as Level 2 within the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2010

Reclassifications and New Accounting Pronouncement

Participant loans as of 2009 have been classified as notes receivable to conform to the 2010 presentation which is in accordance with the FASB ASU *Reporting Loans to Participants by Defined Contribution Plans* issued September 16, 2010.

NOTE 3. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they may choose from. See the attached Schedule of Assets (Held at End of Year) for a detail listing of investments.

The following presents investments that represent five percent or more of the Plan's net assets as of December 31, 2010:

BlackRock Global Allocation Fund	$ 141,815
American Century Livestrong 2025 Fund	$ 375,699
American Century Livestrong 2035 Fund	$ 414,223
American Century Livestrong 2045 Fund	$ 302,899

For the year ended December 31, 2010 net appreciation of investments in registered investment companies (mutual funds) was $227,563 and net appreciation of investments in registered investment companies (mutual funds) held in common collective trusts was $12,659.

The Plan was in a benefit-responsive investment contract with Transamerica Life Insurance Company ("Transamerica"). Transamerica maintained the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica was contractually obligated to repay the principal and specified interest rate that was guaranteed to the Plan.

NOTE 3. INVESTMENTS (Continued)

Since the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed interest contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Transamerica or otherwise. The crediting interest rate is based on a formula agreed upon with Transamerica. Such interest rates are reset monthly as of the beginning of each month. The contract value is also the fair market value to be disclosed.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemptions under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Average yields:	2009
Based on actual earnings	
Transamerica Stable Value Fund	2.79%
Based on interest rate credited to participants	
Transamerica Stable Value Fund	3.16%

NOTE 4. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

NOTE 5. TAX STATUS

The Company adopted a prototype plan which is the subject of a favorable tax opinion letter dated March 31, 2008. The Company routinely self reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plan Compliance Resolution System. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6. FINANCIAL DATA CERTIFIED BY THE CUSTODIAN AND TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Custodian and Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments and participant loans as shown in the accompanying statements of net assets available for plan benefits of $2,407,157 and $94,054, respectively, as of December 31, 2010 and participant-directed investments of $1,926,424 as of December 31, 2009.

b. Net appreciation of investments of $240,222, interest income on investments of $2,926 and interest income on participant loans of $376 out of $3,169, as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2010.

c. Total assets as of December 31, 2010 as shown in the accompanying Schedule of Assets (Held at End of Year).

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments were managed by the Custodian through October 31, 2010 and the Trustee starting November 1, 2010 and, therefore, these transactions qualify as party-in-interest transactions for which exemptions exist. The Custodian and Trustee charge the Plan for certain administrative expenses and receives a management fee, which reduces the return on investments. The Custodian and Trustee received $5,175 and $250, respectively, for contract administrator fees that were paid by the Plan.

NOTE 8. PARTICIPANT LOANS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their account balance. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at rates of 5.25 percent to 9.25 percent. Principal and interest is paid ratably through payroll deductions.

NOTE 9. DELINQUENT PARTICIPANT CONTRIBUTIONS

The Department of Labor ("DOL") audited the Plan and determined certain participant contributions were not remitted timely to the Custodian and the Trustee in accordance with the DOL's regulations. These late remittances and the related earnings restitution are detailed in the attached Schedule of Delinquent Participant Contributions.

NOTE 10. RECONCILIATION TO FORM 5500
