INDEPENDENT AUDITOR'S REPORT

Board of Directors
Northwestern Ohio Community Action Pension Plan
Defiance, Ohio 43512

We were engaged to audit the financial statements of Northwestern Ohio Community Action Pension Plan as of December 31, 2010 and December 31, 2009, and for the year ended December 31, 2010, and the supplemental schedules, as of and for the year ended December 31, 2010, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 12, which was certified by Principal Financial Group, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010 and December 31, 2009 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

Description Of Plan – The following brief description of the Northwestern Ohio Community Action Commission - Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees with at least three months of service. It is subject to the provisions for the Employee Retirement Income Security Act of 1974 (ERISA).

Investment Options – Upon enrollment in the Plan, a participant may direct employer contributions in any of the twenty six investment options. Participants may change their investment options monthly

Contributions – The employer matches the employee's contributions up to six percent of the employee's compensation. Only employer contributions are invested in the plan. For 2010, minimum required contributions of $ 100,848 were funded by the employer.

Participant Accounts – Each participant's account is credited with the Company's contribution and allocations of plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Amounts allocated to persons who, as of December 31, 2010, have elected to withdraw from the plan but have not been paid, total $ 32,394.

Vesting – Participants are vested as follows, based on the number of years of service:

One Year	25 %
Two Years	50 %
Three Years	75 %
Four Years	100 %

Payment Of Benefits – On termination of services due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution or in installments.

Forfeitures – At December 31, 2010 and 2009, forfeited non-vested accounts totaled $ 0 and $ 0, respectively. These accounts will be used to reduce future employer contributions. Also, in 2010, employer contributions were reduced by $ 428 from forfeited nonvested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Reviews – Subsequent events were evaluated through August 24, 2011, which is the date the financial statements were available to be issued.

NORTHWESTERN OHIO COMMUNITY ACTION COMMISSION
PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis Of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation And Income Recognition – The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment Of Benefits – Benefits are recorded when paid.

NOTE 3 –FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value of reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

PENSION AUDIT
NOTES TO FINANCIAL STATEMENTS

NOTE 3 –FAIR VALUE MEASUREMENTS-CONTINUED

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations. The following table provides further details of the Level 3 fair value measurements.

		Fair Value Measurements Using:	
December 31, 2010	Fair Value	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 462,435	$ 462,435	$ -
Investment Contract With Insurance Company	434,719	-	434,719

NOTE 5 – PRINCIPAL LIFE – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive group annuity contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the group annuity investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The methodology for calculating the interest crediting rate is defined in Article I, Section II of the contract under the term "Composite Crediting Rate." Under the existing contract, the crediting interest rate is currently reset on a semiannual basis. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Changes in future interest crediting rates will not affect the amount reported on the statement of net assets available for benefits representing the adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to contract value as fair value is considered book value less early withdrawal charge.

The guaranteed group annuity contract is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a Stable Value fund. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract.

The interest rate history for the contract is as follows:

Time Period	Rate
January 1, 2010-June 30, 2010	3.10%
July 1, 2010-December 31, 2010	2.90%
January 1, 2009-June 30, 2009	3.50%
July 1, 2009-December 31, 2009	3.15%

NOTE 5–PRINCIPAL LIFE – INVESTMENT CONTRACT WITH INSURANCE COMPANY-CONTINUED

The fair value of the investment at December 31, 2010 and 2009 was $ 434,719 and $ 414,775, respectively.

By definition, the group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. The terms and methods under which the contract may transact are defined in Article II (Deposits and Funds), Article III (Fees), Article IV (Benefits and Other Payments) and Article V (Termination) in the contract. The Plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

Article V of the contract defines the circumstances and amounts for which the contract may be terminated by the Plan. The issuer, Principal, has the right to no longer receive deposits under Article VI, Section 3. However, the circumstances for termination of the contract are still subject to Article V

NOTE 6 – PLAN TERMINATION

During 2011 this plan was terminated and all assets were either distributed or rolled over, as the participants directed, to the Northwestern Ohio Community Action Commission 403B plan. New regulations allowed the Organization to make this change, resulting in less administration time and expense in the future.

NOTE 7 – TAX STATUS

The Plan obtained its latest determination letter on May 27, 1988, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – ADMINISTRATION EXPENSES

Administrative expenses are paid quarterly by the employer. Expenses were $ 14,076 and $ 15,154 for 2010 and for 2009.

NOTE 9 - MINIMUM FUNDING

The Plan is a money purchase plan, which is subject to minimum funding standards. The required employer contribution for the years ended December 31, 2010 and 2009 was $ 100,848 ($ 101,276 less forfeitures of $ 428), and $ 97,584 respectively, which equals the actual employer contribution.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
