NOTE 1 - SUMMARY OF THE PLAN

Plan Description

The following description of the Mission Landscape Services, Inc. Employees 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 2001 and qualifies as a defined contribution retirement plan for Mission Landscape Services, Inc.'s (the "Company") eligible employees. This Plan was established for the purpose of providing retirement benefits to eligible employees in accordance with the Plan. The Plan is intended to satisfy the provisions of Section 401(a) of the Internal Revenue Code ("IRC") of 1986, as amended. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Eligibility

Each of the Company's employees is eligible to participate in the 401(k) Plan if they have completed three months of service. Once the eligibility requirements have been met, employees may enroll in the Plan on the first day of each month. In order to be eligible for matching contributions, employees must be making 401k deferrals. For the discretionary employer contribution, each participant will be eligible regardless of service hours.

Contributions

The Company's eligible employees may contribute up to the 402(g) limit and/or the ADP test limit for highly compensated employees. The 402(g) limit for 2009 and 2008 were $16,500 and $15,500, respectively. In addition, all eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Code Section 414(v).

The Company may make a discretionary matching contribution limited to 25% of the first 5% of compensation as elective contributions. The computed share of the Non-elective or Discretionary Contributions will be based on the relationship of participants' compensation to the total compensation for all participants.

NOTE 1 - SUMMARY OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the Company's matching contribution, (b) the Company's discretionary contribution, (c) the participant's contribution and, (d) Plan earnings.

Investment of Plan Funds

A participant may invest his or her respective share of all employee and employer contributions into any one of the investment options offered by John Hancock Life Insurance Company U.S.A ("John Hancock").

Allocation of Investment Activity

The net increase or decrease in such values resulting from fund income and allocated expenses, if any, are apportioned to each participant's account in proportion to the value of the participant's account as compared to the investment fund as a whole.

Vesting

Participants are one hundred percent (100%) vested in their contributions plus actual earnings thereon. Two different vesting schedules apply to the matching and discretionary employer contributions:

Discretionary employer accounts:

Years of Service	Vested Interest (%)
Less than three years of service	0
After three but less than four years of service	20
After four years but less than five years of service	40
After five years but less than six years of service	60
After six but less than seven years of service	80
After seven years of service or more	100

NOTE 1 - SUMMARY OF THE PLAN (CONTINUED)

Vesting (Continued)

Matching Employer accounts:

Years of Service	Vested Interest (%)
Less than two years of service	0
After two but less than three years of service	20
After three but less than four years of service	40
After four but less than five years of service	60
After five but less than six years of service	80
After six years of service or more	100

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contribution account and Company discretionary contribution account and earnings on Company contributions are used to reduce matching and discretionary contributions. There were no forfeitures at December 31, 2009 and 2008.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company contributions and earnings on their Company contributions and one hundred percent (100%) of their pre-tax contribution as soon as administratively possible following retirement, termination or upon becoming disabled.

Participant Loans

Loans are not permitted under this plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Administrative Expenses

A substantial portion of the Plan's administrative expenses are absorbed by the Company.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts are valued by John Hancock Life Insurance Company U.S.A. and are based on the underlying quoted market prices of the investments held by each fund. The net appreciation or depreciation in the fair value of each fund includes interest, dividends, realized income and losses, and unrealized appreciation and depreciation less expenses. Any net gains or losses and unrealized appreciation or depreciation for the period is reflected in the statement of changes in net assets available for benefits.

In September 2006, the FASB issued Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements* (ASC 820), which defines fair value under U.S. generally accepted accounting principles, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Effective January 1, 2008, the Plan adopted ASC 820 which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value. Adoption of ASC 820 did not have a material impact on the Plan's financial statements.

The following provides a description of the three levels of inputs that may be used to measure fair value under ASC 820, the types of Plan investments that fall under each category, and the valuation methodologies used to measure these investments at fair value.

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pooled Separate Accounts:

These investments are public investment securities valued using the NAV provided by John Hancock Life Insurance Company U.S.A. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Non-Discrimination for Employee and Employer Contributions

The Plan, as required by the IRC, performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund excess deferral contributions. For the years ended December 31, 2009 and 2008, the corrective distributions were $527 and $0, respectively.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company U.S.A., the custodian of the Plan, has certified to the completeness and accuracy of the pooled separate accounts reflected on the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008, the schedule of assets held at end of year as of December 31, 2009 and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2009 and 2008, respectively.

NOTE 4 - INVESTMENTS

The following investments represent 5 percent or more of the Plan's net assets available for benefits as of December 31, 2009 and 2008:

	2009	2008
Lifestyle Moderate Fund	$ 15,769	$ 10,969
Lifestyle Balanced Fund	66,733	45,621
Lifestyle Growth Fund	54,224	55,117
Oppenheimer Developing Market Fund	29,277	13,864
Quantitative Value Fund	17,922	14,599

During 2009 and 2008, the Plan's investments (including investments bought, sold and held during the year) appreciated and depreciated in value by $67,108 and $(140,681), respectively.

NOTE 5 - PLAN TERMINATION

On December 24, 2009 the Plan Sponsor adopted a resolution to terminate the Plan effective January 2, 2010. As a result, all participants will become 100% vested in their accounts.

NOTE 6 - TAX STATUS

The Internal Revenue Service made a favorable determination in a letter dated September 18, 2001 that stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended and restated. The custodian, plan sponsor, and plan administrator are not aware of any course of action or series of events that have occurred that would adversely affect the qualified status of the Plan. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 - PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by John Hancock Investment Management Services, LLC which is related to John Hancock Life Insurance Company U.S.A., the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $3,462 and $4,681 for the years ended December 31, 2009 and 2008, respectively.

NOTE 8 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into an investment contract with John Hancock Life Insurance Company U.S.A. (John Hancock). John Hancock maintains the assets in a pooled account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses by John Hancock. The contract is not fully benefit-responsive and therefore is included in the financial statements at fair value.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - FAIR VALUE OF FINANCIAL STATEMENTS (ASC 820)
