We were engaged to audit the accompanying statement of net assets available for plan benefits of The Bank of the Pacific 401(k) Plan (the Plan) as of December 31, 2009, and the related statement of changes in net assets available for plan benefits and supplemental schedule as of and for the year then ended. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2008 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report dated July 31, 2009, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements and supplemental schedule taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian were presented in compliance with Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Unified Trust Company, the asset custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. The plan administrator has informed us that the asset custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

As discussed in Note 10, the Plan has restated its 2008 financial statements during the current year to record the 2008 collective trust fund at the appropriate fair value and contract value in conformity with accounting principles generally accepted in the United States of America. The other auditors reported on the 2008 financial statements before the restatement. We also audited the adjustment described in Note 10 that was applied to restate the 2008 financial statements. In our opinion, such adjustment is appropriate and has been properly applied.

## ***THE BANK OF THE PACIFIC 401(k) PLAN***

### ***Notes to Financial Statements***

---

#### ***Note 1 - Description of the Plan***

The following description of The Bank of the Pacific 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan that was established for the benefit of employees of the Bank of the Pacific (the Company). The Plan's provisions permit tax deferred contributions by participants pursuant to Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Eligibility** - Certain employees are eligible to participate in elective deferrals to the Plan. Employees can enroll into the Plan the first day of the following month after attaining the age of 21 and completing 90 days of service. Employees excluded from participation include union employees, nonresident aliens and leased employees.

Participants must complete 1,000 hours of service and be enrolled on the last day of the Plan year to be eligible for employer matching and discretionary profit sharing contributions.

**Contributions** - Participants may contribute to the Plan through voluntary deferrals of eligible compensation. Eligible employees may contribute from 1% to 100% of their compensation to the Plan, not to exceed annual limitations prescribed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Upon completing the eligibility requirements, employees will be automatically enrolled in the Plan to contribute 3% of their eligible compensation. A participant may elect to not participate, or to participate at a different level of deferral contribution. Additionally, employees who are automatically enrolled in the Plan will have their deferral rates increased by 2% every April 1<sup>st</sup>, unless the Plan is notified otherwise by the participant. Employees can opt out or change contributions at any time.

The Company makes discretionary matching contributions, determined annually. For the year ended December 31, 2009, the Company authorized a matching contribution equal to 8.0% of the lesser of a participant's elective deferrals or 7.5% of eligible compensation. No discretionary profit sharing contributions were authorized by the Company for the year ended December 31, 2009.

**Participant Accounts** - Each participant's account is credited with any contributions made to the account, increases or decreases in the market value of investments, and any loans and loan repayments. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## **THE BANK OF THE PACIFIC 401(k) PLAN**

### **Notes to Financial Statements**

#### **Note 1 - Continued**

**Vesting** - Participants are immediately vested in their voluntary salary deferral contributions plus actual earnings thereon. Any matching or discretionary profit sharing contributions are subject to a vesting schedule based on years of service as follows:

| <u>Years of Service</u> | <u>Vested<br/>Percentage</u> |
|-------------------------|------------------------------|
| 1                       | 20%                          |
| 2                       | 40%                          |
| 3                       | 60%                          |
| 4                       | 80%                          |
| 5                       | 100%                         |

**Forfeitures** - Under the provisions of the Plan, forfeitures may be used to reduce the employer contributions or pay administrative expenses of the Plan. During 2009, forfeitures totaling approximately \$12,800 were used to offset administrative expenses. Unallocated forfeitures as of December 31, 2009 and 2008 totaled approximately \$3,800 and \$1,500, respectively.

**Plan Expenses** - Plan expenses, including trustee, advisor, and recordkeeper fees are paid from the Plan's assets. Certain transaction fees are paid by participants. The Company pays any other costs associated with administering the Plan.

**Payment of Benefits** - Upon termination of employment, death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Participants are also eligible to receive withdrawals in the event of certain financial hardships. A participant's right to make deferrals to the Plan will be suspended for six months after receipt of a hardship withdrawal. Participants who have attained age 59½ can receive distributions while still employed by the Company.

Upon termination of service, a participant or beneficiary will automatically receive the vested interest in their account as a lump-sum payment if their vested benefits are \$1,000 or less.

**Participant Loans** - The Plan allows participants to borrow from their accounts using their vested balance as collateral for the loans. The maximum amount that a participant may borrow is equal to the lesser of 50% of their entire vested account balance or \$50,000. The minimum amount required to be borrowed is \$1,000. Loan terms range from one to five years unless it is used to acquire a principal residence. The loans bear interest at the Prime rate plus 1% at the effective date of the loan. Principal and interest are paid ratably through payroll deductions.

**Subsequent Events** - The Plan's management has evaluated subsequent events through July 15, 2010, the date on which the Plan's financial statements were available to be issued.

## ***THE BANK OF THE PACIFIC 401(k) PLAN***

### ***Notes to Financial Statements***

---

#### ***Note 2 - Significant Accounting Policies***

**Basis of Accounting** - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Generally accepted accounting principles (GAAP) requires that investment contracts held by a defined-contribution plan be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. As required by GAAP, the statements of net assets available for plan benefits presents the fair value of the investment in the collective trust and the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statements of changes in net assets available for plan benefits are prepared on a contract value basis.

**Investment Valuation and Income Recognition** - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains on investments bought and sold as well as held during the year.

**Payment of Benefits** - Benefits paid to participants are recognized when paid. As of December 31, 2009 and 2008, no amounts had been requested for payment by participants, but not yet paid.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### ***Note 3 - Fair Value Measurements***

Financial Accounting Standards Board (FASB) issued accounting guidance for fair value measurements. This guidance establishes a framework for measuring fair value in accordance with GAAP. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under this guidance are described as follows:

Level 1: Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3: Unobservable inputs that are significant to the fair value measurement.

## THE BANK OF THE PACIFIC 401(k) PLAN

### Notes to Financial Statements

#### Note 3 - Continued

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

**Mutual Funds** - Valued at quoted market prices in active markets, which represent the net asset value (NAV) of shares held by the Plan at year-end.

**Collective Trust Fund** - Valued using the NAV provided by the fund's asset custodian. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding at the valuation date. The fund is traded on a private market that is not active; however, the unit price is based on both observable and unobservable market data of the fund's underlying assets.

**Participant Loans** - Valued at their outstanding balance, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 (Level 1, 2 and 3 are defined above):

#### ***Note 5 - Information Certified by the Custodian***

The Plan's management has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by a trust company need not be subjected to independent audits. The Plan's management has obtained certifications from the asset custodian, Unified Trust Company, that the following information provided by the asset custodian and included in the Plan's financial statements and supplemental schedule is complete and accurate:

- Fair value and if applicable, contract value of investments as of December 31, 2009 and 2008;
- Investment and other income earned or losses incurred for the year ended December 31, 2009; and
- Investment transactions for the year ended December 31, 2009.

#### ***Note 6 - Parties-In-Interest Transactions***

Certain Plan investments are being held in accounts managed by Unified Trust Company. As the trust company was the custodian, the investment transactions qualify as parties-in-interest transactions which are exempt from the prohibited transaction rules. Fees paid to Unified Trust Company for the year ended December 31, 2009 were \$27,941.

#### ***Note 7 - Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

#### ***Note 8 - Risks and Uncertainties***

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

#### ***Note 9 - Federal Income Taxes***

The Plan adopted a Prototype Non-Standardized Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008, which stated that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
