WESTERN BEVERAGE CO. 401(K) PLAN

Notes to Financial Statements

December 31, 2009 and 2008

Note 1 - Description of Plan

The following description of Western Beverage Co. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all unionized and non-unionized employees of Western Beverage, LLC, ("the Company"), who are age 18 or older. It is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The effective date of the Plan is May 1, 1998.

Contributions. Each year, participants may contribute up to 25% of their annual compensation, as defined in the Plan, subject to certain IRS regulations. Participants may also contribute amounts representing distributions from other qualified plans. Eligible employees who attain age 50 before the end of the Plan year can also make catch-up contributions to the Plan. The employer makes a discretionary Qualified Non-Elective Contribution ("QNEC") contribution equal to 3% of employee compensation, which percentage is determined each year. In addition, the employer makes a discretionary profit sharing contribution, 7.5% of employee compensation earned from January 2009 to August 2009 and 1.5% for compensation earned from September 2009 to December 2009. The employer discretionary contribution can vary depending on the participant's age and years of service.

Participant accounts. Each participant's account is credited with the participant's contribution, employer QNEC and discretionary contributions, and allocations of the Plan's earnings. The Plan's administrative expenses and Plan losses are also allocated and charged to each participant's account. The allocation of the Plan's earnings (losses) and expenses is based on participant earnings and account balances, as defined by the Plan. The Plan does not permit participant loans.

Vesting. Participants are immediately vested in their salary deferrals plus actual earnings thereon and employer qualified nonelective contributions. Vesting in employer profit sharing contributions occurs over 6 years as follows:

Vesting Schedule

Periods of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

An employee is 100% vested in employer profit sharing contributions if the employee is employed on or after the Normal Retirement Age as defined in the Plan agreement.

Investment options. Upon enrollment in the Plan, a participant may direct contributions to any of 80 self-directed investment funds, which include mutual funds and guaranteed interest contracts with insurance companies.

Payment of benefits. On termination of service, death, disability, or retirement, a participant receives a lump-sum distribution equal to the value of their vested account. Participants may make hardship withdrawals, as defined by the Plan document. Benefits are recorded when paid.

Forfeited accounts. At December 31, 2009 and 2008 forfeited nonvested accounts totaled $0 and $18,953 respectively. In 2009, the forfeited nonvested accounts were used to pay the Plan administrative expenses in the amount of $20,714 and reduce employer contributions by $33,256.

Note 2 - Summary of significant accounting policies

Basis of accounting. The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition. The Plan's investments are stated at fair value. Shares of registered investment companies are valued daily by John Hancock USA based upon quoted market prices where applicable. All purchases or sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains or losses on investments bought and sold as well as held during the year.

The Financial Accounting Standards Board (FASB) Fair Value Measurements and Disclosures Topic, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the FASB Fair Value Measurements and Disclosures Topic are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2. Inputs to the valuation methodology include, quoted prices for similar assets or liabilities in active or inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable units.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Guaranteed interest contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (See Note 4).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risk and uncertainties. The Plan provides for various mutual fund options that have different investment strategies. These mutual funds are exposed to various risks, including interest rate, market, and credit risk. Due to the level of risk associated with the mutual fund options, it is at least reasonably possible that changes in values will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

Subsequent event. The management has reviewed subsequent events through July 27, 2010, the date on which the financial statements were available to be issued.

	Guaranteed interest contracts

Note 4 - Guaranteed interest contracts with insurance companies

The Plan has guaranteed interest contracts with John Hancock USA, which are maintained in unallocated accounts. Interest earned on these contracts is guaranteed for the life of the contract, usually three, five or ten years, but is subject to change for each succeeding contract period. When changed, the new rate applies only to funds deposited from the date of change. The accounts are credited with interest at contract rates and charged for Plan withdrawals. The contracts are included in the financial statements at contract value, which approximates fair value, as reported to the Plan by John Hancock USA. Early withdrawals are adjusted to the lesser of contract value or market value at the date of the withdrawal. Contract terminations are also adjusted to the lesser of contract or market value.

The rates effective at December 31 are as follows:

	2009	2008
3 year	- %	2.95 %
5 year	- %	3.35 %
10 year	- %	3.85 %

Note 6 - Information prepared and certified by John Hancock USA

The following is a summary of the investment information as of December 31, 2009 and 2008, and for the year ended December 31, 2009, included throughout the Plan's financial statements, that was prepared by or derived from information provided by John Hancock USA and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from John Hancock USA that information provided to the Plan Administrator by John Hancock USA related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information, which appears throughout the financial statements and supplemental schedules, related to the following investments at December 31:

	2009	2008
Investment at fair value:		
Mutual funds	$ -	$ 5,038,633
Guaranteed interest contracts	$ -	$ 333,911

John Hancock USA also certified to the completeness and accuracy of $1,706,153 of net appreciation in fair value of investments related to the aforementioned investments for the year ended December 31, 2009.

Note 7 - Related party transactions

The Company provides certain accounting and administrative services to the Plan, including legal and audit services, for which no fees are charged.

Note 8 - Party-in-interest transactions

Investments are comprised of either guaranteed interest contracts with John Hancock USA or shares of mutual funds (John Hancock Series Funds) available under the group annuity contract issued to the Plan by John Hancock Life Insurance Company ("John Hancock USA"). John Hancock USA is the Plan's custodian; therefore, transactions with John Hancock also qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $10,106 for the year ended December 31, 2009. Pension Planners Northwest provides record keeping services to the Plan. Fees paid by the Plan to Pension Planners Northwest for the record keeping services were $20,714 for the year ended December 31, 2009.

Note 9 - Tax status

The Plan is based on a prototype plan of Pension Planners Northwest ("PPNW"). PPNW has received a letter of determination with the Internal Revenue Service's approval that the prototype plan is in accordance with the applicable sections of the Internal Revenue Code. The Plan obtained its determination letter, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 10 - Plan amendment

On December 29, 2009, the Plan was amended to reflect recent law changes relating to the Pension Protection Act and HEART Act. The Pension Protection Act includes reforms relating to Economic Growth and Tax Relief Reconciliation Act of 2001, coverage and nondiscrimination, automatic enrollment "safe harbor" and investment advice. The HEART Act provides additional tax and pension benefits to individuals who are absent from work due to duty in uniformed military service.

Note 11 - Plan Merger

Effective January 1, 2010 Western Beverage Co. 401 (k) Plan was merged into the Major Brands, Inc. Employees' 401(k) Plan. On December 31, 2009 all plan assets and liabilities were transferred out of John Hancock and into individual participant directed accounts at Charles Schwab, where they were combined with the assets and liabilities of the Major Brands, Inc. Employees' 401(k) Plan.
