Notes to Financial Statements

1. Plan Description

The following description of The Crump Group 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by the Board of Directors of BIR JCF, LLC and related entities (the "Company" or "Crump Group" or the "Employer") on August 1, 2007. The Plan was created as a result of the acquisition of certain of the BISYS business units by C.G. JCF Corp. The Plan is a duplicate of the predecessor plan, The BISYS Group Inc. 401(k) Savings Plan. The Plan is intended to conform to and qualify under Section 401 and 501 of the Internal Revenue Code of 1986 ("IRC"), as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2008 The BIR JCF, LLC 401(k) Savings Plan changed the Plan name to The Crump Group 401(k) Savings Plan.

On May 30, 2008, the Plan merged with the Crump Insurance Services, Inc. 401(k) Retirement Savings Plan. The Crump Group 401(k) Savings Plan is the surviving Plan.

Administration - The Company is responsible for the administration and operation of the Plan. Frontier Trust Company (the "Custodian") is responsible for the custody and management of the Plan's assets. Ascensus provides recordkeeping services for the Plan. Frontier Trust Company and Ascensus are related parties to the Company.

Eligibility - An employee is eligible to participate in the Plan if such employee is an eligible employee of Crump Group Inc. or a related entity. An employee is eligible the first of the month following or coinciding with the employee's date of hire.

Contributions - Participants may contribute up to 50% of their annual compensation, subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants who are age 50 or older can make additional pre-tax contributions known as "Catch-Up Contributions," subject to certain limitations.

The Crump Group 401(k) Savings Plan

Notes to Financial Statements

To the extent contributions were made for the year ended December 31, 2009, the Company matched 33.3% of each participant's contribution, not in excess of 3% of their compensation each pay period. To the extent contributions were made for the year ended December 31, 2008, the Company matched 50% of each participant's contribution, not in excess of 6% of their compensation each pay period. The Company made contributions to the Plan totaling \$1.9 million and \$4.8 million for the years ended December 31, 2009 and 2008, respectively. The Company may make supplementary contributions in amounts determined solely at the discretion of the Company. There were no discretionary contributions to the Plan for the year ended December 31, 2009.

Vesting - A participant is not vested in the Company's contributions until two years of service is completed. The vesting schedule for the Company's contributions is:

	<u>Year 1</u>	<u>Year 2</u>	<u>Year 3</u>	<u>Year 4</u>	<u>Year 5</u>
Annual vesting	-	40%	20%	20%	20%
Cumulative vesting	-	40%	60%	80%	100%

Vesting in the Company's contributions is 100% upon death, retirement or disability. Participants are always 100% vested in their own contributions and earnings thereon.

Payment of Benefits - All distributions are made in the form of lump sum payments and are recorded when paid.

Loans to Participants - Participant loans are stated at cost, which approximates fair value. The loans are limited to 50% of the participant's vested interest up to a maximum amount of \$50,000. Loan transactions are treated as transfers between the investment fund and the participant loan. The loan term is 5 years (up to 15 years if the loan is for the purchase of a primary residence). Loans are collateralized by the balances in a participant's account and bear interest at prime plus 1% at the date of origination. Principal and interest are paid ratably through automatic payroll deductions.

The Crump Group 401(k) Savings Plan

Notes to Financial Statements

Forfeitures - Forfeitures occurring during the Plan year may be applied to reduce employer matching contributions and to pay for administrative expenses. For the year ended December 31, 2009, forfeitures were immaterial to the Plan.

Administrative Expenses - The Company pays substantially all administrative costs for the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements are prepared and presented in accordance with the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make certain estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from such estimates.

Accounting Standards Codification - Effective September 2009, the Financial Accounting Standards Board's Accounting Standards Codification ("ASC") became the single official source of authoritative, nongovernmental generally accepted accounting principles in the United States. The historical GAAP hierarchy was eliminated and the ASC became the only level of authoritative GAAP, other than guidance issued by the Securities and Exchange Commission. The Plan's accounting policies were not affected by the conversion to ASC. However, references to specific accounting standards in the footnotes to the financial statements have been changed to refer to the appropriate section of ASC.

Subsequent Events - Effective May 2009, the FASB issued new standards on subsequent events as codified in ASC 855-10. The new standard establishes general standards for accounting for and disclosure of events that occur after the balance sheet date but before financial statements are available to be issued. More specifically, the new standard sets forth the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition in the financial statements, identifies the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements and the disclosures that should be made about events or

The Crump Group 401(k) Savings Plan

Notes to Financial Statements

transactions that occur after the balance sheet date. The new standard is effective for fiscal years and interim periods ending after June 15, 2009. The Company has adopted this standard during 2009 and it did not have a material impact on the financial statements. The Company has evaluated subsequent events through July 12, 2010, the date of this report. The Company has made no significant changes to the financial statements as a result of the subsequent events evaluation.

Investment Valuation and Income Recognition - All investments are carried at fair value. Refer to Note 3 for further details related to the Plan's valuation methods. The fair value of investments is based on the market values of the underlying assets, as determined by the Custodian. Investment income is recorded as earned. Participant loans are stated at cost, which approximates fair value. Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. The net realized and unrealized gains and losses on investments includes realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end.

As described in ASC 946-210-45 through 946-210-55 (formerly referred to as Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plan*), investment contracts held by the defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. At December 31, 2008 the Plan held investment contracts through a collective trust (the Merrill Lynch Retirement Preservation Trust). At December 31, 2009 the Plan no longer held investments in the collective trust. As required by the ASC, the Statement of Net Assets Available for Benefits at December 31, 2008 presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to

The Crump Group 401(k) Savings Plan

Notes to Financial Statements

contract value relating to the investment contracts. Note 4 and the supplemental schedule to these financial statements are prepared on a fair value basis.

Payment of Benefits - Benefits are recorded when paid.

Contributions and Contribution Receivable - Contributions are recorded on the accrual method of accounting. Contribution receivable is an obligation arising from amounts owed to the Plan from the Participant or the Employer that have not been included in the Plan's investments at year end. Contribution receivable is recorded at cost, which approximates their fair value. Contribution receivable was \$425 thousand at December 31, 2009 and \$33 thousand at December 31, 2008.

Risk and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

3. Fair Value Measurement

As of January 1, 2008, the Plan adopted ASC Topic No. 820. This standard defines fair value for financial assets and liabilities, establishes a framework for measuring fair value, and expands disclosure requirements about fair value measurements. ASC Topic No. 820 defines fair value as the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties.

Assets recorded at fair value are categorized using defined hierarchical levels directly related to the amount of subjectivity associated with the inputs to valuation of an asset: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data). Assets measured at fair value on a recurring basis are categorized based upon the lowest level of significant input to the valuations.

The Crump Group 401(k) Savings Plan

Notes to Financial Statements

In determining fair value, the Plan uses observable market data when available.

Notes to Financial Statements

- 6. Plan Termination** Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participants would become 100% vested in Employer contributions and the Employer would authorize the Custodian to continue the Plan until all benefits have been distributed, or liquidate the Plan and distribute all assets to the participants.
- 7. Related Party Transactions** The custodian for the Plan is Frontier Trust Company, a wholly owned subsidiary of the Company.
- The recordkeeper for the Plan is Ascensus, a wholly owned subsidiary of the Company.
- For the year ended December 31, 2009, fees totaling \$0 and \$56 thousand were paid to Frontier Trust Company and Ascensus, respectively.
- 8. Federal Income Tax Status** The Plan obtained a determination letter on June 9, 2010, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code. The Company is not aware of any course of action or series of events that have occurred which might adversely affect the Plan's qualified status.
