Plan Administrator
Continental Currency Services, Inc.
401(k) Retirement Plan
1108 East 17th Street
Santa Ana, California 92701-2620

We have conducted a DOL limited-scope audit of the financial statements of the Continental Currency Services, Inc. 401(k) Retirement Plan (the "Plan") for the year ended December 31, 2011 and have issued our report thereon dated June 20, 2012. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter. Professional standards also require that we communicate to you the following information related to our audit.

The Auditor's Responsibility under Generally Accepted Auditing Standards

Our responsibility under auditing standards generally accepted in the United States of America, except as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, has been described to you in our engagement letter.

Accounting Policies and Practices

The Plan administrator is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements.

No new accounting policies were adopted for 2011, and there were no changes in application of existing accounting policies in the 2011 financial statements. We noted no transactions for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Audit Adjustments

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We are aware of no uncorrected misstatements that are material to the Plan's financial statements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. No such disagreements arose during the course of our audit.

Difficulties Encountered in Performing the Audit

We did not encounter any difficulties in dealing with management relating to performance of the audit.

Management Representation

We have requested certain representations from management that are included in the management representation letter dated June 20, 2012.

Management Consultations with Other Independent Accountants

We are not aware of any consultations management had with other accountants about accounting or auditing matters.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Plan administrator and management of the Continental Currency Services, Inc. 401(k) Retirement Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Miller, Kaplan, Arase & Co., LLP

Independent Auditors' Report

Continental Currency Services, Inc.
401(k) Retirement Plan
1108 East 17th Street
Santa Ana, California 92701-2620

We were engaged to audit the financial statements and supplemental schedule of the Continental Currency Services, Inc. 401(k) Retirement Plan as of December 31, 2011 and 2010 and for the year ended December 31, 2011, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Principal Life Insurance Company and Principal Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the custodians as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the Plan administrator by the custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Continental Currency Services, Inc. 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

A. General

The Plan is a defined contribution plan established January 1, 1996 by the Continental Currency Services, Inc. (the "Company") to provide benefits to eligible employees as defined in the Plan document. The Plan administrator believes the Plan is designed and operated in compliance with the applicable provisions of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Administration and Expenses

Principal Life Insurance Company and its affiliate Principal Trust Company (collectively, "Principal") serve as custodians of Plan assets and maintain the records of participant data under a group annuity contract that provides for operating expenses and management fees to be charged directly to investment funds. Such fees are factored into each fund as a reduction in investment return. Participant loan fees and certain other administrative costs are charged directly to participants.

C. Eligibility

Substantially all employees of the Company who are 21 or older are eligible to participate in the Plan after completion of one year of service. Plan entry is the first day of the month following attainment of eligibility.

D. Participant Contributions

Participants may elect to have the Company contribute their eligible pre-tax compensation, as defined in the Plan, up to the maximum amount allowable under current income tax regulations. Participants of age 50 and older may contribute an additional $5,500 in catch-up contributions in 2011. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation.

Newly eligible employees who do not make an affirmative election to defer compensation to the Plan, including an election not to defer, are auto-enrolled in the Plan at a deferral rate of 2% of compensation. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's investment directions.

E. Employer Contributions

The Company is allowed to make discretionary matching contributions, as defined in the Plan, and as approved by the Board of Directors. A participant must complete a minimum of 1,000 hours of service during the Plan year to be eligible for an annual matching contribution. For the year ended December 31, 2011, the Company matched 50% of each participant's contributions up to a maximum of $850.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

F. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Company contributions and an allocation of Plan earnings or losses. Plan assets are invested based solely on instructions received from participants.

The contributions of participants who decline to make an investment election are invested in the Principal Lifetime Account appropriate for the individual's age and projected date of retirement. Each of the Principal Lifetime Accounts offered under the Plan consists of a portfolio of pooled separate accounts chosen to meet an investment strategy appropriate for a participant who will reach retirement age at a specified date in the future.

G. Vesting

Participants are immediately 100% vested in their entire accounts under the Plan.

H. Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive benefits equal to the value of the vested interest in his or her account. Normal retirement age is 55. Participants elect to receive benefits from among one of payment options offered under the Plan including annuities and lump sum payments. Hardship distributions are permitted under certain limited circumstances, as defined in the Plan. Benefits are recorded when paid.

I. Notes Receivable from Participants

The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. A loan is secured by a participant's account balance, bears interest a fixed rate based on available market financing rates at loan inception and must be repaid to the Plan within a five-year period, unless a loan is used for the purchase of a principal residence in which case the maximum repayment period may be extended. The Plan administrator approves the specific terms and conditions of each loan. Principal and interest are paid ratably through payroll deductions. Participant loans outstanding at December 31, 2011 carried interest rates ranging from 5.25% to 10.25%.

J. Subsequent Events

Management has evaluated subsequent events through June 20, 2012, the date on which the financial statements were available to be issued. There are no subsequent events that require recognition or additional disclosure in the financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The Plan maintains investments in the Principal Guaranteed Interest Account and the Principal Stable Value Fund at December 31, 2011 and 2010. These investments meet the definition of

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Basis of Accounting (Continued)

fully benefit-responsive investment contracts. The 2011 statement of net assets available for benefits presents the fair value of these investments as well as the adjustment of the investments from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. Fair value was approximately equal to contract value at December 31, 2010.

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 7).

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable from Participants

The Financial Accounting Standards Board (FASB) recently issued ASU 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans – a consensus of the FASB Emerging Issues Task Force, clarifying the classification and measurement guidance on participant loans of a defined contribution pension plan. The ASU requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balance plus accrued unpaid interest. This guidance is a change to the requirement to classify participant loans as investments recognized in accordance with ASC 820, Fair Value Measurements Disclosures. The Plan adopted this new guidance for the Plan year ended December 31, 2010.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

E. Risks and Uncertainties

Plan investments include a variety of securities that are exposed to various investment risks such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 - RELATED PARTY TRANSACTIONS

Certain investments offered under the Plan are issued by Principal. Though purchases and sales of these securities are considered party-in-interest transactions under ERISA regulations, such transactions are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 - INCOME TAX STATUS

The Company adopted a prototype plan that has received an opinion letter from the Internal Revenue Service. The Company believes the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and the Plan, is exempt from Federal income and state franchise taxes.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. The Plan administrator believes the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with provisions of this guidance. Information returns for all years for which the applicable statutes of limitations have not expired are subject to examination by authorities.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The accounts of the participants affected by a partial or complete termination of the Plan are nonforfeitable and will be determined as of the termination date, which will be treated as the valuation date.

NOTE 6 - FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIANS

In accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Principal Life Insurance Company and Principal Trust Company, the custodians of the Plan, certified the current value of assets held at December 31, 2011 and 2010 and investment activity for the year ended December 31, 2011, that were used in the preparation of the accompanying financial statements and supplemental schedule. The following table presents the fair values of investment funds that include 5% or more of the Plan's net assets available for benefits at December 31:

	2011	2010
Principal Life Insurance Company:		
Life Time Strategic Income Account	$ 686,848	$ 816,001

* Fair value is less than 5% of net assets available for benefits.

NOTE 6 - FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIANS (Continued)

Certified dividends and interest totaled $15,822 in 2011. Certified net depreciation in fair value of Plan investments (including gains and losses on investments bought and sold, as well as held during the year) was as follows:

Pooled Separate Accounts	$ (136,316)
Mutual Funds	(4,584)
	$ (140,900)

NOTE 7 - FAIR VALUE MEASUREMENTS

Accounting guidance establishes a hierarchy which prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Units of pooled separate accounts are valued at the fair value per unit reported by Principal based on closing market prices of the accounts' underlying securities. Fair value of the Principal Guaranteed Interest Account is based on an estimate made by Principal if the account was liquidated prior to maturity of the accounts underlying contracts. The Principal Stable Value Fund is a common/collective trust that invests primarily in guaranteed interest contracts issued by banks and insurance companies. The fund is reported at fair value generally based on the latest trading prices of the funds' underlying securities or by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The following tables summarize the Plan's investments at December 31 based on the inputs used to value them:

NOTE 8 - GUARANTEED INTEREST ACCOUNT

Plan investments in the Principal Guaranteed Interest Account are maintained in a general account by Principal. The account is credited earnings on underlying investments and charged for participant withdrawals and administrative expenses. Contract value, as reported by Principal, represents contributions made to the account plus earnings less participant withdrawals and administrative expenses. The average yield on the account ranged from 4.17% to 4.40% in 2011 and 3.95% to 4.40% in 2010. Certain restrictions may limit the Plan's ability to redeem its investment in the account at contract value, and market value adjustments and/or redemption charges may apply. Fair value was approximately equal to contract value of the account at December 31, 2011 and 2010. The Plan administrator does not believe that any events limiting the Plan's ability to transact at contract value are probable of occurring.

NOTE 9 - PRINCIPAL STABLE VALUE FUND

The Principal Stable Value Fund seeks to offer a level of investment income that is consistent with principal preservation and invests primarily in guaranteed investment contracts issued by insurance companies and other financial institutions. The average yield earned by the Plan and the rate credited to participants was 1.39% and 1.88% for 2011 and 2010, respectively. Units of investment are redeemable at contract value (purchase price plus accrued interest). There are no funding commitments or limits on participants' ability to redeem units at contract value, except for a provision that prohibits participants from making a direct exchange from this fund to a competing fund. Redemption restrictions and/or market value adjustments may apply to Plan level redemptions. The Plan administrator does not believe that any events limiting the Plan's ability to transact at contract value are probable of occurring.

Fair value is based on the market value of the portfolio's underlying investments at year end using a discounted cash flow methodology. Fair value of the fund exceeds contract value by approximately $53,000 at December 31, 2011. Fair and contract value of the fund were approximately equal at December 31, 2010.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The difference between the financial statements and the financial information presented in the Form 5500 is attributable to the adjustment from fair value to contract value of fully benefit-responsive investment contracts held in the Principal Stable Value Fund in the 2011 statement of net assets available for benefits. The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500:
