The Board of Directors and Retirement Committee
Pacific Capital Bancorp
Employee Stock Ownership Plan and Trust

We were engaged to audit the accompanying statements of net assets available for benefits of Pacific Capital Bancorp Employee Stock Ownership Plan and Trust as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedules of assets (held at end of year) as of December 31, 2009, and reportable transactions for the year then ended. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Charles Schwab Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Employee Stock Ownership Plan and Trust

Notes to Financial Statements

December 31, 2009

1. Organizational Matters and Description of the Plan

Organizational Matters

Pacific Capital Bancorp (PCB, the Company or the Plan Sponsor) is a bank holding company organized under the laws of the state of California and is the sponsor of the Pacific Capital Bancorp Employee Stock Ownership Plan and Trust (the Plan or ESOP).

PCB provides full service banking including all aspects of consumer and commercial lending, trust and investment advisory services and other consumer and business banking products through its wholly-owned subsidiary, Pacific Capital Bank, National Association (PCBNA or the Bank). PCB was one of the three primary providers nationwide of the refund anticipation loans (RALs) and refund transfers (RTs) at December 31, 2009. As discussed in Note 11, "Subsequent Events" of these financial statements, on January 14, 2010, PCB sold all of the assets of the RAL and RT Programs segment.

As of December 31, 2009, the Plan had investments in the Company's common stock totaling 90% of net assets available for benefits. As a result of the significant operating losses incurred by the Company and the enhanced regulatory scrutiny under which the Company and the Bank are operating, the Company's Independent Public Accounting Firm added an explanatory paragraph in their audit opinion dated March 12, 2010 issued in connection with the December 31, 2009 consolidated financial statements, expressing substantial doubt regarding the Company's ability to continue as a going concern.

In addition, on May 11, 2010, the Company entered into a Written Agreement with the Federal Reserve Bank (FRB) and in cooperation with and at the request of the Office of the Comptroller of the Currency (OCC) and pursuant to a Stipulation and Consent to the Issuance of a Consent Order, the Bank voluntarily consented to the issuance of the Consent Order. Any material failure to comply with the provisions of the Written Agreement and the Consent Order could result in additional enforcement actions by the FRB and OCC.

While management of the Company and the Bank intend to take such actions as may be necessary to comply with the requirements of the Written Agreement and the Consent Order, there can be no assurance that the Company will be able to comply fully with the provisions of the Written Agreement or that the Bank will be able to comply fully with the provisions of the Consent Order, that compliance with the Written Agreement and the Consent Order will not be more time consuming or more expensive than anticipated, that compliance with the Written

Agreement and the Consent Order will enable the Company and the Bank to resume profitable operations, or that efforts to comply with the Written Agreement and the Consent Order will not have adverse effects on the operations and financial condition of the Company and the Bank.

The deteriorating condition of the Company as noted above has caused the Plan's investments in the Company's common stock to be at risk.

See additional subsequent events disclosure in Note 11.

Description of the Plan

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

The Plan is a defined contribution plan established on January 1, 1985, and restated in its entirety effective January 1, 2006. The Plan is maintained for the exclusive benefit of eligible employees and their beneficiaries. Employees of the Company become eligible once they have attained the age 18 and completed one year of eligibility service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2006, the Plan was amended to exclude from the Plan's definition of compensation (i) the value of qualified and nonqualified stock options, and (ii) the amount received by the Participant when restricted stock becomes freely transferable or is no longer subject to substantial risk of forfeiture.

On December 1, 2007, the Company changed the trustee to Charles Schwab Trust Company (CSTC), a California chartered non-depository trust company, from Prudential Retirement Insurance and Annuity Company (PRIAC).

Effective January 1, 2008, the Plan was amended to eliminate the 1,000 hours of service requirement needed for a participant to be eligible to receive employer contributions.

There were no other material modifications to the Plan during 2009.

Contributions

The Company may make annual discretionary contributions to the Plan to invest primarily in the Company's stock. The employees do not contribute to the Plan. Contributions are allocated to eligible participants, who are employed on the last day of the Plan year. Contributions are allocated in proportion to each participant's eligible annual compensation for the Plan year over the aggregate of such compensation for all eligible participants. The Company contributed \$456 to the Plan during 2008. There were no contributions from the Company during 2009.

Contributions received prior to year end awaiting investment in the appropriate investment options, if any, are invested in the Charles Schwab Stable Value Fund (the Fund).

Participant Accounts

Each participant's account is credited with the allocation of the Company's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Diversification

When participants have participated in the ESOP for at least ten years and attained age 55, the Internal Revenue Code (IRC) requires the ESOP to permit these "qualified" participants to diversify the investments that are held in their accounts. Based on qualified participants' elections, the proceeds from the sale of Company stocks to accomplish this diversification may be (a) directly distributed to the qualified participants; (b) invested in a general account under the Plan; or (c) transferred to the qualified participants' accounts in the Pacific Capital Bancorp Incentive and Investment and Salary Savings Plan (the 401(k) Savings Plan) as discussed in Note 10, "Transfer to Pacific Capital Bancorp Incentive and Investment and Salary Savings Plan," of these financial statements or another qualified plan that provides at least three distinct investment options that meet the requirements of the IRC.

Vesting

Vesting in the Company's discretionary contribution is based on years of service. A participant becomes vested in the Company discretionary ESOP contributions as follows:

Years of Service	Percentage Vested (%)
Less than two	0
Two but less than three	20
Three but less than four	40
Four but less than five	60
Five but less than six	80
Six or more	100

Notwithstanding the above, if a participant is employed by the Company on the date of (1) attaining normal or early retirement, (2) death, or (3) terminating employment by reason of permanent disability, the Company discretionary contributions become 100% vested without regard to years of service.

Benefit Payments

On termination of service, death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum payment equal to the value of the participant's vested interest in their account, a distribution in the form of installment payments, or a combination of these payment options. Distributions are made in the form of cash, Company common stock plus cash for any fractional shares, or both, subject to the applicable provisions of the Plan agreement. Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan.

Forfeitures

Participants who are not 100% vested will forfeit the nonvested portion of the Company's contributions upon termination of employment. Effective August 19, 2009, such forfeitures shall first be used to restore the forfeited accounts of reemployed participants. If any forfeitures remain, they shall first be allocated to pay for administrative or legal expenses of the plan, and then will be allocated among the accounts of eligible participants during the Plan year. The forfeiture reserve balance was \$2,196 and \$1,773 at December 31, 2009 and 2008, respectively. During 2009, \$1,773 of the 2008 forfeitures was reallocated to participant accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with United States generally accepted accounting principles (US GAAP).

Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fair Value Measurements

The Plan has adopted the fair value measurement and disclosure requirements as required by US GAAP effective January 1, 2008. This accounting standard defines fair value, establishes a framework for measuring fair value, establishes a three-level valuation hierarchy for disclosure of fair value measurement and enhances disclosure requirements for fair value measurements. This accounting standard does not require any new fair value measurements, but applies under other existing accounting pronouncements that require or permit fair value measurements. Refer to Note 5, "Fair Value Measurements," of these financial statements for additional disclosures.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Fund is a common collective trust fund which invests in a diversified portfolio of stable assets. The investment contracts for the Fund are all fully benefit responsive at contract value. The Fund is recorded at fair value; however, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As a result, the difference between contract value and fair value of the Fund is reflected on the financial statements as “adjustment from fair value to contract value for fully benefit-responsive investment contracts.”

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned and dividends are recorded on the ex-dividend date.

Realized and Unrealized (Depreciation) or Appreciation

Realized and unrealized (depreciation) or appreciation are based on the fair value of the assets at the end of the Plan year compared to the fair value of the assets at the beginning of the Plan year, or at the time of purchase for assets purchased or exchanged during the Plan year.

Administrative Expenses

The Company incurs certain expenses in administering the Plan, which are not passed on as expenses of the Plan. Administrative expenses that are charged to the Plan consist of transaction charges for benefit payment transactions. For the 2009 Plan year, \$1,000 of administration expenses was charged to the Plan. For the 2008 Plan year, there were no administrative expenses charged to the Plan.

2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

In April 2009, the Financial Accounting Standards Board (FASB) issued Staff Position 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly* (FSP 157-4). FSP 157-4 amended FASB Statement No. 157, codified as Accounting Standards Codification 820 (ASC 820), to provide additional guidance on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased in relation to its normal market activity. FSP 157-4 also provided additional guidance on circumstances that may indicate that a transaction is not orderly and on defining major categories of debt and equity securities to comply with the disclosure requirements of ASC 820. The Plan adopted the guidance in FSP 157-4 for the reporting period ended December 31, 2009. Adoption of FSP 157-4 did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In May 2009, the FASB issued Statement No. 165, *Subsequent Events*, which was codified into ASC 855, *Subsequent Events*, to provide general standards of accounting for and disclosure of events that occur after the balance sheet date, but before financial statements are issued or are available to be issued. ASC 855 was amended in February 2010. The Plan has adopted ASC 855, as amended (see Note 11).

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3

measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 becomes effective for reporting periods beginning after December 15, 2009. Plan management is currently evaluating the effect that the provisions of ASU 2010-06 will have on the Plan's financial statements.

3. Certified Financial Information

Other than the fair value of the Fund, the financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income, schedule of assets (held at end of year) and schedule of reportable transactions has been derived from information certified as complete and accurate by CSTC in accordance with Section 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The contract value of the Fund of \$123,871 and \$137,173 at December 31, 2009 and 2008, respectively, was certified by CSTC.

4. Investments

The following represents investments of the Plan as of December 31, 2009 and 2008. Specific investments that represent 5% or more of the Plan's net assets are separately identified with an asterisk:

	December 31,	
	2009	2008
Interest-bearing cash	\$ 685	\$ 1,094
Common collective trust:

Notes to Financial Statements (continued)

4. Investments (continued)

During the years ended December 31, 2009 and 2008, the Plan's investments (including realized gains and losses on investments bought and sold and unrealized gains and losses on investments held during the year) appreciated or depreciated in value as follows:

	December 31,	
	2009	2008
Common collective trust:		
Charles Schwab Stable Value Fund	\$ (3,044)	\$ 7,499
Mutual fund	—	(1,484)
Pacific Capital Bancorp common stock	<u>(21,084,599)</u>	<u>(4,344,027)</u>
Net depreciation in fair value of investments	<u><u>\$ (21,087,643)</u></u>	<u><u>\$ (4,338,012)</u></u>

5. Fair Value Measurements

In accordance with the fair value measurement and disclosure requirements as required by US GAAP, the valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

Level 1: Observable quoted prices in active markets for identical assets and liabilities.

Level 2: Observable quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3: Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

Pacific Capital Bancorp
Employee Stock Ownership Plan and Trust

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

The following methods and assumptions were used to estimate the fair value of each category of assets that are recognized at fair value. There have been no changes in the methodologies used as of December 31, 2009.

Interest-bearing cash: The carrying value approximates fair value.

Common collective trust: The Fund is the Plan's common collective trust fund which invests in a diversified portfolio of stable assets which include, but are not limited to, units of collective trust funds consistent with the Fund's objective of stable value, bonds, notes, alternative and synthetic guaranteed investment contracts as well as short-term money market instruments. In determining fair value for the common collective trust, the trustee considers such factors as the benefit-responsiveness of the investment contracts, the ability of the parties to the investment contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. The fair value of the wrap contracts is determined using a discounted methodology which incorporates the difference between current market level rates for contract level wrap fees and the wrap fee being charged. Investments in units of collective trust funds and short-term investment funds are valued at their respective net asset values as reported by the funds daily. Short-term money market investments are stated at amortized cost, which approximates fair value. Participant-directed redemptions will be distributed within 30 days at contract value; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund at contract value or it may receive the fair value of its proportionate share of the fund upon earlier distribution.

Common stocks: Are valued using quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in different fair value measurements as of the reporting date.

6. Party-In-Interest Transactions

As of December 31, 2009 and 2008, certain Plan investments are invested in Charles Schwab mutual funds managed by CSTC. As such, transactions with Charles Schwab qualify as party-in-interest transactions under ERISA. There were \$1,000 fees paid by the Plan to Charles Schwab for the investment management services for the year ended December 31, 2009. There were no fees paid by the Plan for the investment management services for the year ended December 31, 2008.

In addition, the Plan invests in the common stock of the Company. During the years ended December 31, 2009 and 2008, the Plan's investment activities and valuation of the Company's common stock were approximately as follows:

	December 31,	
	2009	2008
Purchases	\$ 90,178	\$ 602,253
Sales	(1,757,794)	(982,018)
Net depreciation in fair value of investments	(21,084,599)	(4,344,027)
Dividend income	148,020	1,234,496
Ending investment value	1,129,421	23,210,253

7. Tax Status

The Plan obtained its latest determination letter on September 27, 2007, in which the Internal Revenue Service (IRS) stated that the Plan and the related trust, as then designed, was in compliance with the applicable requirements of the IRC. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the IRC.

8. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Pacific Capital Bancorp
Employee Stock Ownership Plan and Trust

Notes to Financial Statements (continued)

9. Risks and Uncertainty

The majority of the Plan's assets are invested in the Company common stock, which are exposed to various risks, such as market conditions. Due to the level of risk associated with these investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

10. Transfer to Pacific Capital Bancorp Incentive and Investment and Salary Savings Plan

During 2008, \$225,356 of participant account balances of certain employees was transferred from the Plan to the 401(k) Savings Plan, an affiliated plan, in accordance with the diversification provision stated in Note 1, "Organizational Matters and Description of Plan," of these financial statements. These participants are immediately vested in their account balances. There were no transfers from the Plan to the 401(k) Savings Plan during 2009.

11. Subsequent Events

The Plan has evaluated subsequent events and transactions that have occurred after December 31, 2009, through July 27, 2010, the date at which the accompanying financial statements were available to be issued.

On January 14, 2010, the Company and the Bank entered into a Purchase and Sale Agreement (the Purchase and Sale Agreement) with Santa Barbara Tax Products Group, LLC (SBTPG), pursuant to which SBTPG agreed to purchase the assets of the RAL and RT Programs segment, including the fixed assets, uncollected loans, contracts with tax preparers, and customer lists. In connection with this sale, participant accounts from the employees of the RAL and RT programs segment had the option of leaving their accounts in the Plan or transferring their balances into another plan. In connection with this sale, approximately \$772 of participant accounts was transferred out of the Plan.

Notes to Financial Statements (continued)

11. Subsequent Events (continued)

On April 29, 2010, the Company and the Bank entered into the Investment Agreement with SB Acquisition Company, LLC, a wholly-owned subsidiary of Ford Financial Fund, L.P. (Ford), pursuant to which Ford will invest, subject to certain conditions, an aggregate of \$500 million in cash in the Company through direct purchases of newly issued shares of common stock at a purchase price of \$0.20 per share, and newly created shares of Convertible Preferred Stock at a purchase price of \$1,000 per share.

On July 19, 2010, the Company approved a resolution to merge the ESOP with the 401(k) Savings Plan. In connection with this transaction, ESOP shares would be transferred to each participant's 401(k) account. A 401(k) account would be established for all ESOP participants who do not have a 401(k) account.

12. Reconciliation of Financial Statements to Form 5500

The Company's 2009 and 2008 Form 5500 were prepared under the accrual basis method. The Plan's financial statements report the fair value for fully benefit-responsive investment contracts with an adjustment to record the Plan's net assets at contract value for such investments. The net assets per the Form 5500 reflect the fair value of fully benefit-responsive investment contracts.

The following is a reconciliation of net assets available for benefits as of December 31 as reported on the financial statements and Form 5500:

	December 31,
