MID-VALLEY AGRICULTURAL SERVICES, INC.
401K PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2011

NOTE 1. DESCRIPTION OF PLAN

The following description of the Mid-Valley Agricultural Services, Inc. 401K Profit Sharing Plan (Plan) provides only general information. Mid-Valley Agricultural Services, Inc. is headquartered in Linden, California. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service (minimum 1000 hours of service) and have attained the age of twenty-one. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The participants may contribute up to the maximum allowed by law of pretax annual compensation, as defined in the Plan into the 401(k) Plan subject to compliance with IRS laws and regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company has elected to make a discretionary profit sharing contribution for 2011 that satisfies required testing to comply with IRS laws and regulations. The Company contributions are invested based on the participant's direction.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contributions is based on years of service (year of service equals minimum 1,000 hours of service during the plan year which is the plan year). A participant vests twenty percent after two years of credited service and is one hundred percent vested after six years of credited service.

NOTE 1. DESCRIPTION OF PLAN (continued)

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their account into any of the investment options the Plan has allowed with John Hancock Life Insurance Company. The investment options are primarily mutual funds (regulated investment companies). Participants may change their investments options daily via the internet after their initial enrollment in the plan.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or periodic payments over the participant's life expectancy. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or elect to leave it in the plan. A participant may also elect to receive an in-service distribution for a hardship as defined in and subject to the restrictions specified in the plan document.

NOTE 2. DATE OF MANAGEMENT'S REVIEW

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through June 26, 2012, the date the financial statements were available to be issued.

NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Forfeitures

Forfeited balances from paid out non-fully vested terminated participants' accounts are added to the employer discretionary profit sharing contribution. At September 30, 2011, forfeited amounts from non-fully-vested participants of $526 was in forfeiture account and are be allocated to the active participants in addition to the employer contribution.

Investment Valuation and Income Recognition

Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Participant notes receivable are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

The Plan absorbs the costs of the Plan's administration including the annual audit required by ERISA.

NOTE 4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

September 30, 2011

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual funds	$5,564,754	$5,564,754
Cash	526	526
Total	$5,565,280	$5,565,280

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

September 30, 2010

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual funds	$ 5,311,483	$ 5,311,483
Cash	795	795
Total	$5,312,278	$ 5,312,278

SFAS No. 157, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were used by the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

NOTE 5. INVESTMENTS

The Plan's investments are held in trust and certified by John Hancock Life Insurance Company as of September 30, 2011 and 2010. Investments at fair value as determined by quoted market price:

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7. TAX STATUS

The Plan and related trust were amended on October 1, 2009 with some of the provisions effective retroactively. The Company adopted a Volume Submitter 401(k) Profit Sharing Plan which received notice from the Internal Revenue Service stating that the Plan was designed in accordance with applicable sections of the Internal Revenue Code (the Code). The Plan Trustees, Plan Administrator and Pension Consultant are confident that the Plan as amended is designed and currently being operating in accordance with all applicable requirements of the Code.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. RELATED PARTY TRANSACTIONS

The plan assets are in pooled separate accounts held by John Hancock Life Insurance Company. John Hancock Life Insurance Company is a Custodian of the Plan Assets and performs the recordkeeping, as defined by the Plan and according transactions with John Hancock Life Insurance Company qualify as party-in-interest transactions according to applicable regulations.
