INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrators
of the Wheeler Trigg O'Donnell, LLP 401(K) Profit-Sharing Plan:

We were engaged to audit the statements of net assets available for benefits of Wheeler Trigg O'Donnell, LLP 401(K) Profit-Sharing Plan (the "Plan") as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedules of assets held for investment purposes and reportable transactions as of December 31, 2011. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrators instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Vanguard Fiduciary Trust Company, the Plan custodian, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrators that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrators have obtained a certification from the Plan custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrators by the Plan custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Plan custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment purposes and reportable transactions as of December 31, 2011, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was

derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. (1) **Description Of The Plan**

The following brief description of the Wheeler Trigg O'Donnell, LLP Profit-Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan was established by Wheeler Trigg O'Donnell, LLP 401(K) (the "Sponsor") on March 19, 1998. This Plan is a non-standardized prototype defined contribution benefit plan which provides for employee contributions under a salary reduction agreement and matching employer contributions. Under the terms of the Plan, employees of the Plan are eligible to participate in the safe harbor contributions when the employee attains age 21 and is credited with three months of service. Once an employee has completed one year of service, that employee is eligible to share in the Plan's profit-sharing and matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Plan makes contributions on behalf of each participant who has executed a salary reduction agreement in effect with the Plan for a payroll period for the amount of the salary reduction. The Plan makes contributions based upon the designated employee participation group as defined by the Plan. For the Plan year ended December 31, 2011 and 2010, the annual compensation of each participant taken into account could not exceed $245,000.

The Plan provides for six designated employee participation groups which establishes the amount of employer contributions.

Group one - Individuals who have attained the age of 40 as of the last day of the Plan year and are partners or "of counsel" employees who were formerly partners. These individuals will receive a 20% employer contribution.

Group two - Partners who have attained the age of 36 as of the last day of the Plan year and are not over the age of 39. These partners will receive an 11% employer contribution.

Group three - Partners who have not yet attained the age of 36 as of the last day of the Plan year and, or are under the age of 35. These partners will receive a 7% employer contribution.

Group four - Three highly compensated employees who receive an employer safe harbor contribution of 3% and an additional elective contribution of 5.48% for a total contribution of 8.48%.

Group five - Attorneys who are designated by the Plan to be on track to become partners of the Plan, these attorneys receive an employer safe harbor contribution of 3%.

Group six - All employees eligible to share in employer profit-sharing contributions other than safe harbor contributions who are not in another participating group. Group six employees receive an employer 3% safe harbor contribution and an additional elective 3% contribution for a total of 6%.

Participation Accounts

Each participant's account is credited with the participant's contribution, allocable portion of the Plan's matching and discretionary contributions, plan earnings, and reduced by allocable portion of plan administrative expenses. Allocations are based on participant earnings or account balances, as defined. The amount of benefit to which a plan participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable From Participants

Participants may borrow up to the lessor of $50,000 or 50% of the participant's non-forfeitable accrued benefit. Loan terms include payments over terms of five years. Interest incurred on loans and loan payments are credited to the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions, employer contributions, and actual earnings thereon.

Payment Of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her accounts, or a variety of annuity options. Upon demonstration of hardship, the administrators may approve once in any six-month period a participant withdrawal of vested account balances in accordance with terms of the Plan.

Death Benefits

If an active employee dies prior to termination of employment, the participant's account balances are payable to his named beneficiary.

Administration And Expenses

The Plan is administered by the Sponsor. The Plan assets are invested in funds held at Vanguard Fiduciary Trust Company. The Plan pays for investment and trustee fees which are deducted directly from investment earnings and netted against individual participant accounts.

(2) Summary Of Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

As described in, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measure attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use Of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrators to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Units of the Retirement Savings Trust are valued at net asset value at year-end. Equities are valued at last quoted sales price as of the close of trading at year-end; such securities not traded on the year-end date are valued at the last quoted bid prices. Fixed income securities are valued using the last quoted bid price.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Fair Value Measurements

The Plan follows *Fair Value Measurements*, which among other things requires enhanced disclosures about investments that are measured and reported at fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan's has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds and common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Guaranteed interest accounts: Fair value determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the investment balances and the amounts reported in the balance sheets.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has performed an evaluation of subsequent events through July 12, 2012, which is the date the financial statements were available to be issued, and has considered any relevant matters in the preparation of the financial statements and footnotes.

Change In Accounting Principle

During the year ended December 31, 2010, the Plan adopted *Reporting Loans to Participants by Defined Contribution Pension Plans*. This amendment was effective for fiscal years ended after December 15, 2010. The new amendment required participant loans be classified as notes receivable from participants, which are segregated from the Plan investments and

measured at their unpaid principal balance plus any accrued but unpaid interest. The change resulted in a reclassification on the Statements Of Net Assets Available For Benefits between the amounts reported as total investments and total receivables, as well as the interest income on the Statements Of Changes In Net Assets Available For Benefits.

(3) Investments

The following table presents the investment holdings that represents 5% or more of Plan assets for the year ended:

	2011	2010
American Funds EuroPacific Growth Class R-5	$ 1,105,048	$ 1,205,707
American Funds Growth Fund Of America (R5)		$ 1,922,003
PIMCO Total Return Fund: Institutional Class	$ 1,699,783	$ 1,768,662

Vanguard Target Retirement 2035	$ 1,181,385	$ 1,079,414
American Funds Investment Co. Of America R-5		$ 847,613

During the years ended 2011 and 2010, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated (depreciated) in value as follows:

	2011	2010
Common stock	$ (92,973)	$ 114,139
Mutual funds	(615,329)	1,677,593
	$ (708,302)	$ 1,791,732

Fair Value Hierarchy

The following table presents the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2011:

Investments:	Level 1	Level 2	Level 3	Total

Interest	29,854
Transfers, net	398,752
Balances as of December 31, 2011	$ 1,315,494

(4) Investment Contracts

On November 1, 2007, the Plan entered into a benefit-responsive investment contract with the Vanguard Retirement Savings Trust ("Vanguard"). Vanguard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The retirement savings trust is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note (2), because the retirement savings trust is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported by Vanguard represents contributions made under the contract, plus earning, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are review on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity was provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The retirement savings trust does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average Yields:

	2011	2010
Based on actual earnings	2.94%	3.56%
Based on interest rate credited to participants	3.26%	3.23%

(5) Forfeitures

Due to the correction of excess employer contributions, the Plan had forfeitures of $0 and $18,252, respectively, as of December 31, 2011 and 2010. The forfeitures held are available to offset future employer contributions.

(6) **Plan Termination**

Although the Plan intends to continue the Plan and to make regular contributions, the Plan reserves the right to terminate the Plan at any time, and its continuance is not guaranteed. The Plan also has reserved the right to amend or otherwise modify the Plan, or to discontinue any further contributions or payments under the Plan, by a resolution of its Board. In the event of a termination of the Plan or discontinuance of contributions, the account of each affected participant shall become non-forfeitable.

(7) **Tax Status**

The Plan received its latest favorable determination letter from the Internal Revenue Service as to the qualified status of the Plan dated March 5, 2009. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for federal or state income taxes has been included in the Plan's financial statements.

The Plan follows the *Accounting for Uncertainty in Income Taxes* accounting standard which requires the Plan to determine whether a tax position (and the related tax benefit) is more likely than not to be sustained upon examination by the applicable taxing authority, based solely on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon settlement, presuming that the tax position is examined by the appropriate taxing authority that has full knowledge of all relevant information. During the years ended December 31, 2011 and 2010, the Sponsor evaluated its tax positions to determine the existence of uncertainties, and did not note any matters that would require recognition or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan is no longer subject to U.S. federal tax audits on its Form 5500 by taxing authorities for fiscal years ending prior to December 31, 2008. The years subsequent to this year contain matters that could be subject to differing interpretations of applicable tax laws and regulations. Although the outcome of tax audits is uncertain, the Plan believes no issues would arise.

(8) **Financial Data Certified By The Investment Company Administered Trust Fund**

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA

for the years ended December 31, 2011 and 2010. Accordingly, as permitted under such election, Vanguard has certified all financial data relative to the investment assets, transactions, income and the schedule of assets held for investment purposes.

(9) Party-In-Interest

Investments with Vanguard Fiduciary Trust Company amounted to $21,314,267 and $18,936,089 for the years ended December 31, 2011 and 2010, respectively. The investments were managed by Vanguard for the years ended December 31, 2011 and 2010, respectively, who was the custodian and administrator of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

(10) Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
