WYLE LABORATORIES, INC. 401(k) PLAN

Notes to Financial Statements
For the Year Ended December 31, 2009

1. Plan Description

The following description of the Wyle Laboratories, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan, as amended and effective January 1, 2007, is a defined contribution plan covering employees of Wyle Laboratories, Inc. (the Company), except employees represented by any collective bargaining agreement and temporary/on-call employees. The Employee Benefits Committee serves as the Plan administrator and controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974, as amended (ERISA).

b. Contributions

Participants may contribute from 1 percent to 50 percent of pretax annual compensation, as defined in the Plan document and allowed by law. The Plan provides for automatic election of deferrals at a rate of 3 percent of compensation for all new participants, except for participants employed in the Wyle Integrated Science and Engineering Group and participants employed subject to the Service Contract Act working at the unit formerly known as Wyle Laboratories, Inc. TSS Div-Dayton. Participants may affirmatively elect a different deferral percentage or elect not to defer into the Plan. Affected participants are provided with an annual notice that explains the automatic election and the participant's right to elect a different rate or to elect not to make deferrals.

Participants may also contribute voluntary after-tax contributions from 1 percent to 10 percent of eligible compensation, as defined in the Plan document.

The Company matches 50 percent of participant deferrals up to 6 percent of compensation, except for participants employed in the Wyle Integrated Science and Engineering Group and participants employed subject to the Service Contract Act working at the unit formerly known as Wyle Laboratories, Inc. TSS Div-Dayton.

The Company may also make discretionary contributions subject to annual approval by the Wyle Investment Committee. In 2009, participants employed in the Wyle Integrated Science and Engineering Group received contributions equal to 3.5 percent of compensation, payable each pay period. Participants employed in the Wyle Aerospace Group received contributions equal to 2 percent of compensation, payable each quarter.

Notes to Financial Statements
For the Year Ended December 31, 2009

c. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the proportionate share of the Company's contribution and (b) the Plan's earnings or losses, and charged with management fees associated with loan requests and/or transfer of funds with a stated maturity before that maturity date. Earnings or loss allocations are based on the participant's account balances as defined in the Plan. Certain transaction expenses are paid by the participant who incurred them. Each participant is entitled only to the benefits that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their voluntary contributions and earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. Company contributions vest 100 percent after two years of service or at normal retirement, disability, or death.

e. Distribution of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a fixed period annuity for any period of whole months, which is not less than 60 months and does not exceed the life expectancy of the participant, as defined by the Plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

f. Participant Loans

The Plan allows for a minimum loan amount of \$1,000 to be made to participants subject to ERISA and Plan guidelines. A participant may request a loan for up to the lesser of a) 50% of the participant's vested interest or b) a maximum of \$50,000 minus any outstanding loan balance(s) in the last 12 months. The loans are secured by the balance in the participant's account and bear an annual fixed interest rate ranging from 4.25% to 10.50%. Loan terms generally range from one to ten years. Principal and interest are paid ratably through biweekly payroll deductions.

g. Forfeited Accounts

At December 31, 2009 and 2008 forfeited non-vested accounts totaled \$487,521 and \$502,523, respectively. These accounts will be used to reduce future employer contributions and pay plan administrative expenses. During 2009, forfeited non-vested accounts were used to reduce employer contributions by \$483,326 and pay for \$70,443 of the Plan's administrative expenses.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Payment of Benefits

Benefits are recorded when paid.

e. Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the administrative agent and independent public accountants, may be paid by the Plan. The Company, at its discretion, decided to pay for certain of these administrative expenses on behalf of the Plan. Most investment options have management fees, which reduce the overall return on assets. The net appreciation on investments is reflected net of these fees.

f. Net Appreciation in Fair Value of Investments

Realized gains and losses on investments are based on the market value of the asset at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day the investments are sold during the year. Unrealized gains and losses on investments are based on the market value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value at the end of the year. Net realized and unrealized appreciation in fair value of investments is reflected in the accompanying Statement of Changes in Net Assets Available for Plan Benefits.

WYLE LABORATORIES, INC. 401(k) PLAN

Notes to Financial Statements
For the Year Ended December 31, 2009

g. Subsequent Events

The plan has evaluated the subsequent events through July 21, 2010, the date the financial statements were available to be issued.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits.

4. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2009 and 2008:

	<u>2009</u>	<u>2008</u>
Pooled separate accounts:		
Money Market Sep Acct	\$ 25,810,357	\$ 21,727,435
Diversified International Separate Account	-	8,455,070

Vanguard Long Term U.S. Treasury Admiral Fund	13,271,051	20,666,076
American Century Value Inv Fund	\$ -	\$ 9,276,717

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$40,811,822 as follows:

Pooled separate accounts	\$ 14,531,872
Mutual funds	<u>26,279,950</u>
	<u>\$ 40,811,822</u>

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

WYLE LABORATORIES, INC. 401(k) PLAN

Notes to Financial Statements
For the Year Ended December 31, 2009

5. Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Guaranteed investment contracts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. See Note 8.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Mutual funds: Valued at the NAV of shares held by the Plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 5, 2009 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC.

7. Summary of Unaudited Information

The Custodian of the Plan certified certain information, which was not audited in accordance with the Plan administrator's instructions and as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Information certified by the Custodian consists of the following:

- Fair value of investments as reflected in the Statements of Net Assets Available for Plan Benefits as of December 31, 2009 and 2008.
- Investment income as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the Year Ended December 31, 2009.
- Investment information as reflected in Notes 4 and 5 to these financial statements.
- Investment information reflected in the Schedule of Assets (Held at End of Year).

The Plan's independent public accountants did not perform auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

8. Investment Contract with Insurance Company

The Plan holds investment contracts with Principal Life Insurance Company with five year maturities. The crediting interest rate as of December 31, 2009, was 0.94 percent. As of December 31, 2008, the crediting interest rate ranged from 0.85 to 1.27 percent. The average yield for the year ended December 31, 2009, was 3.11 percent.

9. Party-in-Interest Transactions

Certain Plan investments are shares of guaranteed interest accounts and pooled separate accounts managed by Principal Financial Group, the Custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

10. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

11. Plan Merger
