Independent Auditor's Report

To the Trustees of the Ideal Window Manufacturing, Inc. Retirement Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Ideal Window Manufacturing, Inc. Retirement Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years ended December 31, 2009 and 2008 and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in the notes to the financial statements which was certified by Hartford Life Insurance Company, Custodian of the Plan, except for comparing the information with the related information included in the 2009 and 2008 financial statements and 2009 supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian of the Plan as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by Hartford Life Insurance Company is complete and accurate.

Because of the significance of the information in the Plan's 2009 and 2008 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules as of or for the years ended December 31, 2009 and 2008. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Retirement Plan
Notes to the Financial Statements

DESCRIPTION OF PLAN

The following description of the Ideal Window Manufacturing, Inc. Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have attained age 21 and have completed six months of eligible service as of the bi-annual enrollment date. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The plan provides all participants with the option of voluntarily contributing up to 100% of their pre-tax compensation, as defined, paid by the employer to such participant while a member of the plan, not to exceed statutory dollar limitations. Contributions paid to the Plan by the employer may include matching and discretionary features. For the matching feature, the employer may contribute an amount equal to 100% of the participant's first 3% of pre-tax contributions. The Company may amend or revoke its obligation to contribute to the Plan if it determines that it will not have significant current or accumulated profits to make such contribution. As of April 1, 2008, the Company suspended the matching contribution. No discretionary contribution was made for the year ended December 31, 2009 or 2008.

Participant Accounts

Four accounts will normally be maintained for each participant. They are (1) the elective deferral account, (2) the matching contribution account, (3) the discretionary contribution account and (4) rollover account, if applicable. A participant, at all times, has a 100% non-forfeitable interest in the value of his account attributable to his salary deferrals and rollover contributions from other qualified plans. A participant gradually vests in his employer matching and discretionary accounts based on his years of accredited service. A participant is 100% vested in these accounts after six years. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants non-vested accounts may be used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant Loans

Participants have the ability to borrow against their vested account balance, as defined in the Plan. Each loan is secured by a promissory note executed by the participant to the Trustee. The minimum loan a participant may seek is \$1,000, the maximum loan is the lesser of \$50,000 or 50% of the participant's vested balance. Loans are repaid in monthly installments over one to five years, except for a loan used to acquire a participant's principal residence, which may have a repayment period of up to thirty (30) years. The entire unpaid principal balance of the loan, plus any accrued interest, is due upon a participant's termination.

Vesting in Employer Contributions

Participants gradually vest in their accounts based on years of service. A participant is 100 percent vested after six years of credited service.

Vesting in Employee Contributions

Employee elective deferral contributions are fully (100%) vested and non-forfeitable at all times.

DESCRIPTION OF PLAN, Continued

Investment Options

The Plan offers participants 24 investment options of varying risk with Hartford Life Insurance Company. The participants are allowed to change their choices or transfer between funds through automated systems.

Forfeitures

The non-vested accounts of participants shall be forfeited upon the earlier of the date of the participant's death, if prior to such date he ceased to be an employee, or his forfeiture date. All or a part of a participant's non-vested account will be forfeited, if, after he ceases to be an employee, he receives a distribution of his entire vested account. The forfeiture will occur as of the date he receives the distribution or on the date such provision became effective, if later. Forfeitures are transferred to the Plan's unallocated cash reserve fund until applied toward Company contributions or to offset plan expenses. Forfeitures of \$550 were applied to administrative expenses in 2009 and \$2,500 were applied to employer matching contributions in 2008.

Payment of Benefits

On termination of service, a participant may elect to receive a lump sum amount equal to the value of his or her account or all or any portion of the account may be used to purchase an annuity to provide a lifetime income or installments over a specified guaranteed period.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Participant loans are valued at cost which approximates fair value. Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses incurred in connection with the administration of the Plan are paid by the Plan to the extent not paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Subsequent Events

For the year ended December 31, 2009, the Plan has evaluated subsequent events for potential recognition and disclosure through July, 28, 2010, the issuance date of the financial statements. No items requiring disclosure were noted.

PARTICIPANT LOANS

Participant loans consist of notes receivables due from plan participants as described under the Description of Plan. The individual loan balances, reported at cost which approximates fair value, are collateralized by the respective participant's vested account balance. Interest rates vary among the loans, ranging from 4.25% to 10.25%. Repayments are made monthly from payroll deductions, ranging from one to five years except for a loan used to acquire a participant's principal residence which may have a repayment period of up to thirty (30) years.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

QUALIFIED TAX STATUS

The Plan adopted a volume submitter plan which received a favorable letter of determination dated March 31, 2008 from the Internal Revenue Service stating the Plan is in compliance with Section 401(a) of the Code, and, accordingly, is entitled to an exemption from income taxes under the provisions of Section 501(a). Accordingly, no provision for federal income taxes has been made in the accompanying financial statements.

RELATED PARTY TRANSACTIONS

State Street Bank and Trust operates as the Plan's trustee. Certain Plan investments are shares of mutual funds managed by Hartford Life Insurance Company. Hartford is also the investment custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 "Fair Value Measurements and Disclosures" defines fair value as the exchange price that would be received on the measurement date to sell an asset or the price paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 also establishes a three level fair value hierarchy that describes the inputs that are used to measure assets and liabilities.

Level 1

Level 1 asset and liability fair values are based on quoted prices in active markets for identical assets and liabilities. The plan holds mutual funds and money market funds with a total fair value at December 31, 2009 and 2008 of \$5,701,857 and \$5,513,200, respectively and that are measured as Level 1 assets.

Level 2

Level 2 asset and liability fair values are based on observable inputs that include: quoted market prices for similar assets or liabilities; quoted market prices that are not in an active market; or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full term of the assets and liabilities. The plan holds no Level 2 assets at December 31, 2009 and 2008.

Level 3

Level 3 assets and liabilities are financial instruments whose value is calculated by the use of pricing models and/or discounted cash methodologies, as well as financial instruments for which the determination of fair value requires significant management judgment or estimation. These methodologies may result in a significant portion of the fair value being derived from unobservable data. The Plan's Level 3 assets include participant loans at December 31, 2009 and 2008.

Assets measured at fair value on a recurring basis are summarized below:

		Fair Value Measurements for Assets Measured on a Recurring Basis		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
