INDEPENDENT AUDITORS' REPORT

To the Trustees
Becker & Poliakoff, P.A. 401(k) Profit Sharing Plan
Fort Lauderdale, Florida

We were engaged to audit the accompanying statements of net assets available for benefits of Becker & Poliakoff, P.A. 401(k) Profit Sharing Plan as of December 31, 2011 and 2010 and the related statement of changes in net assets available for benefits for the years ended December 31, 2011 and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of plan:

The following description of the Becker & Poliakoff, P.A. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan sponsor is Becker & Poliakoff, P.A. (the Company or Plan Sponsor). The Plan is a defined contribution plan covering substantially all employees of the Company who have completed two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute from 1% to 100% of pretax compensation as defined in the plan document subject to certain Internal Revenue Code (the Code) limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may make discretionary matching or profit sharing contributions. Participants must complete three months of service to be eligible for the discretionary matching contribution. Participants must complete one year of service and be employed on the last day of the Plan year to be eligible for the employer discretionary profit sharing contribution. For the Plan year ended December 31, 2011, the Company matched 25% of the first 6% of base compensation that a participant contributed to the Plan for a total of $392,778. For the Plan year ended December 31, 2011, the Company did not make a discretionary profit sharing contribution.

Upon enrollment in the Plan, a participant may direct employee contributions in 1% increments to any of the Plan's investment options. Participants may change their investment options daily.

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, and an allocation of the Plan's earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of plan - continued:

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions and earnings thereon is based on years of continuous service. Participants become vested in company matching and profit sharing contributions in accordance with a six-year graded vesting schedule.

Participants are immediately vested upon termination of the Plan, upon reaching the normal retirement age of 60, or upon disability or death while an employee of the Plan Sponsor. Forfeitures of terminated participants' non-vested accounts may be used by the Plan for payment of Plan expenses or to reduce employer contributions. The balance of the forfeiture account was $967 and $14,027 at December 31, 2011 and 2010, respectively. There were $12,814 of forfeitures applied to Company contributions during the year ended December 31, 2011. There were $10,944 of forfeitures applied to administrative expenses during the year ended December 31, 2011.

Payment of benefits

A participant is entitled to receive a lump-sum amount or installment payments equal to the vested value of his or her vested account upon attainment of age 59 ½, termination of service, retirement, disability, or death. A participant may request a withdrawal from the Plan while still under the employment of the Company for reasons of financial hardship, but the withdrawal is limited to the amount of the participant's pre-tax contributions and earnings thereon.

Notes receivable from participants

Participants may borrow from the Plan in any amount greater than $1,000 up to 50% of the participant's vested account balance, not to exceed $50,000. Note terms are for a period not to exceed five years, except for the purchase of a principal residence. Notes are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest is paid ratably through payroll deductions. Participants may obtain only one note from the Plan during any twelve month period but may have more than one note outstanding at any given time.

Note 1 - Description of plan - continued:

Administrative expenses

The Plan pays a majority of the Plan's administrative expenses, including audit fees. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future.

Note 2 - Summary of significant accounting policies:

Basis of presentation

The Plan has adopted the Financial Accounting Standards Board (FASB) Codification (Codification). The Codification is the single source of authoritative generally accepted accounting principles in the United States (U.S. GAAP) recognized by the FASB to be applied by nongovernmental entities. All of the Codification's content carries the same level of authority.

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with U.S. GAAP.

Fully benefit-responsive investment contract

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the cost plus contributions made under the contracts plus interest at the contract rates less withdrawals and administrative expenses. The statements of net assets available for benefits present the fair value of the guaranteed interest account. The adjustment from fair value to contract value for the Plan's proportionate share of fully benefit-responsive investment contracts within the guaranteed interest account is immaterial to the financial statements. Thus, no adjustment from fair value to contract value has been presented.

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition

Investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan has adopted ASC Topic 820, *Fair Value Measurements and Disclosures* (ASC 820), which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2011 and 2010.

- Pooled separate accounts are valued at the net asset value of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.
- Insurance company administered general accounts are valued based upon the audited financial statements provided by the trust.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value by major categorization for debt and equity securities on the basis of nature and risk of the investments as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011

There were no significant transfers between Level 1 and Level 2 investments, or into or out of Level 3 investments during the year ended December 31, 2011 or 2010.

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

Note 2 - Summary of significant accounting policies - continued:

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

New accounting pronouncements

In January 2010, the FASB issued ASU No. 2010-06, *Fair Value Measurements and Disclosures*, (ASU No. 2010-06) which amended ASC Topic 820 by requiring disclosure of significant transfers between Levels 1 and 2 and transfers into and out of Level 3 of the fair value hierarchy and the reasons for those transfers. In addition, ASU No. 2010-06 amends the reconciliation of the beginning and ending balances of Level 3 recurring fair value measurements to present information about purchases, sales, issuances, and settlements on a gross basis rather than as a net number. Finally, ASU No. 2010-06 requires fair value disclosures for each class of assets and liabilities and changes the guidance for employers' disclosure about pension and other postretirement benefit plan assets to require that they be made for classes of assets instead of major categories. ASU No. 2010-06 was effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which is effective for fiscal years beginning after December 15, 2010. The Plan adopted the required provisions of ASU No. 2010-06 on January 1, 2010. The adoption of ASU No. 2010-06 did not have a material impact on the Plan's financial statements.

Note 2 - Summary of significant accounting policies - continued:

New accounting pronouncements - continued

In May 2011, the FASB issued ASU No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, (ASU No. 2011-04). ASU No. 2011-04 amended ASC Topic 820 to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC Topic 820. In addition, ASU No. 2011-04 requires additional fair value disclosures (although certain of these new disclosures will not be required for nonpublic entities). The amendments are to be applied prospectively and are effective for public entities during interim and annual periods beginning December 15, 2011 and early application is not permitted. It is effective for nonpublic entities for annual periods beginning after December 15, 2011 and nonpublic entities may early implement during interim periods beginning after December 15, 2011. Plan's management is currently evaluating the effect that the provisions of ASU No. 2011-04 will have on the Plan's financial statements.

Subsequent events

The Company has evaluated subsequent events through July 18, 2012, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2011, have been incorporated into these financial statements.

Note 3 - Investments and information certified by the Trustee:

John Hancock Life Insurance Company (John Hancock) is the trustee for the Plan. John Hancock holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from John Hancock that investment and investment income information (including net depreciation and dividends and interest income) as of December 31, 2011 and 2010, and for the year ended December 31, 2011, is complete and accurate.

Note 3 - Investments and information certified by the trustee - continued:

The following is a summary of investments, at fair value, that represent 5% or more of the Plan's net assets at December 31, 2011 and 2010:

	2011	2010
Funds representing 5% or more of the Plan's net assets:		
Davis New York Venture	$ 1,578,551	$ 1,591,524
Euro Pacific Growth Fund	$ 883,979	$ 1,311,905
Growth Fund of America	$ 1,620,105	$ 1,635,246
Lifestyle Balanced	$ 1,973,586	$ 1,773,262
Investment Company of America	$ 1,702,039	$ 1,849,512
Money Market Fund	$ 1,179,798	$ 1,137,238
Lifestyle Conservative	$ 932,178	*
Short Term Federal	$ 889,269	$ 788,316

*Indicates investment is less than 5% of net assets as of December 31, 2010.

During the year ended December 31, 2011, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $558,569.

Note 4 - Guaranteed interest account:

The Plan has a fully benefit-responsive investment contract with John Hancock. John Hancock maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. John Hancock may not terminate the contract at any amount less than contract value.

Note 4 - Guaranteed interest account - continued:

John Hancock is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed every six months for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

The crediting interest rates and average yields are as follows for the years ended December 31, 2011 and 2010:

	2011		2010	
	Crediting interest rate	Average yield	Crediting interest rate	Average yield
Five year contract	0.90 %	1.83 %	0.70 %	1.15 %
Three year contract	0.30 %	1.61 %	0.30 %	0.74 %

Note 5 - Related-party transactions:

The Plan invests in pooled separate accounts and a guaranteed interest account fund managed by an affiliate of John Hancock. John Hancock acts as a trustee for investments in the Plan. Transactions in such investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants' accounts become fully vested.

Note 7 - Tax status:

The Plan has not received a determination letter from the Internal Revenue Service (IRS) stating that the Plan is qualified under Section 401(a) of the Code and thus the related trust is exempt from taxation. The Plan Sponsor applied for a letter through the determination letter filing program during the scheduled cycle during 2010 and is awaiting a response from the IRS. The Plan Sponsor has also determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan Administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 8 - Other:

During the 2010 plan year, it was determined that the Plan did not permit some employees to timely automatically enroll in the Plan. The plan sponsor investigated these errors and quantified the errors, including lost earnings. For the 2010 plan year, the amount contributed in 2010 was $10,435 with an additional amount of $1,619 contributed in 2011.
