INDEPENDENT AUDITORS' REPORT

Plan Trustees and Benefit Committee
The Denver Wholesale Florists Company 401(k) Retirement Plan
Denver, Colorado

We were engaged to audit the financial statements of The Denver Wholesale Florists Company 401(k) Retirement Plan (the "Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to and do not express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The Denver Wholesale Florists Company 401(k) Retirement Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established August 1, 1988, which was amended and restated effective March 31, 2008. The Plan is available to employees age 21 years or older who have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Denver Wholesale Florists Company (the "Company") administers the Plan. Principal Life Insurance Company ("Principal") serves as custodian, recordkeeper, and manages Plan investments. Principal offers Plan participants a variety of investment options through various mutual funds, pooled separate accounts, and a collective investment trust. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax and catch-up contributions up to 100% of compensation, not to exceed limits established by the Internal Revenue Service ("IRS"), which are adjusted annually by the Secretary of Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. The Company makes matching contributions of 50% of the first 6% of employee deferrals.

Participants' Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and Plan earnings or losses, expenses, and forfeitures. Allocations are based upon Plan earnings or losses and account balances, as defined in the Plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions and allocated earnings or losses thereon.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting (continued)

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65 or, if later, the fifth anniversary date of the first day of the Plan year during which the participant entered the Plan), retirement due to disability, or if the Plan is terminated.

Participant Loans

Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the remaining balances in the participants' accounts and bear interest at rates that range from 6.25% to 12.50%, which are commensurate with local prevailing rates at loan origination as determined quarterly by the Plan administrator at the inception of the loan, and mature at various dates through January 2016. The maximum loan term is five years. Principal and interest are paid ratably through payroll deductions. Participant loans are stated at amortized cost plus accrued interest.

Payments of Benefits

Upon termination of service, death, disability, or attaining normal retirement age, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance. Benefits are recorded when paid.

A separated participant is subject to a mandatory distribution in the form of a lump-sum payment if the vested account balance is less than $1,000. In the event of a mandatory distribution where the participant's balance is greater than $1,000 and less than $5,000, and the participant has not elected a distribution, the Plan administrator will pay the account balance as a distribution to an individual retirement account plan established for the participant and maintained by Principal. In-service withdrawals are allowed with notice of hardship, subject to certain restrictions.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Payments of Benefits (continued)

On September 26, 2008, Principal began applying a built-in contractual limitation on the Principal U.S. Property Separate Account, which delayed the payment of most withdrawal requests. Requests will be honored proportionately as sufficient cash becomes available for distribution in accordance with the terms of Principal's group annuity contract. As of December 31, 2010, the limitation applied only to the Principal U.S. Property Separate Account, and withdrawal requests from this account were still subject to a built-in contractual limitation in accordance with the terms of Principal's group annuity contract. This restriction was removed effective March 2011.

Participant Termination and Forfeitures

If, at the time of termination of employment, the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account and will be reallocated to the Plan's forfeiture account on the earlier of the fifth consecutive one-year break in service or the end of the Plan year following the payment of the vested account balance; otherwise, the funds can be restored to the participant's account upon re-employment with the Plan sponsor. Funds held in a separate account awaiting disposition were $0 and $481 at December 31, 2011 and 2010, respectively. Funds allocated to the Plan's forfeitures account shall be allocated to offset Plan sponsor expenses or future employer contributions. The Plan held no unused forfeitures at December 31, 2011 and 2010. For the years ended December 31, 2011 and 2010, Plan sponsor expenses were reduced by $1,285 and $3,141, respectively, from forfeited accounts. For the year ended December 31, 2011, Plan sponsor contributions were reduced by $2,638 from forfeited accounts.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan invests in a fully benefit-responsive investment contract through a collective investment trust. Consistent with current accounting standards, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment in the collective investment trust as well as the adjustment of the investment in the collective investment trust from fair value to contract value. The statement of changes in net assets available for benefits is prepared on the contract value basis.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition (continued)

The net realized and unrealized investments gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the fair value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

Subsequent Events

The Plan has evaluated subsequent events through July 20, 2012, the date the financial statements were available to be issued.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Note 2 - Investments

Principal has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2011 and 2010 and the income earned on the investments for the year ended December 31, 2011, as reflected in the accompanying financial statements and the supplemental schedule, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by Principal, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

The fair values of investments greater than 5% of net assets available for benefits were the following:

	December 31,			
	2011		2010	
Stable Value Fund	$ 2,389,515		$ 2,506,772	
Large Cap S&P 500 Index Separate Account	$ 1,615,276		$ 2,003,495	
Lifetime 2025 Separate Account	$ 518,091	*	$ 160,738	
Diversified International Separate Account	$ 481,252		$ 540,705	
Small Cap Growth Equity A Fund	$ 446,686	*	$ 420,079	

* Not greater than 5% for the respective year.

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Mutual funds	$ (15,203)
Pooled separate accounts	(68,564)
Collective investment trust	40,348
	$ (43,419)

Note 3 - Fair Value Accounting

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Note 3 - Fair Value Accounting (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2011 and 2010.

Assets at fair value as of December 31, 2011 are as follows:

Description	Level 1	Level 2	Level 3	Total
Large cap U.S. equity	$ 86,589	$ 1,887,541	$ -	$ 1,974,130
Small/mid cap U.S. equity	528,921	651,901	-	1,180,822
International equity	47,465	481,252	-	528,717
Balanced/asset allocation	-	1,672,479	-	1,672,479
Fixed income	22,555	3,054,308	-	3,076,863
Other	-	100,658	-	100,658
Total	$ 685,530	$ 7,848,139	$ -	$ 8,533,669

Assets at fair value as of December 31, 2010 are as follows:

Description	Level 1	Level 2	Level 3	Total
Large cap U.S. equity	$ 54,168	$ 2,170,823	$ -	$ 2,224,991
Small/mid cap U.S. equity	454,571	618,352	-	1,072,923
International equity	11,746	540,705	-	552,451
Balanced/asset allocation	-	1,102,086	-	1,102,086
Fixed income	45	3,097,235	129,340	3,226,620
Other	-	143,113	-	143,113
Total	$ 520,530	$ 7,672,314	$ 129,340	$ 8,322,184

Note 3 - Fair Value Accounting (continued)

Level 1 investments are comprised of mutual funds, which are valued based on quoted prices in active markets. Level 2 investments are primarily comprised of pooled separate accounts, which are valued on a per unit market value basis as determined by Principal, which is based upon the fair value of the investments comprising the separate funds based on quoted market prices. The collective investment trust within Level 2 fixed income investments is valued by Principal based upon the fair value of the investments comprising the trust. The Level 3 investment is comprised of a pooled separate account backed by real estate, which is based upon the fair value of the underlying real estate investments. This investment became a Level 2 investment during 2011 due to the lifting of liquidity restrictions during March 2011.

The following is a reconciliation of the beginning and ending balances for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the U.S. Property Pooled Separate Account during the year ended December 31, 2011:

Beginning balance	$ 129,340
Total net gains or losses (realized/unrealized) included in earnings	3,601
Transfers out of Level 3 to Level 2	(132,941)
Ending balance	$ -

Aside from the U.S. Property Pooled Separate Account transfer from Level 3 to Level 2 during 2011, there were no changes in valuation techniques utilized for the years ended December 31, 2011 and 2010.

Reported Net Asset Values

(a) The investments seek to provide long-term growth of capital and current income, with a mix based on the target date. The funds invest in domestic and foreign equity, real estate investments, and fixed-income funds according to an asset allocation strategy designed for investors having an investment time horizon comparable to that of the fund.

(b) The investments seek to provide current income through investing in intermediate maturity fixed income or debt securities rated BBB- or higher by S&P or Baa3 or higher by Moody's at the time of purchase, including securities issued or guaranteed by the U.S. government or its agencies; asset-backed securities or mortgage-backed securities representing an interest in a pool of mortgage loans or other assets; debt securities and taxable municipal bonds; and debt securities issued or guaranteed by foreign governments payable in U.S. dollars.

(c) The investments seek long-term growth of capital by investing primarily in stocks of non-U.S. companies with a variety of capitalizations.

(d) The investments seek to invest in a majority of large capitalization companies, such as those located on the S&P 500 Index, with the intent of mirroring the activity of those markets.

(e) The investments seek to generate long-term growth of capital by investing in companies with small to mid-sized capitalizations. Investment options are set up to mirror the performance of indices such as the S&P SmallCap 600 and MidCap 400 or to invest in companies principally engaged in the real estate market.

Note 3 - Fair Value Accounting (continued)

Reported Net Asset Values (continued)

(f) This investment provides an avenue to invest in Principal Financial Group stock.

(g) This investment seeks stability and liquidity through investing in highly liquid investments with a maturity of three months or less.

(h) This investment seeks to invest the majority of assets in commercial real estate holdings. It focuses on properties that return both lease income and appreciation of the buildings' marketable value. The property holdings usually contain real estate from the multi-family, office, warehouse/manufacturing, and retail sectors.

*Investment is subject to a temporary withdrawal limitation. The limitation lapsed on March 25, 2011.

**Withdrawals for purposes other than benefit payments and loan advances require 12-month advance notice.

Note 4 - Income Taxes

The Plan administrator has adopted a volume submitter plan and has received an opinion letter from the IRS dated March 31, 2008, which stated that the volume submitter plan document, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself, and the Plan has since been amended. The Plan administrator believes that the Plan was designed and continues to be operated and administered in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 5 - Administration of the Plan

The Company provides at no cost certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or his or her beneficiary.

Note 7 - Party-In-Interest Transactions

Certain Plan investments are pooled separate accounts and a collective investment trust managed by Principal. Principal is the asset custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest, which are exempt from the prohibited transaction rules.

Note 8 - Reconciliation to Form 5500

Contributions and excess contributions payable for financial reporting purposes differ from amounts shown on the Plan's Form 5500 as of December 31, 2011 and 2010 and for the year ended December 31, 2011 due to the accrual of excess contributions payable. Additionally, total net assets available for benefits and investment income for financial reporting purposes differ from the amounts shown on the Plan's Form 5500 for the year ended December 31, 2011, as the collective investment trust is reported at contract value for financial reporting purposes and fair value on the Plan's Form 5500.

Note 9 - Excess Contributions Payable

Contributions received from participants for 2011 and 2010 are net of corrective distribution payments. These payments were made in February 2012 and 2011, respectively, to active participants to return excess deferral contributions as required to satisfy the relevant non-discrimination provisions of the Plan. These amounts are also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2011 and 2010.
