Independent Auditors' Report

To the Plan Administrator and Participants
of the Infoblox 401(k) Retirement Plan

We were engaged to audit the financial statements and supplemental schedule of the Infoblox 401(k) Retirement Plan ("the Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company ("Fidelity"), the trustee and custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. The Plan Administrator has informed us that Fidelity holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from Fidelity as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan Administrator by Fidelity is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Fidelity, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INFOBLOX 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010 (See Independent Auditors' Report)

NOTE 1 - DESCRIPTION OF PLAN

General **-** The following description of the Infoblox 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 2000 by Infoblox, Inc. ("the Company" or "Plan Administrator") covering all eligible employees of the Company, as defined in the Plan agreement. The Plan Administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

On April 15, 2011, the Company acquired certain assets and certain liabilities of a company formerly named SolSoft S.A. ("SolSoft") from LogLogic, Inc. Eligible Solsoft employees can participate in the Infoblox 401(k) Retirement Plan.

Administration **-** A Plan Committee ("the Committee") manages the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company ("Fidelity") to act as trustee, custodian, and process and maintain the records of participant data.

Contributions **-** Each year, participants may contribute an amount up to 90% of eligible compensation as defined in the Plan, not to exceed the maximum statutory amount. The Plan allows for ROTH 401(k) deferrals. Participants who are 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make discretionary matching and discretionary profit-sharing contributions to be determined annually by the Company; none were made for year 2011.

Participant Accounts **-** Each participant's account is credited with the participant's contribution, the discretionary Company matching contribution (if any), an allocation of the discretionary Company profit-sharing contribution (if any), Plan earnings or losses, and Plan expenses as applicable to the Plan. Allocations of the discretionary employer profit-sharing contribution are based on participant compensation. Allocations of Plan earnings and losses are based on participant investment choices. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All contributions/investments are participant directed.

Certain investment and fund fees are charged against investment income and losses and charged to participant accounts. Participants should refer to the

various funds' prospectuses and financial literature for further details on these fees.

Vesting **-** Participants are immediately vested in their contributions and rollover amounts, if any, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service at a rate of 20% per year beginning at the end of the first year. A participant is 100% vested after five years of credited service. Participants become fully vested in the event of death, disability, normal retirement age, or Plan termination.

Notes Receivable from Participants **-** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Outstanding notes at December 31, 2011 and 2010 carry an interest rate of 5%. Principal and interest is paid ratably through payroll deductions. Notes must be repaid within a five-year period, unless it is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The Plan Administrator establishes the specific terms and conditions of such notes.

Payment of Benefits **-** Distributions from the Plan may only be made after specific events have occurred. Participants are eligible for a distribution upon termination of employment, death, retirement, and disability and are paid in accordance with Plan provisions. Participants may be eligible to receive distributions up to their account balance in the case of financial hardship. Participants are eligible to receive in-service distributions upon attaining age 59½. Effective August 31, 2011, the Plan adopted an automatic rollover distribution provision for account balances greater than $1,000 and under $5,000.

Forfeited Accounts **-** Forfeitures may be used to pay Plan expenses or reduce employer contributions. The forfeiture account balance as of December 31, 2011 and 2010 was approximately $3,000 and $1,000, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting **-** The accompanying financial statements are prepared on the accrual basis of accounting in accordance with principles generally accepted in the United States of America.

Use of Estimates **-** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and

liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition **-** Investments of the Plan are reported at fair value as determined by Fidelity. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants **-** Notes receivable from participants in the financial statements are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Operating Expenses **-** Substantially all expenses incurred for administering the Plan are paid by the Company. Participant loan and certain record keeping fees are paid by the participant.

Payment of Benefits **-** Benefits are recorded when paid.

Subsequent Events **-** The Plan has evaluated subsequent events through July 25, 2012, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Fidelity regarding the current value of assets held at December 31, 2011 and 2010, and for the year ended December 31, 2011, were used in the preparation

of the accompanying financial statements and supplemental schedule. The following table includes the fair values of investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

Mutual funds	($680,257)

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value

measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end based on closing market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total

NOTE 6 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA.

NOTE 7 - RELATED PARTY TRANSACTIONS

Plan investments are managed by Fidelity. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 - TAX STATUS

The Plan has adopted a prototype plan, which has received an opinion letter dated March 31, 2008 from the Internal Revenue Service. The Plan has been amended since then, however, the Plan Administrator believes that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and state statutes and is exempt from federal income and state franchise taxes.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years for which the applicable statutes of limitations have expired.

Independent Auditors' Report

To the Plan Administrator and Participants
of the Infoblox 401(k) Retirement Plan

We were engaged to audit the financial statements and supplemental schedule of the Infoblox 401(k) Retirement Plan ("the Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company ("Fidelity"), the trustee and custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. The Plan Administrator has informed us that Fidelity holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from Fidelity as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan Administrator by Fidelity is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Fidelity, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010 (See Independent Auditors' Report)

NOTE 1 - DESCRIPTION OF PLAN

General **-** The following description of the Infoblox 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 2000 by Infoblox, Inc. ("the Company" or "Plan Administrator") covering all eligible employees of the Company, as defined in the Plan agreement. The Plan Administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

On April 15, 2011, the Company acquired certain assets and certain liabilities of a company formerly named SolSoft S.A. ("SolSoft") from LogLogic, Inc. Eligible Solsoft employees can participate in the Infoblox 401(k) Retirement Plan.

Administration **-** A Plan Committee ("the Committee") manages the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company ("Fidelity") to act as trustee, custodian, and process and maintain the records of participant data.

Contributions **-** Each year, participants may contribute an amount up to 90% of eligible compensation as defined in the Plan, not to exceed the maximum statutory amount. The Plan allows for ROTH 401(k) deferrals. Participants who are 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make discretionary matching and discretionary profit-sharing contributions to be determined annually by the Company; none were made for year 2011.

Participant Accounts **-** Each participant's account is credited with the participant's contribution, the discretionary Company matching contribution (if any), an allocation of the discretionary Company profit-sharing contribution (if any), Plan earnings or losses, and Plan expenses as applicable to the Plan. Allocations of the discretionary employer profit-sharing contribution are based on participant compensation. Allocations of Plan earnings and losses are based on participant investment choices. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All contributions/investments are participant directed.

Certain investment and fund fees are charged against investment income and losses and charged to participant accounts. Participants should refer to the

various funds' prospectuses and financial literature for further details on these fees.

Vesting **-** Participants are immediately vested in their contributions and rollover amounts, if any, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service at a rate of 20% per year beginning at the end of the first year. A participant is 100% vested after five years of credited service. Participants become fully vested in the event of death, disability, normal retirement age, or Plan termination.

Notes Receivable from Participants **-** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Outstanding notes at December 31, 2011 and 2010 carry an interest rate of 5%. Principal and interest is paid ratably through payroll deductions. Notes must be repaid within a five-year period, unless it is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The Plan Administrator establishes the specific terms and conditions of such notes.

Payment of Benefits **-** Distributions from the Plan may only be made after specific events have occurred. Participants are eligible for a distribution upon termination of employment, death, retirement, and disability and are paid in accordance with Plan provisions. Participants may be eligible to receive distributions up to their account balance in the case of financial hardship. Participants are eligible to receive in-service distributions upon attaining age 59½. Effective August 31, 2011, the Plan adopted an automatic rollover distribution provision for account balances greater than $1,000 and under $5,000.

Forfeited Accounts **-** Forfeitures may be used to pay Plan expenses or reduce employer contributions. The forfeiture account balance as of December 31, 2011 and 2010 was approximately $3,000 and $1,000, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting **-** The accompanying financial statements are prepared on the accrual basis of accounting in accordance with principles generally accepted in the United States of America.

Use of Estimates **-** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and

liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition **-** Investments of the Plan are reported at fair value as determined by Fidelity. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants **-** Notes receivable from participants in the financial statements are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Operating Expenses **-** Substantially all expenses incurred for administering the Plan are paid by the Company. Participant loan and certain record keeping fees are paid by the participant.

Payment of Benefits **-** Benefits are recorded when paid.

Subsequent Events **-** The Plan has evaluated subsequent events through July 25, 2012, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Fidelity regarding the current value of assets held at December 31, 2011 and 2010, and for the year ended December 31, 2011, were used in the preparation

of the accompanying financial statements and supplemental schedule. The following table includes the fair values of investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

For the year ended December 31, 2011, dividends and interest income was as follows:

Mutual fund dividends	$307,915
Interest income on notes receivable from participants	$10,046

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value as follows for the year ended December 31, 2011:

Mutual funds	($680,257)

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value

measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end based on closing market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total

Total assets at fair value	$9,818,187	$ -	$ -	$9,818,187

NOTE 6 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA.

NOTE 7 - RELATED PARTY TRANSACTIONS

Plan investments are managed by Fidelity. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 - TAX STATUS

The Plan has adopted a prototype plan, which has received an opinion letter dated March 31, 2008 from the Internal Revenue Service. The Plan has been amended since then, however, the Plan Administrator believes that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and state statutes and is exempt from federal income and state franchise taxes.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years for which the applicable statutes of limitations have expired.
