INDEPENDENT AUDITORS' REPORT

Retirement Committee
Remmele Engineering, Inc.
Profit Sharing and Retirement Plan
New Brighton, Minnesota

We were engaged to audit the financial statements and supplemental schedule of the Remmele Engineering, Inc. Profit Sharing and Retirement Plan as of December 31, 2009 and 2008, and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information cited in Note 7, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's financial statements that we did not audit, we were unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with accounting principles generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Remmele Engineering, Inc. (the Employer) Profit Sharing and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established June 27, 1956. The Plan was last amended effective May 1, 2009. The Plan covers substantially all employees of the Employer who have assumed a regular full-time position with the Employer. Employees that are classified as being in recognized employment are eligible to make salary deferrals and receive employer match contributions immediately following or coinciding with the first day of the month upon date of hire.

Employees that are eligible to defer on the first and last day of the contribution period and have made elective contributions during the contribution period are eligible for Employer match contributions. Employees that are eligible to defer on the last day of the contribution period are eligible for Employer profit sharing contributions. Effective January 1, 2009, the eligibility requirements regarding the contribution period for the Employer match no longer apply and the Employer profit sharing contribution was eliminated.

The Plan excludes temporary employees, independent contractors, nonresident aliens with no U.S. sourced income, leased employees and employees covered by a collective bargaining agreement, unless the collective bargaining agreement specifically allows for participation. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Vesting

Employees vest in Employer contributions on a graduated scale beginning with 25% vesting at the completion of two years of service to 100% vesting after five years of service. Regardless of the vesting schedule, participants are fully vested upon attainment of age 60, upon death or total and permanent disability. Participants are immediately vested in their contributions plus actual earnings thereon.

Forfeitures

Forfeitures are allocated to the participants based on their eligible earnings for the year. Effective May 1, 2009, forfeitures of matching contributions may first be used to pay administrative expenses and then to reduce future matching contributions. Forfeitures of \$19,548 were used during 2009 to pay Plan administrative expenses. Forfeitures of \$22,387 were used to reduce matching contributions during the year ended December 31, 2009. In 2008, no forfeitures were allocated to participants. Unallocated forfeitures totaled \$19,901 and \$22,387 at December 31, 2009 and 2008, respectively.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions

Participants may contribute up to 50% (75% effective May 1, 2009) of eligible compensation, as defined in the Plan, on a pre-tax basis. Participants may also contribute amounts representing distributions from other qualified plans. Eligible employees who have attained age 50 may contribute catch-up contributions. Effective May 1, 2009, Roth deferrals are permitted.

For the year ended December 31, 2008, the Employer made a matching contribution equal to 30% of the first 7% of compensation as the Employer had current profits. The Employer also made a nondiscretionary profit sharing contribution equal to 3% of compensation.

Effective January 1, 2009, the Employer may contribute a discretionary matching contribution and an additional supplemental matching contribution. For the year ended December 31, 2009, the Employer matched 100% of the participants' salary deferrals up to 5% of eligible compensation.

Participants' Accounts

Participants' accounts are credited with the employee contributions (salary deferral and rollover), an allocation of the Employer's contributions, Plan earnings (losses), and forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on number of shares in the participant's account.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are repaid in equal installments in five years and may be up to ten years for loans used for the acquisition of a principal residence. The loans are secured by the balance in the participant's account. Interest is calculated at one percentage point above the prime rate. At December 31, 2009, interest rates ranged from 4.25% to 9.25%.

Distributions

Under the terms of the Plan, lump-sum distributions from the Plan will be made upon a participant's termination. The Plan generally requires distributions of account balances of less than \$1,000 upon termination. The Plan also allows for distributions from the Plan during employment upon the attainment of age 59½ or in the event of financial hardship. The Plan allows for direct rollovers to a non-spousal beneficiary.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Valuation of Investments and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain administrative expenses are paid by the Employer. Investment expenses are paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 19, 2010, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

The Plan categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Collective Fund: Valued based on the NAV of units, which is based on observable for the underlying assets, held by the Plan at year-end.

Participant Loans: Valued at amortized cost, which approximates fair value.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Gains and Losses

The following tables set forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31:

	2009	2008
	Participant Loans	Participant Loans
Balance, Beginning of Year	\$ 693,765	\$ 806,405
Purchases, Sales, Issuances and Settlements (Net)	485,613	(112,640)
Balance, End of Year	<u>\$ 1,179,378</u>	<u>\$ 693,765</u>

During 2009, Financial Accounting Standards Board (FASB) released guidance requiring disclosures to include the nature of any restrictions on the ability to redeem certain investments at the measurement date, any unfunded commitments, and the investment strategies of the investees effective for fiscal years ending after December 15, 2009.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2009:

	2009			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fixed Income Collective Fund	\$ 12,694,547	\$ -	Daily	Daily

Certain plan-directed withdrawals may be subject to market value adjustments calculated in accordance with the provisions of the investment contracts. There is a one year waiting period on the Plan's ability to exit out of the fixed income collective fund. The fixed income collective fund seeks to provide a high rate of interest while preserving principal.

***Does not represent 5% of Net Assets Available for Benefits*

During 2009 and 2008, the Plan's investments in mutual funds, valued at quoted market prices, (including investments bought, sold, as well as held during the year) appreciated (depreciated) in value by \$13,882,521 and (\$30,989,481), respectively.

NOTE 5 PLAN TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated February 27, 2002 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Effective May 1, 2009, the Employer adopted a Non-standardized Prototype Plan and is placing reliance on an opinion letter dated March 31, 2008 from the IRS which stated the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination and opinion letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 6 PLAN TERMINATION

Although the Plan sponsor has no current intention of terminating the Plan, the Plan provides that upon termination the net assets of the Plan will be distributed to participants as prescribed in the Plan documents. In the event of Plan termination, participants would become 100% vested in their participant accounts.

NOTE 7 CERTIFICATION

The Employer is the administrator of the Plan and has appointed Vanguard Fiduciary Trust Employer as trustee. The trustee has supplied the Plan administrator with certifications as to the completeness and accuracy of all investment information, except for the adjustment from fair value to contract value for the interest in the collective trust relating to fully benefit-responsive investment contracts, presented in the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2009.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in investments managed by an affiliate of Vanguard Fiduciary Trust Company ("VFTC"). VFTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees paid by the Plan to the trustee amounted to \$39,956 and \$3,761 for the years ended December 31, 2009 and 2008, respectively.

NOTE 10 RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

Total Income per the Form 5500	<u><u>\$ 14,867,890</u></u>

NOTE 11 TRANSFER OF AUTOMATION DIVISION

On July 1, 2008, the Automation Division of the Employer was sold. The related participant accounts totaling \$18,573,353 were transferred out of the Plan and to the new employer on September 12, 2008. All of the participants were 100% vested at the time of transfer.

NOTE 12 SUBSEQUENT EVENT

In 2010, the board of directors voted to merge the El-Tronic Precision, Inc. Profit Sharing and 401(k) Plan into the Plan. In March 2010, assets in the amount of \$2,788,865 were transferred to the Plan. The affected participants were eligible for the Plan effective January 1, 2010.
