Glen Ellyn, Illinois

We were engaged to audit the accompanying statements of net assets available for benefits of the M & R Printing Equipment, Inc. and Subsidiaries Profit Sharing and 401(k) Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for year ended December 31, 2009, and the supplemental schedules, Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions, as of December 31, 2009. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified or provided by Bank of America, N.A., the current trustee of the Plan, as of and for the year ended December 31, 2009, and Merrill Lynch Bank & Trust Co., FSB, the former trustee of the Plan, as of December 31, 2008, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustees held the Plan's investment assets and executed investment transactions. As discussed in Note 3, the Plan Administrator has obtained certifications from the trustees regarding the completeness and accuracy of the investment information provided to the Plan Administrator by the trustees as of and for the year ended December 31, 2009, and as of December 31, 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules other than that derived from the information certified or provided by the trustees have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following brief description of the M & R Printing Equipment, Inc. and Subsidiaries Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of M & R Printing Equipment, Inc. and Subsidiaries (the Company) over the age of 20-1/2 years, who have six months of continuous service. Bank of America, N.A, serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Employees may elect to contribute a percentage (not to exceed 80%) of their compensation to the Plan on a tax-deferred basis. The Company matched 100% of the first 3% and 50% of the next 2% of the employees' elected contributions, not to exceed the maximum amount allowable as a deduction under the provisions of Section 404 of the Internal Revenue Code of 1986, as amended, through March 31, 2009. On January 1, 2009, the board amended the Plan from non-discretionary matching contributions to discretionary matching contributions for which the board will determine on a year-to-year basis, effective March 31, 2009. For the year ended December 31, 2009, there were no discretionary matching contributions. Profit-sharing contributions are made at the discretion of the Company and are distributed to those participants actively employed by the Company on the last day of the Plan year based on their salary at year-end. For the year ended December 31, 2009, there were no discretionary profit-sharing contributions.

Participant accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of the Company's discretionary contribution and Plan earnings, and charged with withdrawals and allocations of administrative expenses and Plan investment losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and the Company's matching contributions plus actual earnings thereon. Employees vest in the profit-sharing contributions 20% each year starting after two years of service, becoming fully vested after six years of service.

Investments: Participants direct the investment of their account balance into various investment options offered by the Plan. The Plan currently offers 25 mutual funds and two common collective trusts as investment options for participants.

Participant notes receivable: Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from 1-5 years or up to a longer reasonable period of time for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 8.50%. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits: Upon retirement, death, disability, or termination of service, participants (or the participants' beneficiaries) may elect to receive either a lump-sum payment or payment in substantially equal installments over a period not to extend beyond the participant's or beneficiary's life expectancy.

Note 1. Plan Description (Continued)

Forfeitures: Forfeitures are used to reduce Company contributions and offset administrative expenses of the Plan. For the year ended December 31, 2009, $3,007 of forfeitures were used to reduce Company contributions and $939 of forfeitures were used to offset administrative expenses. At December 31, 2009, unallocated forfeitures from nonvested accounts were $242. At December 31, 2008, unallocated forfeitures from nonvested accounts were $3,489.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts of Plan assets available for benefits. Actual results could differ from those estimates.

Administrative expenses: Administrative expenses of the Plan are paid by the Plan as provided in the Plan document.

Payment of benefits: Benefits are recorded when paid.

New accounting pronouncement: In September 2009, the Financial Accounting Standards Board (FASB) issued an amendment, *Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)* (ASU 2009-12), which provides guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of this guidance can now be determined using net asset value (NAV) per share as a practical expedient, when the fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. It also requires disclosure of certain attributes by major category of alternative investments, regardless of whether the practical expedient was used. This amendment was effective for periods ending after December 15, 2009, with early adoption permitted. The adoption of the provisions did not have a material impact on the financial statements.

Note 2. Significant Accounting Policies (Continued)

The FASB issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. Management has reviewed the Plan's tax provisions for the open years (current and prior three tax years) and has concluded that no provision for income tax is required in the Plan's financial statements. Such open tax years remain subject to examination by tax authorities.

Pending accounting pronouncements: In addition, the FASB issued ASU 2010-6, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*, which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and those disclosures should include a discussion of inputs and valuation techniques. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these charges. With respect to matters other than Level 3 measurements, the amendment is effective for periods beginning after December 15, 2009. The guidance related to Level 3 measurements is effective for periods beginning after December 15, 2010. Management is currently evaluating the impact of the guidance related to disclosures in the financial statements.

Subsequent events: The Company has evaluated subsequent events for potential recognition and/or disclosure through July 30, 2010, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Bank of America, N.A. as of and for the Year Ended December 31, 2009, and Merrill Lynch Bank & Trust Co., FSB, as of December 31, 2008

The following is a summary of the investment information as of December 31, 2009 and 2008, and for the year ended December 31, 2009, included throughout the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by the trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that information provided to the Plan Administrator by the trustees related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following investments:

	2009	2008
Shares of common/collective trusts, at contract value	$ 6,113,345	$ 7,505,836
Shares of other common/collective trusts, at fair value	$ 214,234	$ 210,873
Shares of registered investment companies	$ 7,278,448	$ 6,069,754
Participant notes receivable	$ 710,769	$ 636,473
Net appreciation in fair value of investments	$ 1,436,865	
Dividends and interest	$ 240,070	

Note 4. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Shares of registered investment companies: Valued at the total NAV of underlying investments held by the accounts at year-end. The Plan's interest in the registered investment companies is valued based on the information reported by the investment advisor.

Shares of common/collective trusts: Valued at the total NAV of shares of investments and cash held by the trust at year-end as determined by Merrill Lynch.

Participant notes receivable: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation what may not be indicative of the net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2009 and 2008:

	Investments at Fair Value as of December 31, 2009

Level 3 Changes

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2009 and 2008:

	Participant notes receivable	
	2009	2008
Balance, beginning of year	$ 636,743	$ 650,261
Issuances and repayments (net)	74,026	(13,788)
Balance, end of year	$ 710,769	$ 636,473

The following table sets forth the fair value of investments in certain entities that calculate net asset value per share (or its equivalent):

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
ML Retirement Preservation Trust (a)	$ 5,699,883	$ -	30 business days	30 business days
ML Retirement Preservation Trust GM (a)	214,234	-	30 business days	30 business days
Total	$ 5,914,117	$ -		

(a) This category includes synthetic investment contracts, traditional investment contracts and cash investments. Investments in this category can be redeemed 30 business days following advance written notice at the current net asset value per share based on the fair value of the underlying assets. The fair value of investments in this category has been estimated using the net asset value per share of the investments.

Note 5. Investments

The following table presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2009 and 2008.

	2009	2008
Merrill Lynch Trust Company, Retirement Preservation Trust, at contract value	$ 6,113,345	$ 6,462,508
American Funds, American Growth Fund of Amer R3	1,220,297	960,684

During the year ended December 31, 2009, the Plan's investments in shares of registered investment companies, including gains and losses on investments bought and sold as well as held during the year, appreciated in value by $1,436,865.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Bank of America, N.A.. Bank of America, N.A., is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services were included as a reduction of the return on each fund.

Certain employees of the Company provide administrative services to the Plan. These employees do not receive any compensation from the Plan for their services. Certain other administrative fees are paid by the Company.

Note 8. Tax Status

Effective January 1, 2009, the Plan adopted a non-standardized form of a prototype plan sponsored by Merrill Lynch, Pierce, Fenner & Smith Incorporated. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since its adoption. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2009 and 2008:

	2009	2008
Net assets available for benefits per the financial statements	$ 14,294,199	$ 14,484,297
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	(430,275)	-
Excess contributions refundable	22,724	-
Company contribution receivable	-	(28,404)
Participant contributions receivable	-	(32,546)
Net assets available for benefits per Form 5500	$ 13,886,648	$ 14,423,347

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2009, to the Form 5500:

Net decrease in net assets available per the financial statements	$ (190,098)
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	(430,275)
Contributions	83,674
Net decrease in net assets available for benefits per the Form 5500	$ (536,699)

Note 11. Prohibited Transactions

During 2006 through July 31, 2009, the Plan sponsor inadvertently failed to deposit approximately $3,314,858 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The Plan sponsor has filed Form 5330 and paid applicable excise tax in 2010. The excise tax payments were made from the Plan sponsor's assets and not from assets of the Plan. Lost earnings on the deposits were calculated and deposited into the Plan in 2010.
