INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants

Urology Clinics of North Texas, P.A. 401(k) Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of Urology Clinics of North Texas, P.A. 401(k) Profit Sharing Plan as of December 31, 2009 and 2008 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Urology Clinics of North Texas, P.A. 401(k) Profit Sharing Plan as of December 31, 2009 and 2008, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year), referred to as "supplemental information" is presented for the purpose of additional analysis and is not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants

Urology Clinics of North Texas, P.A. 401(k) Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of Urology Clinics of North Texas, P.A. 401(k) Profit Sharing Plan as of December 31, 2009 and 2008 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Urology Clinics of North Texas, P.A. 401(k) Profit Sharing Plan as of December 31, 2009 and 2008, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year), referred to as "supplemental information" is presented for the purpose of additional analysis and is not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. DESCRIPTION OF PLAN

The following description of the Urology Clinics of North Texas, P.A. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Urology Clinics of North Texas, P.A. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code (the "IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

Substantially all employees of the Company who have completed one year of service, as defined, are eligible to participate, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Plan is administered by the Company ("Plan Administrator"). The Plan's trustees are responsible for the custody and management of the Plan's assets. The duties of the Plan trustees are to oversee the operations of the Plan, provide for prudent investment of Plan assets and keeping accurate records and reports. Accordingly, the Plan's trustees have been granted discretionary authority concerning investment and management activities.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation as defined in the Plan, subject to the dollar limitation under §402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans.

The Company may make a discretionary non-elective contribution equal to a uniform percentage of each Participant's compensation for the plan year (Safe Harbor Contributions).

The Company may also make a discretionary matching contribution equal to a uniform percentage of each Participant's compensation for the plan year, the exact percentage to be determined by the Company. In determining the Company's matching contribution, only elective deferrals up to six percent of a participant's compensation will be matched. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. An employee must complete a year of service during the plan year and be actively employed on the last day of the plan year to share in the Company's matching and profit sharing contributions. Contributions are subject to certain limitations.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations of income and expenses are based on the proportion that each participant's account balance bears to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in the remaining portion of their accounts is based on years of vesting service. A participant is 100 percent vested after six years of credited service. Full and immediate vesting will also occur upon attainment of normal retirement age, death, or disability. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their nonvested portion.

Participant Loans

The Plan allows for Participants to borrow from his or her account under the Plan. These borrowings must be for an amount not less than $1,000 and not greater than the lesser of 50% of the Participant's vested account balance or $50,000. Any loan must be repaid within five years except for loans used to acquire the Participant's principal residence. Loans must bear a reasonable rate of interest. No additional amounts may be borrowed until any prior loan has been repaid. Participant loans are due at various dates through September 19, 2014. Payments range from $10.36 to $397.28 biweekly and include interest ranging from 3.25% to 8.25% at December 31, 2009 and 2008. The notes are collateralized by the Participant's vested interest in the Plan.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, in-service distributions are permitted if certain criteria are met. Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2009 and 2008, forfeited nonvested accounts totaled $0 and $0, respectively. These accounts may be used to pay administrative expenses and to reduce future Company's contributions. During the years ended December 31, 2009 and 2008 Company contributions were reduced by $8,051 and $4,523, respectively, from forfeited nonvested accounts.

1. DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment in the Plan, certain Participants may direct the contributions made to the Plan, for or on behalf of the Participant, to any one or more of the investment options determined at the discretion of the Trustees. A Participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. If available, quoted market prices are used to value investments. If not available, an estimated fair value is used. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares or units held by the Plan at year-end. The Plan's investments in pooled separate funds are stated at the fair value of the underlying investments based on published market prices on the last day of the Plan year. Partnership interests, real estate and participant loans are valued at cost, which approximates fair value. Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end.

Use of Estimates

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

3. FAIR VALUE MEASUREMENTS

SFAS No. 157, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of

3. Fair Value Measurements (continued)

fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, preferred stock are based on quoted market prices.

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

December 31, 2009	Investment Contract	Partnership Interest	Note Receivable	Real Estate	Participant Loans

Ending Balance	$404,330	$636,903	$165,000	$904,546	$219,899

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009 are reported in net appreciation in fair value of investments.

4. INVESTMENTS

The following investments represent 5% or more of the Plan's net assets available for benefits at December 31:

	2009	2008
Cash	$ 2,590,709	$ 1,862,281
3504 Greenbriar Drive, Dallas, Texas	904,546	904,546
Blackrock Global A	2,505,010	2,010,725

* - nonparticipant directed

5. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2009 and 2008, the Company did not transmit participant contributions totaling $38,775 and $0, respectively, to the Plan within the time period prescribed in Section 2510.3-102 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA and the IRC. In the event of Plan termination, Participants will become 100% vested in their accounts and the Plan assets will be distributed to the participants in accordance with the Plan's provisions.

7. INVESTMENT CONTRACT WITH INSURANCE COMPANY

Pooled Separate Funds

The Plan has entered into an investment contract with Hartford Life Insurance Company ("Hartford"). Hartford maintains certain investments in a pooled separate account. Assets of this contract are invested in shares of the specific funds elected in the contract application. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Hartford. The contract is included in the financial statements at fair value, which approximates contract value as reported to the Plan by Hartford. The investment contract was liquidated in August 2009.

8. TAX STATUS

The Company has adopted the SunGard Corbel, Inc. Volume Submitter Profit Sharing 401(k) Plan and Trust. The Internal Revenue Service has issued an advisory letter dated September 4, 2001 stating that the Plan is acceptable under section 401(a) of the IRC. The Company is relying on the advisory letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. RELATED PARTY TRANSACTIONS

Certain Plan assets are managed by an investment advisor and are considered party in interest transactions. Certain Plan investments are units of a pooled separate fund managed by Hartford in the year end December 31, 2009 and 2008. Hartford is a custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
Investments at bank institutions are insured by the Federal Deposit Insurance Corporation up to $250,000. All deposits were not adequately insured at December 31, 2009. The Plan has not incurred losses related to its cash and believes it is not exposed to any significant credit risk on cash and cash equivalents.

11. NON-PARTICIPANT DIRECTED INVESTMENTS
