To the Board of Directors of the
Mayday Manufacturing 401 (k) Profit Sharing Plan

We were engaged to audit the accompanying statements of net assets available for benefits (modified cash basis) of Mayday Manufacturing 401 (k) Profit Sharing Plan as of December 31, 2009 and December 31, 2008 and the related statement of changes in net assets available for benefits and supplemental schedules, schedule A (investments and investment activities) and assets held for investment purposes, for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Nationwide Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2009 and 2008 financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and December 31, 2008 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

As described in Note 2, the Plan's policy is to prepare its financial statements on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MAYDAY MANUFACTURING 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

(1) DESCRIPTION OF PLAN

The following description of the Mayday Manufacturing 401 (k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General. The Plan was established November 1, 1979, to provide a deferred arrangement (also called a section 401(k) plan) for participating employees. Under the arrangement, employees become eligible after 6 months of service (with at least 1,000 hours in year). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan has entered into a contract with a third party trustee that will hold and invest Plan assets for the benefit of Plan participants. The trust fund established by the trustee will be the funding medium used for the accumulation of assets from which the benefits are to be distributed. Each participant's account will be credited with the participant's contribution and an allocation of the Plan's earnings.

Benefits. The Plan provides retirement benefits for participants at the normal retirement date (as defined) or later if the participant desires to continue employment. Benefits are also payable to participants or their designated beneficiaries upon the death, disability or other limited circumstances of the participant. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's account.

Contributions. Participants may elect to defer up to a maximum contribution of \$16,500 for the year ended December 31, 2009 and \$15,500 for the year ended December 31, 2008. The maximum Catch-up deferral was \$5,000 for 2009 and \$5,000 for 2008. The employer may make matching contributions, non-elective or discretionary contributions and required minimum contributions. The amount of any matching contributions depends on the participant's Elective contributions. A participant's share of non-elective or discretionary employer contributions is based on the relationship of the participant's compensation to the total compensation of all participants. For the years ended December 31, 2009 and 2008 the employer made matching contributions of \$69,600 and \$100,000, respectively.

Forfeitures. Forfeitures of non-vested employer contributions are allocated to eligible participants in proportion to the participant's share of the employer's contributions. Forfeiture allocations for 2009 and 2008 of \$4,934 and \$5,920, respectively, will be allocated in 2010.

Other. Although it has not expressed any intention to do so, the Employer has the right to terminate the plan at any time. Upon termination, all amounts credited to the participant become 100% vested.

MAYDAY MANUFACTURING 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2007

Accounting Estimates. The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP), requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

Risks and Uncertainties The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Employer Absorbed Costs The Plan's sponsor absorbs the cost of administering the Plan. These costs are not significant to the sponsor.

(2) SUMMARY OF ACCOUNTING POLICIES

Valuation of Investments. The Plan's investments are stated at fair value. Securities traded on the national securities exchanges and widely traded mutual funds are valued at the last reported sales price on the last business day of the Plan year. The unrealized appreciation or depreciation of the investments, based on the quoted market price on the last business day of the Plan year, is recorded as an increase or decrease in the net assets available for benefits.

Basis of Accounting. The Plan's financial statements have been prepared on the modified basis of cash receipts and disbursements; consequently the sponsor's contributions to the plan for the years ended December 31, 2009 and 2008 have been recorded as contribution receivable in 2009 and 2008, respectively.

(3) INVESTMENTS

The Plan's investments are held by a third-party-administered trust fund. During 2009 the Plan's investments increased in value by \$389,682 and during 2008 the Plan's investments declined in value by \$714,469.

Participants have the right to instruct the Trustee as to how their account is invested within the several investment options offered by the Plan.

(4) VESTING SCHEDULE

Contributions to the Plan made from participants' salary reductions are 100% vested at the date of deferral. Vesting of employer contributions occur according to the following schedule:

Years of Service	Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

(5) LOANS TO PARTICIPANTS

The Plan has made loans to certain participants as permitted by the Plan Adoption Agreement. According to the agreement, loans may be made in an amount up to the lesser of 1/2 of the employees' vested interest in the Plan or \$50,000. Interest is to be charged at a fair market rate and loans must require a level amortization of principle and interest over a period not to exceed 5 years. Interest rates in effect during 2008 varied between 4.25% and 9.25%. Loans outstanding at December 31, 2009 and December 31, 2008 were \$148,735 and \$153,527, respectively. Payments of principal and interest must be made each pay period.

(6) FEDERAL INCOME TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to Section 501(c)(9) of the Internal Revenue Code, and, accordingly, is exempt from tax. The Sponsor has obtained a favorable tax determination letter from the Internal Revenue Service and the Sponsor believes that the Plan, as amended, continues to qualify and to operate as designed.

(7) CERTIFIED INFORMATION

The supplemental schedules listed below were prepared from reports supplied by the Trustee. The Trustee has certified as being complete and accurate that information relating to investment activity and investment balances of \$2,204,676 and \$1,578,714 at December 31, 2009 and 2008, respectively. The Plan Committee has elected to use the information certified by the Trustee without audit as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The supplemental schedules included with this report are:
