Independent Auditors' Report

To the Participants and Plan Administrator of the
Arena Operating Company, Inc. 401(k) Plan

We were engaged to audit the financial statements and supplemental schedule of Arena Operating Company, Inc. 401(k) Plan (the "Plan") as of and for the year end December 31, 2009 as listed in the accompanying table of contents. Other auditors were engaged to audit the financial statements of the Plan as of December 31, 2008 and their report dated July 27, 2009 disclaimed an opinion on the 2008 financial statements for the same reasons described in the following paragraph. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Standard Insurance Company (the "Trustee"), except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009 that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the Arena Operating Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution retirement plan whereby eligible employees of Arena Operating Company, Inc. (the "Company" or "Employer") are permitted to make tax-deferred contributions. The Plan is subject to the provisions of the Employers Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration - The assets of the Plan are held and the related investment transactions are executed by Standard Insurance Company. The Plan Sponsor is Arena Operating Company, Inc.

Eligibility - Employees who have attained the age of 21, have completed one year of service, and have completed 1,000 hours of service are eligible to participate in the Plan. After one year of service, eligible employees receive the Company safe harbor contributions and after two years of service, employees are eligible for the Company's non-safe harbor profit sharing matching contribution. There were no profit sharing contributions made to the Plan in 2009.

Contributions - The Plan permits participants to defer a maximum of 100% of their annual pretax eligible compensation, not to exceed $16,500 ($22,000 for employees age 50 or older) in 2009 (as adjusted by the Secretary of Treasury annually), through payroll deductions. The employer makes a matching contribution equal to 100% of employee contributions up to the first 1% of employee gross earnings and 50% of employee contribution above 1% up to 6% of employee gross earnings.

Employer Discretionary Contributions - The Company may make discretionary contributions in addition to matching contributions to the Plan each year as designed by the Board of Directors of the Company. Participants who are employed on the last day of the Plan year and worked 1,000 hours during the Plan year share in the employer discretionary contributions. The employer made no discretionary contributions to the Plan in 2009.

Participant Accounts - Each participant account is credited with the participant's and the Employer's contributions and an allocation of net plan earnings. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers thirteen different mutual funds and one stable value fund through a pooled separate account as investment options for participants.

Vesting - Participants are immediately vested in their contributions and earnings thereon. Effective January 1, 2008, participants are fully vested in Employer matching contributions after one year of service. Prior to January 1, 2008, participants vested in Employer contributions ratably over five years of service.

Payment of Benefits - Benefits may be paid in a lump-sum distributions. Participants may withdraw all or a portion of the vested account upon reaching age 65, disability, termination of employment, or death. Subject to plan administrator approval, participants with immediate and heavy financial hardships may receive a partial or total distribution of their contributions or rollover contributions.

Forfeitures - Forfeitures are applied to offset Plan expenses and Employer contributions as such obligations are accrued. Forfeited amounts at December 31, 2009 and 2008 were $36 and $1,943 respectively. Total forfeitures used to offset employer obligations during 2009 were $2,077.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Only one loan is permitted at a time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Loans are repayable ratably through periodic payroll deductions over a term not exceeding five years, or ten years for loans used for the purchase of a primary residence.

Administrative Expenses - Audit fees and other miscellaneous fees are paid by the employer. Certain administrative expenses are paid by the Plan as described in the Plan document and service agreements.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates - The financial statements of the Plan are prepared under the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Recent Accounting Pronouncements - In June 2009, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification ("ASC") 105 (formerly SFAS No. 168, "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles). This guidance establishes the FASB Accounting Standards Codification ("ASC") as the source of authoritative U.S. generally accepted accounting principles (GAAP) for nongovernmental entities. The Codification supersedes all existing non-SEC accounting and reporting standards. Rules and interpretive releases of the SEC under authority of federal security laws remain authoritative GAAP for SEC registrants. This guidance and the Codification are effective for financial statements issued for annual periods ending after September 15, 2009. As the Codification did not change existing GAAP, the adoption did not have an impact on the Plan's financial statements.

In May 2009, FASB issued ASC 855 "Subsequent Events" (formerly SFAS No. 165, "Subsequent Events"). ASC 855 establishes principles and standards related to the accounting for and disclosure of events that occur between the balance sheet date and issuance of financial statements. ASC 855 requires us to recognize the effects, if material, of subsequent events in the financial statements if the subsequent event provides additional evidence about conditions that existed as of the balance sheet date. The issuer must also disclose the date through which subsequent events have been evaluated and the nature of any nonrecognized subsequent events. Subsequent events that provide information about conditions that did not exist at the balance sheet date shall not be recognized in the financial statements under ASC 855. Except for disclosure, the adoption did not have an impact on the Plan's financial statements.

In September 2009, the FASB issued ASC Update 2009-12, "Fair Value Measurements and Disclosures (Topic 820) – Investment in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)". This update provides guidance on estimating the fair value of a company's investments in investment companies when the investment does not have a readily determinable fair value. It permits the use of the investment's net asset value as a practical expedient to determine fair value. This guidance also required additional disclosure of the attributes of these investments such as: (i) the nature of any restrictions on the reporting entity's ability to redeem its investment; (ii) unfunded commitments; and (iii) investment strategies of the investees. This guidance is effective for periods ending after December 15, 2009. The adoption did not have a material impact on the Plan's financial condition or results of operations and all applicable disclosures are included in these financial statements.

Investment Valuation and Income Recognition - The investments in pooled separate accounts are stated at fair value based upon the net asset value of the shares held at year end. The net asset value is determined based on quoted market prices of the underlying assets. Participant loans are stated at amortized cost which approximates fair value. Purchases and sales are recorded on a trade date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis.

Investment Contracts - As described in ASC 962 "Plan Accounting – Defined Contribution Pension Plans" (formerly known as Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans), investment contracts held by the defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment

contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in the Galliard Retirement Income Fund, a stable value fund. All fund assets are rated investment grade at the time of purchase with an average portfolio quality of AA or better. The stable value fund is not considered fully benefit-responsive.

Contributions and Contribution Receivables - Contributions are recorded on the accrual method of accounting. Contributions receivable are obligations arising from amounts owed to the Plan from participants or the Employer that have not been included in the Plan's investments at year end. Contribution receivables are recorded at cost, which approximates their fair value. There were no contributions which had not been submitted to the Plan by year end at December 31, 2009 and 2008.

Payment of Benefits - Benefits are recorded when paid.

3. Fair Value Measurements

As of January 1, 2008 the Plan adopted FASB ASC 820 "Fair Value Measurements and Disclosures" (formerly SFAS No. 157 "Fair Value Measurements.") ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that required inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts – The pooled separate account is comprised of a portfolio of underlying securities, including mutual funds and a stable value fund. The mutual funds can be valued on active markets. The stable value fund is composed of investment contracts that are not fully benefit responsive and is valued based upon the quoted redemption value of units owned by the Plan at year end. Stable value funds are not available in an exchange and active market, however, the fair value is determined based on the underlying investments as traded in an exchange and active market. There is no restriction in place with respect to the daily redemption of the stable value fund. Fair value is calculated by applying the Plan's percentage ownership in the pooled separate account to the total market value of the account's underlying securities, and is therefore categorized as Level 2 as the Plan does not directly own shares in these underlying investments.

Participant Loans - Participant loans are valued at cost, which approximates fair value and are classified as Level 3 investments.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2009 and 2008. Assets are classified in their entirety based on the lower level of input that is significant to the fair value measurement.

	Investment Assets at Fair Value as of December 31, 2009

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31,	**2009**	2008

Mutual funds	**$ 3,206,589**	$ 2,008,537

Year ended December 31,	**2009**
Net appreciation in fair value of investments	**$ 730,906**
Interest income from participant loans	**5,371**

6. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Standard Insurance Company ("Standard"). Standard is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

7. Risks and Uncertainties

The Plan provides for investments in various investment securities that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

8. Income Tax Status

On April 19, 2001 the Internal Revenue Service issued a determination letter as to the qualified status of the Plan. The Plan is qualified under Section 401(a)(4)-1(b) of the Internal Revenue Code (the "Code") on the basis of a design based safe Harbor described in the regulations. The financial statements are prepared with the assumption that the Plan has maintained its exemption under the Code.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, the assets of the Plan, less expenses and liquidation costs, shall be distributed to the Plan participants.

10. Subsequent Events

The Plan changed their Recordkeeper and Trustee to The Hartford effective January 1, 2010. The Plan has evaluated subsequent events through July 23, 2010, the date the financial statements were available to be issued.
