To the Plan Administrator
Anderson Hardwood Floors 401(k) Retirement Savings Plan
Clinton, South Carolina

We were engaged to audit the financial statements and supplemental schedule of Anderson Hardwood Floors 401(k) Retirement Savings Plan (the "Plan") as of December 31, 2009 and 2008 and for the year ended December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted in 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Great West Life and Annuity Insurance Company, the custodian of the Plan's assets, except for comparing the information with the related information in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008 and for the year ended December 31, 2009 that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2009 and 2008

(1) **Description of the Plan**

The following description of the Anderson Hardwood Floors 401(k) Retirement Savings Plan (the “Plan”) (formerly the Standard Plywoods, Inc. 401(k) Retirement Savings Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution profit sharing plan and a 401(k) plan sponsored by Anderson Hardwood Floors, LLC (the “Company”). All employees who have attained age twenty-one and completed three months of service are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The officers of the Company serve as Plan administrator and trustee and have engaged Great West Life and Annuity Insurance Company (“Great West”) as agent and custodian of the Plan’s assets.

Plan Status – Effective October 13, 2007, the Company’s ownership changed due to a merger of its parent company. After this change in ownership, on November 13, 2009, the Board of Directors of the Company voted to merge the Plan. Effective January 1, 2010, the Plan will be frozen to all new contributions, with the exception of loan repayments. Plan assets will remain in the Plan until they are merged into the Shaw Industries Group, Inc. Retirement Savings Plan (the “Shaw 401(k) Plan”).

Contributions – Each year, participants may contribute up to fourteen percent of compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 25% of the first 5% of base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

Investment Options – Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and guaranteed investment contracts as investment options for participants.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service, as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Loans – Until the Plan was amended to disallow loans in September 2008, participants were able to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed five years unless the loan is for the purchase of the participant's primary resident, in which case the loan may not exceed beyond ten years from the date of the loan. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent at the time of the loan. At December 31, 2009, outstanding loans bore interest rates ranging from 5.85% to 8.95%. All loans by their terms require that repayment (principal and interest) be amortized in level payments, not less than quarterly, over the term of the loan with payments made through salary reduction each pay period.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participants reach the age of 59.5 years.

Forfeitures – At December 31, 2009 and 2008, forfeited non-vested accounts totaled approximately \$14,000 and \$63,000, respectively. These accounts will be used to reduce Company contributions and administrative expenses of the Plan. During 2009, forfeitures of approximately \$55,000 were used to offset Company contributions.

(2) **Summary of Significant Accounting Policies**

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Guaranteed investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive guaranteed investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the guaranteed investment contracts, which approximates contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis, which approximates fair value.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits paid are recorded upon distribution.

Administrative Expenses – The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

Subsequent Events – The Plan has evaluated subsequent events through July 27, 2010, which is the date the financial statements were available to be issued.

(3) **Investments**

The following table presents investments that represent 5% or more of the Plan's net assets at December 31:

	<u>2009</u>	<u>2008</u>
American Funds Europacific Growth R3	\$ 205,680	\$ 119,311
American Funds Growth Fund of America R3	*	110,854

Maxim Moderate Profile II	267,703	173,411
Maxim S&P 500 Index	143,124	120,237
Oppenheimer Capital Appreciation A	159,311	105,555

* Represents less than 5% of net assets

During the year ended December 31, 2009, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$505,656.

(4) **Fair Value Measurements**

The Financial Accounting Standards Board ("FASB") issued a statement that defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled Separate Accounts

These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 2 of the valuation hierarchy.

Guaranteed Investment Contracts

The guaranteed investment contracts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The contracts are classified within Level 3 of the valuation hierarchy.

Participant Loans

Participant loans are valued at amortized cost, which approximates fair value and are classified within Level 3 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

Assets at Fair Value as of December 31, 2009

(5) **Unaudited Information Certified by Custodian**

The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2009 and 2008 and for the year ended December 31, 2009 that was obtained from data prepared and certified to be complete and accurate by the Plan's custodian:

	<u>2009</u>	<u>2008</u>
Investments	<u>\$ 2,526,157</u>	<u>\$ 1,653,299</u>
Net appreciation in fair value of investments	<u>\$ 505,656</u>	
Interest on investments	<u>\$ 8,191</u>	

Supplemental schedule: All investment balances and information included in the supplemental Schedule of Assets (Held at End of Year)

Notes 3 and 4: All investment balance and investment income information are included in the notes.

(6) **Exempt Party-In-Interest Transactions**

Certain plan investments are shares of pooled separate accounts managed by Great West. Great West is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

(7) **Tax Status**

The Plan has not obtained a determination letter from the Internal Revenue Service (the “IRS”) stating that the Plan was in compliance with the applicable requirement of the Internal Revenue Code (the “IRC”). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated March 31, 2008 that the prototype plan document was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and was tax-exempt as of the financial statement date.

(8) **Risks and Uncertainties**

The Plan utilizes various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets in Available for Benefits.

(9) **Refunds of Excess Contributions**

In order to be in compliance with non-discrimination requirements, approximately \$8,000 was refunded to employees with excess contributions for prior years related to the Plan.
