To the Board of Directors
Boss Holdings 401(k) Profit-Sharing Retirement Plan
Kewanee, Illinois

In planning and performing our audit of the financial statements of Boss Holdings 401(k) Profit-Sharing Retirement Plan (the Plan) as of and for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.
Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified.

As you are aware, management of the Plan has the responsibility for (1) establishing and maintaining effective internal control over financial data, including monitoring ongoing activities, (2) the proper recording of the transactions, (3) the safeguarding of assets, (4) the substantial accuracy of the financial statements, (5) prevention and detection of fraud, and (6) identifying and ensuring that the Plan complies with the laws and regulations applicable to its activities.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented, or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

No significant deficiencies were noted during the conduct of this audit.

This communication is intended solely for the information and use of management, the Board of Directors, and others within the Plan, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Douglas W. Irwin & Co., Ltd.

We were engaged to audit the financial statements of Boss Holdings, Inc. 401(k) Profit Sharing Retirement Plan (the "Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011 and the supplemental schedules as of, and for the year ended December 31, 2011 as listed in the accompanying table of contents. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform any auditing procedures with respect to the information summarized in Note E, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. The plan administrator has informed us that the custodian holds the Plan's investment assets, and executes investment transactions. The plan administrator has obtained a certification from the custodian, as of, and for the year ended December 31, 2011 and 2010 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the accompanying table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

401(K) PROFIT SHARING RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2011

NOTE A – DESCRIPTION OF PLAN

The following description of the Boss Holdings, Inc. ("Company") 401(k) Profit Sharing Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. GENERAL

   The Plan is a defined contribution plan covering substantially all full-time employees of the Company who have 6 months of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974(ERISA).

2. PLAN ADMINISTRATION

   The board of directors of the Company has appointed a Plan administrator within the company. The Plan administrator is invested in the plan but does not exercise control over the plan assets – saving only those assets within the administrator's own account.

3. CONTRIBUTIONS

   Each year participants may contribute up to 20% of pretax annual compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers nineteen (separate pooled accounts) mutual funds and an insurance investment contract as investment options for participants. The Company matches 50% of elective deferral contributions, but the 50% matching contribution does not apply for employee's contribution in excess of 4% of the allowable pretax annual compensation. Example: a 10% election on $900 in pay yields a $90 participant contribution and an $18 (2%) company contribution (50% of 4%).

   Additional profit sharing amounts may be contributed at the option of the Company's board of directors and is invested as directed by the Company.

NOTE A – DESCRIPTION OF PLAN (continued)

4. PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. VESTING

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after seven years of credited service. Participants receive credit for service at certain predecessor organizations of the Company.

6. PAYMENT BENEFITS

On termination of service, due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or annual installments over one of several periods described in the Plan agreement. For termination of service, a participant may elect to receive the value of the vested interest in their account as a lump-sum distribution or leave (if over $5,000) their account in the plan.

7. PARTICIPANT LOAN

Participants may borrow from their account a minimum of $1,000. The maximum amount of any loan is the lesser of 50% of the participant's vested account or $49,999, reduced by outstanding loan balance. The loans are secured by the balance in the participant's account and bear interest at a rate that ranges from 6% to 10%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

NOTE A – DESCRIPTION OF PLAN (continued)

8. FORFEITURE ACCOUNTS

The non-vested accounts of a participant are forfeited as of the earlier of the following:

- The date of the participant's death, if prior to such date he had ceased to be an employee.
- Forfeiture date.

Forfeitures are first applied to expenses, excess are applied toward Company's contribution. On December 31, 2011, forfeited accounts totaled $2,099.23, and paid in full as of December 31, 2011.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the cash method of accounting. Employee and employer contributions are recognized as revenues in the period in which employee services are performed and expenses are recorded when the corresponding liabilities are incurred, regardless of when the payment is made.

2. ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value, except for its benefit responsive investment contracts, which are valued at contract value (Note C). Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans receivable are valued at cost, which approximates fair value.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4. PAYMENT OF BENEFITS

Benefits are recorded when paid.

5. ADMINISTRATIVE EXPENSES

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as a reduction in investment income.

NOTE C – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into an investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals and transfer of all or a portion of their investment at contract value.

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.
