To the Administrative Committee of the
OB/GYN Affiliates 401(k) Profit Sharing Plan
Littleton, CO 80129

We were engaged to audit the financial statements of OB/GYN Affiliates 401(k) Profit Sharing Plan as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedules as of and for the year ended December 31, 2011, as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by Principal Financial Group, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1: Description of Plan

The following brief description of the OB/GYN Affiliates ("the Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan.

The Plan is a defined contribution plan covering substantially all employees of the Company. Employees are eligible for participation in the Plan after completing one year of service with the Company in which the employee worked at least 1,000 hours. The minimum age to participate in the Plan is twenty-one. Eligible employees may enter the Plan on the earlier of January 1 or July 1 of the year in which the above requirements have been met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted on January 1, 2002 and most recently amended on May 1, 2012 permitting loans from the participant accounts. The Plan contained eleven adopting employers as of December 31, 2011 and 2010.

Contributions

Each year, participants may contribute pretax annual compensation to the Plan. Contributions are subject to certain limitations and are invested at the direction of the participant. Participants may also contribute amounts representing distributions from other qualified plans. The Plan currently offers twenty-eight mutual funds, a self-directed brokerage account, and a guaranteed interest contract with the insurance company as investment options for participants.

The Company will make a qualified non-elective contribution equal to 3% of participant compensation for the portion of the Plan year the person was an active participant, without regard to whether the participant actually elects to make contributions. Additional profit sharing contributions may be made at the option of the Company and are invested in a portfolio of investments as directed by the participant. Company contributions are subject to certain limitations and may change in the future.

Participant Accounts

Each participant's account is adjusted by the following increases and decreases: (a) Plan earnings; (b) payment of benefits; (c) increase (or decrease) in the fair value of applicable investments; (d) Company contributions; (e) participant contributions; and (f) administrative expenses incurred in the operations and maintenance of the Plan and its investments. Allocations to each participant's account are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is that which can be provided from the participant's vested account.

Note 1: Description of Plan, continued

Vesting

Participants are immediately vested in their contributions and employer qualified non-elective contributions, plus actual earnings thereon. Vesting in the Company's discretionary contributions portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 20% vested after two years, with a 20% increase each succeeding year until becoming fully vested after the sixth consecutive year of service. Participants are 100% vested in the Company's contributions upon death or disability.

Administration of Plan Assets

Contributions are held and managed by the custodian, who invests cash received, allocates interest and dividend income, and makes distributions to participants. These transactions may incur fees and are paid either by the Plan or by the participant as the transaction occurs.

Employees of the Company perform certain administrative functions for the Plan. Such employees do not receive compensation from the Plan. Substantially all administrative expenses are paid directly by the Plan.

Notes Receivable from Participants

Participant loans are not available in the Plan.

Payment of Benefits

On termination of service due to death, disability, retirement, or withdrawal from the Plan, a participant may elect to receive a lump-sum cash payment, one of various annuity contracts, or a direct rollover to another qualified retirement plan, in an amount equal to the participant's vested interest in his or her account.

Forfeitures

For the year ended December 31, 2011, forfeited non-vested accounts totaled $5,517. Forfeitures may first be used to pay administrative expense. The remaining forfeitures will used to reduce the earliest employer contributions made after the forfeitures are determined and will be reallocated to participants in the same manner as employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting from information supplied by the Company, the Plan administrator, and the custodian.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in various mutual funds are stated at fair value. The funds are valued each day that the custodian is open for business and are measured by quoted prices in an active market. A unit method is used to determine the equitable share of each participating plan. The value of each unit is normally calculated by adding the value of all of the funds' assets, subtracting all accrued expenses and liabilities and dividing by the number of units outstanding. The shares of the separate accounts are valued at net asset value. The guaranteed interest contract (including funds associated therewith) is recorded at book value, which approximates fair value and contract value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Note 3: Fair Values of Financial Instruments

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10-50, *Fair Value Measurements*, which provides framework for measuring fair value under generally accepted accounting principles. ASC 820-10-50 defines fair values, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements.

Under ASC 820-10-50, assets are grouped in three levels, based on the markets in which the assets are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.

Note 3: Fair Values of Financial Instruments, continued

- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Company's own estimates of assumptions that market participants would use in pricing the asset. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

Under ASC 820-10-50, the Plan bases fair values on the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements for assets where there exists limited or no observable market data and, therefore, are based primarily upon the Company's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the assets. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Fair value measurements for assets and liabilities recorded at fair value on a recurring basis at December 31, 2011 are as follows:

	Fair Value	Level 1	Level 2	Level 3
Separate accounts	$ 9,833,882	$ -	$ 9,833,882	$ -
Mutual funds	1,080,028	1,080,028	-	-
Investment contract	490,300	-	-	490,300
Corporate stock	623,554	623,554	-	-
Interest bearing cash	3,755	3,755	-	-
Total assets	$ 12,031,519	$ 1,707,337	$ 9,833,882	$ 490,300

Fair value measurements for assets and liabilities recorded at fair value on a recurring basis at December 31, 2010 are as follows:

Note 3: Fair Values of Financial Instruments, continued

	Fair Value	Level 1	Level 2	Level 3
Separate accounts	$ 10,146,948	$ -	$ 10,036,303	$ 110,645
Mutual funds	329,164	329,164	-	-
Investment contract	467,247	-	-	467,247
Corporate stock	637,817	637,817	-	-
Interest bearing cash	27	27	-	-
Total assets	$ 11,581,203	$ 967,008	$ 10,036,303	$ 577,892

The following table reconciles the beginning and ending balances of fair value measurements using the significant unobservable inputs (Level 3) of investments for the years ending December 31, 2011 and 2010:

	2011	2010
Beginning balance	$ 577,892	$ 479,282
Total gains or losses	1,758	19,588
Interest credited	10,750	11,557
Purchases	110,451	67,465
Issuances and settlements	(99,906)	-
Transfers out of Level 3	(110,645)	-
Ending balance	$ 490,300	$ 577,892

Level 2 securities consist of pooled separate accounts invested in balanced/asset allocation, fixed income, international equity, large U.S. equity, short-term fixed income and small/mid U.S. equity securities. The majority of the underlying securities have inputs including publicly quoted pricing inputs and quoted prices for similar assets in active or non-active markets obtained from a pricing service. These inputs are used in determining the underlying asset values, but the net asset values per unit of the pooled separate accounts are not publically quoted.

Level 3 securities consist of a guaranteed interest contract, which is stated at fair value and is the amount Plan participants would receive at the balance sheet date if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. During the year ended December 31, 2010, Level 3 securities also included a pooled separate account (invested mainly in commercial real estate). The pooled separate account includes mortgage loans which are backed by the associated properties. The custodian uses net asset value as an estimate of fair value. However, prior to March 25, 2011, the separate account was under a temporary withdrawal limitation and shares were redeemable at an uncertain future date and were required to be classified as Level 3 investments. Once the limitation was lifted, it became a Level 2 investment.

Note 4: Investments

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments which consists of those realized gains and losses and the unrealized appreciation (depreciation) on the investments.

The following presents the fair values of the Plan's investments that represent 5% or more of the Plan's net assets as of December 31 as certified by the custodian:

	2011	2010
Principal Self-Directed Brokerage Acct, various	$ 1,359,859	$ 967,008
Principal Bond and Mortgage, 1,050 and 946 shares	1,053,459	889,195
Principal Sam Conservative Growth, 36,915 and 35,155 shares	964,922	925,106
Principal Largecap S&P 500 Index, 16,789 and 18,796 shares	888,921	977,448
Principal Sam Balanced, 31,822 and 32,779 shares	861,375	880,706
Principal Largecap Growth II, 59,954 and 55,722 shares	633,513	583,885
Principal International Smallcap, 10,684 and 12,855 shares	630,414	876,095
Principal Sam Conservative Balanced, 29,450 shares	615,512	-
Principal Midcap Value I, 17,007 shares	-	627,104
	$ 7,007,975	$ 6,726,547

During the year ended December 31, 2011, the Plan's mutual fund investments and insurance contracts (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $160,324.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 6: Tax Status

The Plan obtained its latest determination letter dated February 21, 2012, in which the Internal Revenue Service stated that, the Plan and related trust, as then designed, was in compliance with applicable requirements of the Internal Revenue Service Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the amounts contributed by the Company, participants and Plan earnings are not taxable to the participants until distributed and no provision for income taxes has been included in the Plan's financial statements.

Note 6: Tax Status, continued

Currently the tax returns open and subject to examination are the 2009, 2010 and 2011 tax years by the Internal Revenue Service. However, the Plan is not currently under audit nor has the Plan been contacted by this jurisdiction. The Plan administrator and sponsor believe the Plan's tax position would be upheld under examination. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and securities managed by Principal Financial Group. Principal Financial Group is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Many investment options have charges and restrictions that apply when transactions are made, and vary depending on the type. Refer to the Plan administrator about specific charges and restrictions.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In addition, mutual funds, which include foreign holdings within its portfolio, may enter into forward currency and futures contracts and options to reduce exposure to loss due to changes in foreign currency exchange rates and changes in the security price or interest rate.

Note 9: Plan Expenses

The Company may pay administrative and trust expenses in whole or in part. All expenses not paid by the Company shall be paid by the Plan. There were no administrative and trust expenses paid by the Company and not charged to the Plan for the year ended December 31, 2011. The Company also pays the salaries of the benefits administrators and other personnel who perform services for the Plan as part of their duties. These expenses are not recorded as Plan expenses.

The Plan paid $32,669 in expenses for the year ending December 31, 2011; $28,980 of which was investment consulting expense and the remaining was administrative.

Note 10: Summary of Information Furnished by Custodian (Unaudited)

In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator has received certification from the custodian of the Plan as to the accuracy and completeness of certain financial information of the Plan. The following items were provided by, or were derived from data provided by the custodian of the Plan:

- Statements of Net Assets available for Plan Benefits at December 31, 2011:

  Investments including separate account assets and their valuation.

- Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2011:

  Interest, dividends, and realized and unrealized appreciation in the fair value of investments.

  Changes in net assets arising from investment activities.

- Supplemental Schedules – all information included in the schedules.

Note 11: ERISA Bond Requirements

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total Plan assets, and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the Plan year or $500,000. At December 31, 2011, the Plan's sponsor maintained bond coverage in the amount of $500,000.

Note 12: Subsequent Events

The Company has evaluated subsequent events through August 17, 2012, the date at which the financial statements were available to be issued, and determined that the following event has occurred that required disclosure:

On May 1, 2012, participant loans became available through the Plan. Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. The term for the repayment of the loan may not exceed five years, unless the loan qualifies as a home loan. The loans are secured by the vested balance in the participant's account and bear interest at a rate based on the rates for similar loans from commercial lending institutions. There can only be one loan granted during any one-year period and only one loan may be outstanding at a time.
