Report of Independent Certified Public Accountants

To the Participants and Administrator of
MEDNAX Services, Inc. Thrift and Profit Sharing Plan:

We were engaged to audit the financial statements and supplemental schedule of MEDNAX Services, Inc. Thrift and Profit Sharing Plan (the "Plan") at December 31, 2011 and 2010 and for the years then ended, as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the MEDNAX Services, Inc. Thrift and Profit Sharing Plan (the "Plan") is provided for general information purposes only. More complete information regarding items such as vesting, benefit provisions and plan termination may be found in the Plan document which is available to all participants upon request.

General

The Plan is a tax qualified defined contribution plan covering substantially all of MEDNAX, Inc.'s (the "Company") and the employees of the professional associations whose operations are consolidated with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective September 10, 2010, the Wake Anesthesiology Assoc., Inc. 401(k) Profit Sharing Plan (the "Wake Plan") merged into the Plan with the trustee of the Plan holding, investing, administering and distributing the assets transferred and assigned from the Wake Plan in accordance with the terms of the Plan to which they transferred. All participant balances became fully vested upon transfer.

Eligibility and Entry Data

An employee becomes eligible to participate in the Plan on the first day of each calendar quarter after having attained age 21.

Contributions

The Company may, at the discretion of its Board of Directors, contribute for each participant a matching contribution determined annually based on a percentage of the participant's pre-tax contributions. The Company matched up to 4% percent of the participants' eligible compensation in 2011 and 2010. In addition, the Company may also make discretionary profit sharing contributions to the Plan at amounts determined at the end of the Plan year by the Board of Directors. The Company did not make profit sharing contributions in 2011 or 2010.

Participants may elect to make voluntary pre-tax contributions up to 60 percent of annual compensation including regular salary and wages, overtime pay, bonuses and commissions through payroll deductions, subject to certain Internal Revenue Code ("IRC") limitations as defined below. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. The maximum pre-tax contributions permitted for the years ended December 31, 2011 and 2010 were $16,500. In addition to any pre-tax contributions, participants may make after tax contributions, not to exceed 100 percent of the participant's compensation, subject to IRC Section 415 limitations.

The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make catch-up contributions of up to $5,500 during the years ended December 31, 2011 and 2010.

Rollovers

The Plan accepts rollover contributions from other tax-qualified plans for those participants who choose to invest in the Plan.

Participant Accounts
Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's discretionary contributions and (b) the Plan's earnings and losses. Allocation of the Plan's earnings or losses in each investment option are made to the individual participant's account based on the ratio of each participant's current account balance in the respective investment option to total Plan participants' account balances in the respective investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options
Upon enrollment in the Plan, a participant may direct contributions to the Plan into any of the available investment options.

The Plan stopped accepting new contributions and exchanges to the MEDNAX Stock Fund in 2008. Any assets in the stock fund at that time remain there unless the participant transfers them to other investment alternatives.

Payment of Benefits
Upon normal retirement, death, disability or termination, participants with balances equal to or exceeding $1,000, may elect to receive their vested account balance as a lump-sum distribution; or have their account balance transferred to an individual retirement account or other qualified plan. If the participants' balances are lower than $1,000, they will be automatically distributed as a lump-sum upon termination.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the portion of their accounts related to the Company's contribution plus related earnings is based on years of credited service. A participant is fully vested after three years of credited service as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	30%
2	60%
3	100%

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50 percent of their account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period. The loans are collateralized by the balance in the participant's account and bear interest at rates ranging between 4.25% and 9.25% as determined by the Plan Administrator. Repayments of principal and interest are credited back to the participant's account through payroll deductions on at least a quarterly basis. The term of the loan must not exceed five years, except for qualified home loans, which must not exceed ten years.

Forfeitures
Forfeitures of the non-vested portion of participant's account balances related to the Company's contributions may be used to offset future Company contributions. In 2010, employer contributions were reduced by $150,000 from forfeited non-vested accounts. Forfeitures held in the Plan totaled approximately $158,000 and $234,300 at December 31, 2011 and 2010, respectively.

Plan Termination
While the Company has not expressed any intent to terminate the Plan, it reserves the right at any time to amend, modify or terminate the Plan without the consent of any participant or beneficiary. In the event of such termination, the Plan provides that the participants shall become 100 percent vested in their accounts, including all employer contributions.

Plan Administration
The Plan is administered by certain employees of the Company (the "Plan Administrator"). The Plan's assets are maintained by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, for the years ended December 31, 2011 and 2010. Fidelity Investments Institutional Operations Company, Inc. is the recordkeeper of the Plan.

New Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") amended the accounting guidance related to fair value measurements. The amendment provides guidance and clarification about the application of existing fair value measurements and disclosure requirements. The amendment will become effective for the Plan on January 1, 2012. The Plan does not anticipate that the adoption of this guidance will have an impact on the Plan's financial statements.

In January 2010, the FASB issued guidance related to disclosures of fair value measurements. This guidance requires the Plan to disclose transfers in and transfers out of Level 1 and Level 2 fair value measurements on a gross basis along with the reason for any transfers. In addition, this guidance will require the Plan to disclose purchases, sales, issuances, and settlements of Level 3 fair value measurements on a gross basis and additional disclosures about valuation inputs. The guidance became effective for the Plan on January 1, 2010, except for the guidance related to Level 3 fair value measurements that became effective for the Plan on January 1, 2011. There has been no impact on the Plan's financial statements due to the adoption of the guidance.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclose contingent assets and liabilities at the date of the financial statements and the reported

amounts of additions and deductions to net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The accounting guidance for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
Level 2	Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Common and preferred stocks and U.S. government securities: Valued at the closing price reported on the market on which the individual securities are traded.

Certificates of deposit: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Corporate bonds: Valued based on pricing information from an independent pricing vendor. The pricing vendor uses pricing models with inputs derived from market observable sources.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net (depreciation) appreciation in fair value of investments which consists of realized gains or losses and the unrealized (depreciation) appreciation on those investments. All investment transactions are recorded by the Plan as of the trade date. Gains or losses on sale of investments are determined by the specific identification method. Interest income is recorded as earned on an accrual basis. Dividends are recorded based on the ex-dividend date.

Administrative Expenses
All costs incurred in administering the Plan are paid by the Company except for certain broker fees that are paid out of the various investment options. The total amounts of administrative expenses, including legal, accounting and investment management fees, paid by the Company during 2011 and 2010 were approximately $73,300 and $115,700, respectively.

3. Investments as Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2011 and 2010, the Schedule of Assets Held at End of Year, and the related investment activity reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2011 and 2010. Such information has not been audited by the independent public accountant.

The following table, in accordance with the accounting guidance for fair value measurements, sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011:

	Level 1	Level 2	Total
Mutual funds	$ 385,533,577	$ —	$ 385,533,577
Common and preferred stocks	33,389,998	256,830	33,646,828
Cash	11,017,401	—	11,017,401

Corporate bonds	—	289,180	289,180
U.S. government securities	268,053	—	268,053
Total investments, at fair value as reflected in the Statement of Net Assets Available for Benefits	$ 430,209,029	$ 1,054,131	$ 431,263,160

The following table, in accordance with the accounting guidance for fair value measurements, sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010:

	Level 1	Level 2	Total
Mutual funds	$ 345,818,193	$ —	$ 345,818,193
Common and preferred stocks	31,949,314	272,619	32,221,933

Corporate bonds	—	237,933	237,933
U.S. government securities	325,732	—	325,732
Total investments, at fair value as reflected in the Statement of Net Assets Available for Benefits	$ 387,449,840	$ 1,112,664	$ 388,562,504

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2011 and 2010:

	2011	2010
Vanguard Growth Index Fund	$ 58,702,550	$ 55,529,142
Fidelity Retirement Money Market Fund	34,828,136	31,136,306
Spartan 500 Index Fund	32,246,768	30,228,677
Vanguard Small-Cap Growth Index Fund	29,047,098	28,420,722
Spartan International Index Fund	24,774,616	26,068,427

During 2011 and 2010, the Plan's investments (including gains and losses on investments purchased and sold, as well as held during the year) (depreciated) appreciated in fair value as determined by quoted market prices as follows:

	2011	2010
Mutual Funds	$ (9,372,034)	$ 32,570,031
MEDNAX Stock Fund	855,793	1,327,187
Self-Directed Brokerage Account	(76,214)	90,646
	$ (8,592,455)	$ 33,987,864

4. Tax Status

The Plan is an adoption of the standardized prototype plan written by Fidelity Management & Research Company. The prototype sponsor received a favorable opinion letter dated December 5, 2001 in which the Internal Revenue Service (the "IRS") stated that the prototype plan, as then designated, was in compliance with applicable requirements of the IRC. The prototype plan underwent an amendment during 2002 and the IRS issued a favorable opinion letter dated October 9, 2003 in which the IRS stated that the amendment did not in and of itself adversely affect the

Plan's acceptability under the applicable sections of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement dates. Accordingly, no provision for federal income taxes has been made.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011 and 2010, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

5. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

6. Party-in-Interest Transactions

Certain of the Plan's investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined in the Plan and, therefore, these transactions qualify as party-in-interest. The participant loans underlying the notes receivable from participants are granted and administered by Fidelity and, therefore, these transactions qualify as party-in-interest. In addition, the Company's common stock was previously an investment option and balances that have not been transferred qualify as party-in-interest. All fees and expenses of the Plan for legal, accounting, and other administrative services are paid by the Company.

7. Reconciliations of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2011 and 2010:

	2011	2010
Net assets available for benefits per the financial statements	$ 458,297,900	$ 411,766,747

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2011 and 2010:

	2011	2010
Net increase in net assets available for benefits per the financial statements	$ 46,531,153	$ 100,007,470
Change in adjustment from fair value to contract value for interest in collective trust relating to fully benefit-responsive investment contracts	—	97,218
Change in deemed distributions	15,518	(26,470)
Net increase in net assets available for benefits per the Form 5500	$ 46,546,671	$ 100,078,218

8. Subsequent Events

Management has performed a review of subsequent events through August 14, 2012, the date the financial statements were available to be issued, and concluded there were no events or transactions that required recognition or disclosure.

Report of Independent Certified Public Accountants

To the Participants and Administrator of
MEDNAX Services, Inc. Thrift and Profit Sharing Plan:

We were engaged to audit the financial statements and supplemental schedule of MEDNAX Services, Inc. Thrift and Profit Sharing Plan (the "Plan") at December 31, 2011 and 2010 and for the years then ended, as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the MEDNAX Services, Inc. Thrift and Profit Sharing Plan (the "Plan") is provided for general information purposes only. More complete information regarding items such as vesting, benefit provisions and plan termination may be found in the Plan document which is available to all participants upon request.

General

The Plan is a tax qualified defined contribution plan covering substantially all of MEDNAX, Inc.'s (the "Company") and the employees of the professional associations whose operations are consolidated with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective September 10, 2010, the Wake Anesthesiology Assoc., Inc. 401(k) Profit Sharing Plan (the "Wake Plan") merged into the Plan with the trustee of the Plan holding, investing, administering and distributing the assets transferred and assigned from the Wake Plan in accordance with the terms of the Plan to which they transferred. All participant balances became fully vested upon transfer.

Eligibility and Entry Data

An employee becomes eligible to participate in the Plan on the first day of each calendar quarter after having attained age 21.

Contributions

The Company may, at the discretion of its Board of Directors, contribute for each participant a matching contribution determined annually based on a percentage of the participant's pre-tax contributions. The Company matched up to 4% percent of the participants' eligible compensation in 2011 and 2010. In addition, the Company may also make discretionary profit sharing contributions to the Plan at amounts determined at the end of the Plan year by the Board of Directors. The Company did not make profit sharing contributions in 2011 or 2010.

Participants may elect to make voluntary pre-tax contributions up to 60 percent of annual compensation including regular salary and wages, overtime pay, bonuses and commissions through payroll deductions, subject to certain Internal Revenue Code ("IRC") limitations as defined below. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. The maximum pre-tax contributions permitted for the years ended December 31, 2011 and 2010 were $16,500. In addition to any pre-tax contributions, participants may make after tax contributions, not to exceed 100 percent of the participant's compensation, subject to IRC Section 415 limitations.

The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make catch-up contributions of up to $5,500 during the years ended December 31, 2011 and 2010.

Rollovers

The Plan accepts rollover contributions from other tax-qualified plans for those participants who choose to invest in the Plan.

Participant Accounts
Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's discretionary contributions and (b) the Plan's earnings and losses. Allocation of the Plan's earnings or losses in each investment option are made to the individual participant's account based on the ratio of each participant's current account balance in the respective investment option to total Plan participants' account balances in the respective investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options
Upon enrollment in the Plan, a participant may direct contributions to the Plan into any of the available investment options.

The Plan stopped accepting new contributions and exchanges to the MEDNAX Stock Fund in 2008. Any assets in the stock fund at that time remain there unless the participant transfers them to other investment alternatives.

Payment of Benefits
Upon normal retirement, death, disability or termination, participants with balances equal to or exceeding $1,000, may elect to receive their vested account balance as a lump-sum distribution; or have their account balance transferred to an individual retirement account or other qualified plan. If the participants' balances are lower than $1,000, they will be automatically distributed as a lump-sum upon termination.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the portion of their accounts related to the Company's contribution plus related earnings is based on years of credited service. A participant is fully vested after three years of credited service as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	30%
2	60%
3	100%

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50 percent of their account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period. The loans are collateralized by the balance in the participant's account and bear interest at rates ranging between 4.25% and 9.25% as determined by the Plan Administrator. Repayments of principal and interest are credited back to the participant's account through payroll deductions on at least a quarterly basis. The term of the loan must not exceed five years, except for qualified home loans, which must not exceed ten years.

Forfeitures
Forfeitures of the non-vested portion of participant's account balances related to the Company's contributions may be used to offset future Company contributions. In 2010, employer contributions were reduced by $150,000 from forfeited non-vested accounts. Forfeitures held in the Plan totaled approximately $158,000 and $234,300 at December 31, 2011 and 2010, respectively.

Plan Termination
While the Company has not expressed any intent to terminate the Plan, it reserves the right at any time to amend, modify or terminate the Plan without the consent of any participant or beneficiary. In the event of such termination, the Plan provides that the participants shall become 100 percent vested in their accounts, including all employer contributions.

Plan Administration
The Plan is administered by certain employees of the Company (the "Plan Administrator"). The Plan's assets are maintained by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, for the years ended December 31, 2011 and 2010. Fidelity Investments Institutional Operations Company, Inc. is the recordkeeper of the Plan.

New Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") amended the accounting guidance related to fair value measurements. The amendment provides guidance and clarification about the application of existing fair value measurements and disclosure requirements. The amendment will become effective for the Plan on January 1, 2012. The Plan does not anticipate that the adoption of this guidance will have an impact on the Plan's financial statements.

In January 2010, the FASB issued guidance related to disclosures of fair value measurements. This guidance requires the Plan to disclose transfers in and transfers out of Level 1 and Level 2 fair value measurements on a gross basis along with the reason for any transfers. In addition, this guidance will require the Plan to disclose purchases, sales, issuances, and settlements of Level 3 fair value measurements on a gross basis and additional disclosures about valuation inputs. The guidance became effective for the Plan on January 1, 2010, except for the guidance related to Level 3 fair value measurements that became effective for the Plan on January 1, 2011. There has been no impact on the Plan's financial statements due to the adoption of the guidance.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclose contingent assets and liabilities at the date of the financial statements and the reported

amounts of additions and deductions to net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The accounting guidance for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
Level 2	Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Common and preferred stocks and U.S. government securities: Valued at the closing price reported on the market on which the individual securities are traded.

Certificates of deposit: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Corporate bonds: Valued based on pricing information from an independent pricing vendor. The pricing vendor uses pricing models with inputs derived from market observable sources.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net (depreciation) appreciation in fair value of investments which consists of realized gains or losses and the unrealized (depreciation) appreciation on those investments. All investment transactions are recorded by the Plan as of the trade date. Gains or losses on sale of investments are determined by the specific identification method. Interest income is recorded as earned on an accrual basis. Dividends are recorded based on the ex-dividend date.

Administrative Expenses
All costs incurred in administering the Plan are paid by the Company except for certain broker fees that are paid out of the various investment options. The total amounts of administrative expenses, including legal, accounting and investment management fees, paid by the Company during 2011 and 2010 were approximately $73,300 and $115,700, respectively.

3. Investments as Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2011 and 2010, the Schedule of Assets Held at End of Year, and the related investment activity reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2011 and 2010. Such information has not been audited by the independent public accountant.

The following table, in accordance with the accounting guidance for fair value measurements, sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011:

	Level 1	Level 2	Total
Mutual funds	$ 385,533,577	$ —	$ 385,533,577
Common and preferred stocks	33,389,998	256,830	33,646,828

Corporate bonds	—	237,933	237,933
U.S. government securities	325,732	—	325,732
Total investments, at fair value as reflected in the Statement of Net Assets Available for Benefits	$ 387,449,840	$ 1,112,664	$ 388,562,504

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2011 and 2010:

	2011	2010
Vanguard Growth Index Fund	$ 58,702,550	$ 55,529,142
Fidelity Retirement Money Market Fund	34,828,136	31,136,306
Spartan 500 Index Fund	32,246,768	30,228,677
Vanguard Small-Cap Growth Index Fund	29,047,098	28,420,722
Spartan International Index Fund	24,774,616	26,068,427

During 2011 and 2010, the Plan's investments (including gains and losses on investments purchased and sold, as well as held during the year) (depreciated) appreciated in fair value as determined by quoted market prices as follows:

	2011	2010
Mutual Funds	$ (9,372,034)	$ 32,570,031
MEDNAX Stock Fund	855,793	1,327,187
Self-Directed Brokerage Account	(76,214)	90,646
	$ (8,592,455)	$ 33,987,864

4. Tax Status

The Plan is an adoption of the standardized prototype plan written by Fidelity Management & Research Company. The prototype sponsor received a favorable opinion letter dated December 5, 2001 in which the Internal Revenue Service (the "IRS") stated that the prototype plan, as then designated, was in compliance with applicable requirements of the IRC. The prototype plan underwent an amendment during 2002 and the IRS issued a favorable opinion letter dated October 9, 2003 in which the IRS stated that the amendment did not in and of itself adversely affect the

Plan's acceptability under the applicable sections of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement dates. Accordingly, no provision for federal income taxes has been made.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011 and 2010, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

5. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

6. Party-in-Interest Transactions

Certain of the Plan's investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined in the Plan and, therefore, these transactions qualify as party-in-interest. The participant loans underlying the notes receivable from participants are granted and administered by Fidelity and, therefore, these transactions qualify as party-in-interest. In addition, the Company's common stock was previously an investment option and balances that have not been transferred qualify as party-in-interest. All fees and expenses of the Plan for legal, accounting, and other administrative services are paid by the Company.

7. Reconciliations of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2011 and 2010:

	2011	2010
Net assets available for benefits per the financial statements	$ 458,297,900	$ 411,766,747

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2011 and 2010:

	2011	2010
Net increase in net assets available for benefits per the financial statements	$ 46,531,153	$ 100,007,470
Change in adjustment from fair value to contract value for interest in collective trust relating to fully benefit-responsive investment contracts	—	97,218
Change in deemed distributions	15,518	(26,470)
Net increase in net assets available for benefits per the Form 5500	$ 46,546,671	$ 100,078,218

8. Subsequent Events

Management has performed a review of subsequent events through August 14, 2012, the date the financial statements were available to be issued, and concluded there were no events or transactions that required recognition or disclosure.
