Independent Auditor's Report

To the Trustees
Berger Singerman, P.A. 401(k) and Profit-Sharing Plan
Fort Lauderdale, Florida

We were engaged to audit the accompanying statements of net assets available for benefits of Berger Singerman, P.A. 401(k) and Profit-Sharing Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedules of assets as of December 31, 2011 and delinquent participant contributions for the year ended December 31, 2011. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by John Hancock Life Insurance Company (U.S.A.), the current custodian of the Plan and Reliance Trust Company, the former trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the current custodian and former trustee holds/held the Plan's assets and executes/executed transactions. The Plan Administrator has obtained certifications from the current custodian and former trustee regarding the completeness and accuracy of the information summarized in Note 3 that was provided to the Plan Administrator by the current custodian as of and for the period August 23, 2011 to December 31, 2011, and the former trustee for the period January 1, 2011 to August 22, 2011, and as of December 31, 2010.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the current custodian and former trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan and Subsequent Event

The following description of the Berger Singerman, P.A. (the "Company") 401(k) and Profit-Sharing Plan (the "Plan") provides only general information. Effective January 1, 2012, the Plan was amended to change the Plan name to Berger Singerman, LLP 401(k) and Profit-Sharing Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that provides for contributions made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). The Plan covers substantially all employees of the Company and are not members of the following classes of employees: (a) those subject to a collective bargaining agreement; (b) non-residents who have no earned income from sources within the United States of America; and/or (c) contract attorneys. Effective August 1, 2011, employees must obtain a minimum age of 21 and 500 hours or the completion of 1 year of service for Plan eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective August 23, 2012, the Plan replace Reliance Trust Company ("Reliance") as trustee of the Plan with John Hancock Life Insurance Company (U.S.A.) ("John Hancock") as the new custodian of the Plan.

Contributions: Eligible participants may elect to make contributions to the Plan by means of a salary deferral agreement pursuant to Section 401(k) of the Code, subject to maximum dollar limitations established by the Internal Revenue Service ("IRS"). In addition, participants who have attained age 50 by the end of the Plan year may make catch-up contributions up to limits defined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Upon meeting the eligibility requirements, unless otherwise elected by the employee, the employee's compensation will automatically be reduced by 3% each pay period and remitted to the Plan as a salary deferral contribution. The Company may make discretionary matching and profit-sharing contributions for the benefit of those participants who are active employees at year-end and who have at least 1,000 hours of credited service during the year. For the year ended 2011, the Company made discretionary matching contributions of 25% of each participant's salary deferrals up to 6% of the participant's compensation. In addition, the Company made discretionary profit-sharing contributions equal to 3%-9% of each eligible participant's compensation.

The Plan allows participants to designate certain salary deferral contributions as Roth elective contributions. Designated Roth contributions will be currently included in the gross taxable income of the participant, but distributions of designated Roth contributions and earnings thereon, will be excludable from gross taxable income for that participant.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching contribution, and an allocation of the Company's discretionary contribution, if any, and Plan earnings. Each participant's account is charged with an allocation of Plan losses, if any, and administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer contributions vest on the basis of years of service. A participant is 33% vested after two years of credited service, 67% vested after three years of credited service and becomes 100% vested after four years. Regardless of years of service, participants are 100% vested upon reaching normal retirement age, becoming disabled, or upon death. Additionally, any participant who has attained age 60 at the time of termination of employment is 100% vested in their account balance.

Note 1. Description of Plan and Subsequent Event (Continued)

Forfeitures: Nonvested accounts forfeited by terminated participants are used to offset current year Company matching and profit sharing contributions or to pay Plan expenses, if the Company elects not to pay such expenses. At December 31, 2011 and 2010, forfeited nonvested accounts available for future use totaled $8,610 and $0, respectively. Also, in 2011, no forfeited nonvested accounts were used to reduce employer contributions or to pay Plan expenses.

Investment options: Upon enrollment in the Plan, a participant may direct contributions into any of the various investment options offered by the Plan. Participants may change their investment options at any time via the Internet or telephone.

Notes receivables from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance. Loan terms range up to 5 years, or up to 30 years if used to purchase a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates at the date of each loan (4.25% at December 31, 2011), as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: At termination of service for any reason, the participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a single lump-sum payment, subject to the 20% withholding for income taxes, or as a direct rollover to an individual retirement account or another employer's tax qualified plan. In the event of the death of a participant, the participant's account will be paid to the participant's beneficiary in a single lump-sum payment. In the event that the participant's vested accrued benefit is less than $5,000, the Plan Administrator may make a single lump-sum payment without the election or request of the participant.

The Plan also allows for in-service distributions of participant deferrals, prior to attaining age 60, in the event of financial hardship. In-service distributions may be withdrawn on employer matching or profit sharing contributions after the participant attains age 60.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivables from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Administrative expenses: Certain administrative expenses of the Plan are paid by the Company.

Recent accounting pronouncement: In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. The ASU amended Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, to clarify the application of existing fair value measurement requirements and change particular principles in ASC 820. In addition, the ASU requires additional fair value disclosures. The amendments are effective for annual periods beginning after December 15, 2011, and should be applied prospectively. Plan management has not evaluated the effect the provisions of ASU 2011-04 will have on the Plan's financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events through August 24, 2012, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Custodian and Former Trustee

The following is a summary of the plan's asset information as of December 31, 2011 and 2010, and for the year ended December 31, 2011, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), the current custodian under the Plan and Reliance Trust Company ("Reliance"), the former trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the current custodian and former trustee that information provided to the Plan Administrator by the current custodian and former trustee related to the following assets is complete and accurate to the best of their knowledge and is complete and accurate, respectively. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures, except for comparing such certified information to the information which appears throughout the financial statements and supplemental schedules.

Note 3. Information Certified and Provided by Custodian and Former Trustee (Continued)

The following table presents the assets held by the Plan as of December 31, 2011 and 2010 that were certified by John Hancock and Reliance. Investments that represent 5% or more of the Plan's assets at either December 31, 2011 or 2010 are separately identified:

	2011	2010
Investments at fair value:		
Pooled separate accounts of John Hancock:		
John Hancock USA Lifestyle Balanced Fund	**$ 7,538,988**	$ -
John Hancock USA Lifestyle Growth Fund	**1,608,684**	-

	$ 16,915,423	$ 15,723,219
Notes receivable from participants	**$ 187,518**	$ 120,578

John Hancock and Reliance have also certified the completeness and accuracy of $554,719 in net depreciation of fair value (including gains and losses on investments bought and sold, as well as held during the year) of investments and $182,343 of interest and dividends related to the aforementioned plan assets for the year ended December 31, 2011.

For the year ended December 31, 2011, the fair value of investments appreciated (depreciated) as follows:

Pooled separate accounts	$ 412,500
Shares of registered investment companies (mutual funds)	(957,219)
	$ (544,719)

Note 4. Fair Value Measurements

The FASB established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under that framework are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

- Level 2 – Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010. The Plan's investments in insurance company pooled separate accounts are calculated based on the net asset value of the underlying investments. Shares of registered investment companies are valued at quoted market prices, representing the net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes it valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2011 and 2010.

	Assets at Fair Value as of December 31, 2011

	$ 16,915,423	$ -	-		

(a) These funds seek to provide long-term growth of capital by investing 100% of the portfolio's assets in underlying portfolios that invest primarily in equity securities. An aggressive growth stock or mutual fund holds stocks of rapidly growing companies.

(b) These funds seek to provide a high total return until its target retirement date. Total return, commonly understood as the combination of income and capital appreciation, includes interest, capital gains, dividends and distributions realized over a given period of time. To pursue this goal, the fund, which is a fund of funds, invests, under normal market conditions, substantially all of its assets in underlying funds using an asset allocation strategy designed for investors expected to retire in the designated retirement year.

(c) These funds seek to provide a high level of current income with some consideration given to growth of capital by investing approximately 80% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and 20% of its assets in underlying portfolios that invest primarily in equity securities.

(d) These funds seek to provide a balance between high level of current income and growth of capital, with a greater emphasis on growth of capital, by investing approximately 40% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and approximately 60% of its assets in underlying portfolios that invest primarily in equity securities.

Note 4. Fair Value Measurements (Continued)

(e) These funds seek to provide long-term growth of capital by investing approximately 80% of the portfolio's assets in underlying portfolios that invest primarily in equity securities and approximately 20% of its assets in portfolio's that invest primarily in fixed-income securities.

(f) These funds seek to provide a balance between a high level of current income and growth of capital, with a greater emphasis on income by investing approximately 60% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and 40% of its assets in portfolios that invest primarily in equity securities.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the financial instruments and size of the transfer relative to total net assets available for benefits. For the year ended December 31 2011, there were no transfers in or out of Levels 1, 2, or 3.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become immediately 100% vested in their accounts.

Note 6. Tax Status

Effective August 1, 2011, the Plan has adopted the Volume Submitter Profit Sharing Plan with CODA of Pension Studio, the recordkeeper of the Plan, which received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, stating that the prototype plan was designed in accordance with the provisions of the Internal Revenue Code ("Code"). The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2008.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit.

Note 8. Related Party Transactions

Certain Plan investments are units in pooled separate accounts managed by John Hancock, which is the custodian of the Plan assets, and therefore, John Hancock is a party-in-interest. Fees paid to John Hancock by the Plan for investment services amounted to approximately $190 for the year ended December 31, 2011.

Pension Studio, the current record keeper, and Ingham Retirement Group ("Ingham"), the former record keeper and registered investment advisor, are collectively the "record keepers" as defined by the Plan and therefore, transactions with Pension Studio and Ingham qualify as party-in-interest transactions. Fees paid to Pension Studio and Ingham by the Plan for investment services amounted to $775 and $30,532, respectively, for the year ended December 31, 2011.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefit per the financial statements at December 31, 2011 and 2010 to Form 5500:

Participants' contribution receivable	(37,075)
Net income per the Form 5500	$ 1,333,900

Note 10. Prohibited Transactions

During 2011, the Plan sponsor inadvertently failed to deposit approximately $39,904 of participant deferrals within the required timeframe as stated by the United States Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions. The Plan sponsor will file Form 5330 and pay applicable excise taxes. The excise tax payments will be made from the Plan sponsor's assets and not from assets of the Plan.
