To the Participants and Administrator
Wolfram Research, Inc. 401(k) Plan

We were engaged to audit the financial statements and supplemental schedules of the Wolfram Research, Inc. 401(k) Plan (the Plan) as of December 31, 2011 and 2010, and for the years then ended, as listed in the accompanying table of contents. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by the Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken s a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of the Plan

The following description of the Wolfram Research, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

General

The Plan is a contributory defined contribution plan covering substantially all employees of Wolfram Research, Inc. (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Employees are eligible to participate in the Plan on the first day of the month coincident or next following the date on which they complete three months of service.

Administration

The Vanguard Fiduciary Trust Company is the trustee and custodian of the Plan. As trustee, the Vanguard Fiduciary Trust Company maintains the Plan's records, receives contributions, manages investments, and initiates distributions of benefits to eligible employees pursuant to the provisions of the Plan.

Contributions

Participants may elect to reduce their pretax compensation (or taxable compensation in the case of Roth 401(k) contributions) between 1% and 60% and have this amount contributed to the Plan on their behalf. Participants are not permitted to make additional voluntary contributions to the Plan from after-tax compensation. The Company makes discretionary contributions each plan year, as allowed by the Plan. These discretionary contributions allow the Company to match 50% of participant contributions up to 6% of the participant's earnings, allowing a maximum of 3% of the participant's earnings to be matched by the company.

Vesting

Participants are fully vested with respect to both their own contributions (and investment earnings thereon) and to employer's discretionary contributions (and investment earnings thereon) immediately upon participation.

Note 1 – Description of the Plan – continued

Payment of Benefits

At age 55, participants are entitled to their vested account balance. Upon termination of employment, participants are entitled to their vested account balance as soon as practical after termination but prior to the anniversary date of termination.

Investment Programs

Participants may elect to have both employee and employer contributions invested in any combination of the following fund options:

- Vanguard 500 Index Fund Investor Shares
- Vanguard Explorer Fund Investor Shares
- Vanguard Extended Market Index Fund Investor Shares
- Vanguard International Growth Fund Investor Shares
- Vanguard LifeStrategy Conservative Growth Fund
- Vanguard LifeStrategy Growth Fund
- Vanguard LifeStrategy Income Fund
- Vanguard LifeStrategy Moderate Growth Fund
- Vanguard Prime Money Market Fund
- Vanguard Short-Term Investment-Grade Fund Investor Shares
- Vanguard Total Bond Market Index Fund Investor Shares
- Vanguard U.S. Growth Fund Investor Shares
- Vanguard Wellesley Income Fund Investor Shares
- Vanguard Windsor II Fund Investor Shares

These funds are all invested with the related custodian, the Vanguard Fiduciary Trust Company.

Loans

Participants may borrow up to the lesser of $50,000 or 50% of the current value of their account. Loans must be repaid, including interest at a fixed rate, over a period not to exceed five years. However, if the purpose of the loan is to acquire a principal residence dwelling unit for the participant within a reasonable time of the loan, the loan may be repaid over 30 years. Loan borrowings and repayments (including interest) are withdrawn from/invested in the investment funds according to participant instructions.

Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to ERISA requirements.

Note 1 – Description of the Plan – continued

Plan Termination - continued

If the Plan is terminated, benefits will be distributed in accordance with the provisions of the Plan.

Tax Status

The Plan obtained its latest determination letter on May 14, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

Risks and Uncertainties

The Plan provides for various investment options in any combination of shares of registered investment companies that invest in stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 2 – Significant Accounting Policies

The following accounting policies, which conform with generally accepted accounting principles, have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the plan have been prepared on the accrual method of accounting.

Investments

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at cost, which approximates fair value. Purchases and sales of investments are recorded on a trade-date basis. Income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in divided income.

Note 2 – Significant Accounting Policies – continued

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of additions and deductions during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan administrative expenses of $67,031 were paid during 2011, of which $39,821 was investment expense offset against plan income, $5,580 was service fees paid directly out of the Plan, and $21,630 was service fees paid by the Company.

Note 3 – Related Party Transactions

The Plan invests in shares of mutual funds managed by an affiliate of the Vanguard Fiduciary Trust Company (VFTC). VFTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 4 – Date of Management's Review

Management has reviewed events for inclusion in the financial statements through July 26, 2012, the date that the statements were available to be issued.

Note 5 - Changes in Net Assets Available for Benefits by Investment Fund (Unaudited)

Note 6 – Fair Value Disclosure

Effective January 1, 2008, the Plan adopted Accounting Standards Codification (ASC) 820 (formerly SFAS No. 157) which requires, among other things, the disclosure of estimated fair market values and the changes in fair market value for all assets and liabilities expected to be converted to cash. ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 Inputs	Quoted prices in active markets for identical assets or liabilities at the reporting date.
Level 2 Inputs	Other than quoted prices included with Level 1 that are observable for substantially the full term of the asset or liability, either directly or indirectly. Level 2 assets include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities that are not active; and inputs other than quoted prices that are observable, such as models or other valuation methodologies.
Level 3 Inputs	Unobservable inputs for the valuation of the asset or liability. Level 3 assets include investments for which there is little, if any, market activity. These inputs require significant management judgment or estimation.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, ASC 820 establishes that an asset or liability's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

All of the Plan's investments other than participant loans receivable have been categorized as Level 1 in the fair value hierarchy. Participant loans receivable and contributions receivable have been categorized as Level 3 in the fair value hierarchy. It is management's belief that the amounts presented on the statement of net assets available for benefits and further detailed in Note 5 reasonably reflect the fair value of those assets as of December 31, 2011. In addition, it is management's belief that the amounts presented in the statement of changes in net assets available for benefits and further detailed in Note 5 reasonably reflect the changes in the fair values of the items presented as of December 31, 2011.

To the Executive Committee
of Wolfram Research, Inc.
Champaign, Illinois

We have audited the financial statements of the Wolfram Research 401(k) Plan for the year ended December 31, 2011, and have issued our report thereon dated July 26, 2012. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated December 14, 2011, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter dated December 14, 2011.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Wolfram Research 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2011. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No misstatements were noted during the course of the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 26, 2012.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Executive Committee and management of the Wolfram Research 401(k) Plan, and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,
Cameron, Smith & Company

Robert Cameron
Principal
